The Cyber Attack Survival Manual Nick Selby, Heather Vescent, 2017-10-10 Cybersecurity experts present an accessible informative and fully illustrated guide to protecting yourself your assets and your loved ones online As we live more of our lives online we need to be more aware of the risks we face and what we can do to protect ourselves We all know that our identities can be stolen and that intellectual property can be copied and sold But even scarier things are now possible Vehicle systems can be hacked our power grid can be sabotaged and terrorists are getting more sophisticated by the day In The Cyber Attack Survival Manual you learn hands on tips and techniques for fighting back Author Nick Selby a police detective who specializes in busting

cybercriminals gathers a consortium of experts in digital currency crimeware intelligence and more in order to share the latest and best security techniques The Cyber Attack Survival Manual covers Everyday security How to keep your identity from being stolen protect your kids protect your cards and much more Big Stories Silk Road Ashley Madison FBI vs Apple WikiLeaks Bitcoin and what they mean to individuals and society at large Global issues the NSA how hackers can crash your car and looming threats from China and elsewhere Semantic Technology Guilin Qi,Kouji Kozaki,Jeff Z. Pan,Siwei Yu,2016-03-19 This book constitutes the thoroughly refereed proceedings of the 5th Joint International Semantic Technology Conference JIST 2015 held in Yichang China in November 2015 The theme of the JIST 2015 conference was Big Data and Social Media The JIST 2015 conference consisted of main technical tracks including 2 keynotes 2 invited talks a regular technical paper track full and short papers an in use track a poster and demo session workshop and tutorial The 14 full and 8 short papers in this volume were carefully reviewed and selected from 43 submissions The paper cover the following topics ontology and reasoning linked data learning and discovery RDF and query knowledge graph knowledge integration query and recommendation and applications of semantic technologies Plug-in Vehicles, Plugged in Policy? Great Britain: Parliament: House of Commons: Transport Committee,2012-09-20 Consumer demand for plug in vehicles remains very low and the Government grant to encourage demand may not be proving effective The Government must do more to show that its plug in vehicle strategy is a good use of public money Carbon emissions from transport must be reduced if the UK is to meet its climate change targets but public money must be targeted on effective policies So far Department for Transport expenditure on plug in cars some 11 million has benefited just a handful of motorists There is a risk that the Government is basically subsidising second cars for affluent households It is also unclear whether the provision of public charging infrastructure encourages demand for plug in cars Indeed the Government does not even have a register of all the chargepoints installed at public expense *Communicating Mobility and Technology* Ehren Helmut Pflugfelder,2016-07-07 Winner of the 2018 CCCC Technical and Scientific Communication Award in the category of Best Book in Technical or Scientific Communication Responding to the effects of human mobility and crises such as depleting oil supplies Ehren Helmut Pflugfelder turns specifically to automobility a term used to describe the kinds of mobility afforded by autonomous automobile based movement technologies and their ramifications Thus far few studies in technical communication have explored the development of mobility technologies the immense power that highly structured environmentally significant systems have in the world or the human machine interactions that take place in such activities Applying kinaesthetic rhetoric a rhetoric that is sensitive to and developed from the mobile material context of these technologies Pflugfelder looks at transportation projects such as electric taxi cabs from the turn of the century to modern day open source vehicle projects and a large case study of an autonomous electric pod car network that ultimately failed Kinaesthetic rhetoric illuminates how mobility technologies have always been persuasive wherever and whenever linguistic symbol systems and material

interactions enroll us often unconsciously into regimes of movement and ways of experiencing the world As Pflugfelder shows mobility technologies involve networks of sustained arguments that are as durable as the bonds between the actors in their networks *2014 Toyota Prius Owner Manual Compatible with OEM Owners Manual, Factory Glovebox Book*

Helming,2014-02-09 **Environmental Publics** Sally Eden,2016-12-08 How do ordinary people think about the environment as they go about their daily lives Does thinking about the environment make them do things differently This book is the first to explore the idea of environmental publics that is the ways in which ordinary people engage with environmental issues across different practical contexts of work play and home Emphasising the practices of environmental engagement *Environmental Publics* examines how people consume the environment learn about it campaign for its protection and enjoy it through their leisure time But the book avoids relying on idealisations of consumers or citizens or theoretical constructs about behavioural norms that have traditionally dominated research in this field Instead this book differentiates environmental publics not by who they are but by what they are doing their daily practices It also analyses specifically the geographies of those practices how what people do affects the environment but in different ways across time and space and at different scales aspects of practices that are neglected in the literature With an interdisciplinary perspective this book will be of interest to students and scholars in geography sociology science and technology studies political science and anthropology It is written in an accessible and readable style so as to be useful for preliminary and more advanced courses in environmental management perception and policy as well as in studies of modern society consumption and environmentalism
