Day Trader Diploma - City of London College of

Economics - 3 months - 100% online / self-paced City of London College of Economics, Overview Have you ever been thinking about working at home and making money at the stock exchange Upon completion of this course you will be able to do it Content Planning to Succeed as a Day Trader Managing Your Money and Positions Technical Analysis All About Accounts Equipping to Day Trade Stress Management in the Trading Day Taxes for Traders Ten Good Reasons to Day Trade Ten or so Good Reasons to Avoid Day Trading Ten Common Day Trading Mistakes Tested Money Management Techniques Duration 3 months Assessment The assessment will take place on the basis of one assignment at the end of the course Tell us when you feel ready to take the exam and we ll send you the assignment questions Study material The study material will be provided in separate files by email download link *Time Compression Trading* Jason Alan Jankovsky,2010-09-02 Uncover profitable trading opportunities by exploiting the multiple time frames traded by different market participants In virtually all traded markets there are traders working on short term medium term and long term perspectives Each class of trader has different keys for entering and exiting the market By identifying those keys and understanding where these traders intersect a trader can spot profitable trading opportunities In Time Compression in Trading author Jason Jankovsky explains the structure of the market through the prism of the time frames of different trader groups In practical terms he shows how to identify the probable entry and exit points of short term medium term and long term traders He also explains why traders should pay particular attention to the weakest and strongest hands in a market in order to trade in concert with the stronger market players Breaks new ground in its analysis of market structure and at the same time provides practical actionable ideas for better trading Reveals how to profit from the actions of market participants operating in different time frames Discusses why traders should pay close attention to the time frames of other traders when analyzing markets If you want to learn how to trade more effectively by understanding market structure and what other traders are doing Time Compression in Trading is a must read Trading Binary Options for Fun and Profit José Manuel Moreira Batista,2013-10-24 Which one

of the following two offers is more appealing to you Making a 70% return on an easy to understand short time investment Joining a coin tossing game in which when you loose you pay 1 euro and when you win you gain 70 cents Most people take the first offer and stay away from the second one And yet they are basically the same Welcome to the wonderful dual world of Binary Options You can play binary options merely for entertainment and have great fun You might even win a lot of money provided that you get lucky and do not stay long just like in Vegas Or you can trade binary options for fun and profit This is what this book is about it is a practical step by step guide that shows you how to trade systematically how to identify profitable trading strategies and how to select and use a sound money management system In short how to have fun and make money Trading Binary Options for Fun and Profit A Guide for Speculators walks you through what you need to know and do to trade binary options profitably Since this it is not a work of fiction you will not be shown the magic formula that will make you rich in the blink of an eye Rather you will gain the fundamental knowledge and tools needed to become a successful trader You will learn to develop your own strategies for trading binary options profitably Actually a lot of what is covered here is easily adaptable to other types of trading such as the stock and Forex markets and even to sports betting That said you do not need to have any prior knowledge of binary options trading or math Just start reading at the beginning and proceed sequentially All what you will need to know is clearly spelled out If you happen to have previous knowledge of a topic you can proceed directly to the next one without losing context However if you are in doubt it is better to read through This book is fluff free so it won't waste your time Trading Binary Options for Fun and Profit A Guide for Speculators starts by defining what a binary option is and how it works the main types of trades available and the criteria you may want to consider when selecting a binary options broker Then it proceeds to explain why using trading strategies makes sense and where you can find ideas to create or adapt them Ultimately you will want to know if your trading strategy makes money so it also shows you how to calculate the magic number that tells it all its Expectancy Since trading strategies are built upon technical indicators a very brief overview of Technical Analysis follows and some very common indicators are presented Next explains the MetaTrader platform and shows you how it can serve as your own cost free research assistant and trading signal provider It then goes over the details of developing and improving a trading strategy using Excel and Expert Advisors no programming knowledge needed Money Management comes next you will get to know several systems and in the process learn how easy it is to do a Monte Carlo simulation to test them or to test anything else The book ends with an overview of the complete methodology and leaves you with some final trading suggestions Finally in the Appendixes you will find several resources that are made available for free to the buyers of this book Six spreadsheets containing templates for the Martingale Paroli D Alembert Fibonacci Percentage of Bankroll and Kelly money management systems Examples of trading strategies that backtested with winning percentages above 60% An Expert Advisor that pops out an alert window and plays a sound on MetaTrader each time a new trade is opened Forex Trading Laura Sether, 2009 Trading forex is completely

different from trading other markets With low entry costs 24 hour accessibility global players and high degrees of leverage there are enormous opportunities but also very real potential hazards along the way if you don't know what you're doing Leverage can work both ways you control large positions but small moves in your favor can mean big returns on your investment For these reasons forex trading deserves its own volume devoted entirely to SFO Stocks Futures Options Magazine articles explaining the ins and outs of currency trading Forex traders don't need to follow hundreds of stocks or commodities to get a flavor for the market just the movements of eight major currencies the U S dollar Japanese yen European Union euro British pound Canadian dollar Australian dollar New Zealand dollar and Swiss franc Trading a country's currency is like trading the outlook for the country so it helps to have a bit of fundamental knowledge But it's also a highly technical form of trading This book helps you assess how to best synthesize your forex strategies to make the most of market movements Learn from the top forex trading experts in the world The key to trading currencies is figuring out what central banks will do before they actually make their moves The Art of the Trade Jason Alan Jankovsky, 2008-11-19 The Art of the Trade is a searing portrait of the futures and options industry as seen through the eyes of someone who has participated in this arena for more than twenty years On one level it's a brutally honest no punches pulled look at the individuals and institutions that comprise this unique community On another level The Art of the Trade is a personal story of the challenges author Alan Jankovsky faced as he battled the markets the brokerage industry and his own early penchant for self destruction

Trade Mindfully Gary Dayton, 2014-10-31 Overcome psychological obstacles to increase trading success Successful traders need to be well versed and skilled in a wide range of business and economic areas But now in addition to effective trading strategies and sound money management techniques traders need to possess the know how to handle the mental and emotional challenges of working in a highly volatile environment Trade Mindfully is a unique resource that applies cutting edge psychological techniques to trading skills allowing readers to improve their mental outlooks and maximize the potential of their trading strategies This book draws upon recent psychological research in behaviorism to teach new approaches that call for better focus more confidence and more positive perspectives and outcomes One of the key concepts covered in the book is mindfulness a state of mind traditionally touted in the East for its ability to reduce stress and increase perspective useful qualities for traders looking to rise above emotional obstacles and the poor results they cause The author also discusses the importance of High Value Trading Actions HVAs specific actions that are under a trader's control With this guide trading professionals will be able to form solid strategies based on a combination of these notions and practices leading to higher levels of trading performance Applies sound psychological practice and evidence based research to the trading profession Covers the psychological perspectives and mental skills needed to succeed in today's trading world Focuses on key concepts that lead to deliberate practice specific trading activities and increased awareness and focus Designed to help traders deal with the emotional challenges that come with uncertainty and risk Trade Mindfully touches on

the most essential concepts for anyone intrigued by what trading psychology has to offer and delivers the best strategies for achieving the right mental skills for peak performance *The ART of Trading* Bennett A.
