Florida Traffic Ticket Defense William David Moffat, The Traffic Ticket Handbook David N. Jolly, 2011-11 The Traffic Ticket Handbook How to Beat your Traffic Ticket More than 100 000 people receive a speeding ticket in the United States on a daily basis This translates into more than 36 500 000 tickets every single year being issued to drivers in the United States It has been concluded that the average fine for a traffic ticket is approximately 150 which translates into nearly 5 4 billion in revenue for the government or branches of annually However anyone who has received a speeding ticket or two understands that the financial pain is not restricted to the dollar amount on the face of the ticket The collateral consequences of traffic tickets also impact a driver s insurance The insurance companies in the United States seek billions of dollars per year in raised premiums from drivers who have committed traffic violations It should therefore be obvious that the government and insurance companies benefits from driver indiscretions and the dutiful work of thousands of police officers Whether the government admits it or not traffic tickets are a wonderful way to raise revenue And with the Country in an undeniable financial panic and near bankruptcy what better way to quash the financial fears than by robbing its citizens If you have recently received a traffic ticket you are well aware of how expensive they are Further the costs of some individual traffic tickets are illogical and offensive The manner in which officers are quietly informed to fill their quota of traffic tickets is the modern equivalent of the Roman Empire s tax collectors Therefore if you have received a traffic ticket particularly one that is considered a moving violation why wouldn t you fight it Some states consider such minor violations criminal so you must fight these allegations to preserve your record Too much is at stake For those states that consider traffic violations mostly civil you should still fight as there undoubtedly will be negative impact if you do not More to the point the financial penalties are arbitrarily set so at the very least fight the amount indicated on the face of the ticket We all try to limit our taxes lawfully and ultimately this is simply another form of taxation The Traffic Ticket Handbook is specifically dedicated to those individuals who have been cited for speeding tickets or any moving violation and wish to learn more about the traffic ticket process and how to fight and beat the ticket If you have been cited and need to protect your insurance and driving privilege this book is

for you The Traffic Ticket Handbook will explain how the different speed measuring devices work and how they can fail You will learn how to structure an argument and raise legal issues like a lawyer In addition to speeding tickets The Traffic Ticket Handbook looks at the major moving violations that will harm your insurance and potentially suspend your driver s license If you are considering hiring an attorney to help fight your ticket The Traffic Ticket Handbook also gives advice on how to hire a well qualified traffic ticket attorney And finally The Traffic Ticket Handbook gives you practical tips on how to avoid a future traffic ticket The Traffic Ticket Handbook is a valuable resource for any driver who has ever received a traffic ticket and wants to beat the charge Learn from a traffic defense attorney who has personally handled more than 10 000 traffic tickets in court

How to Win Your Case in Traffic Court Without a Lawyer Janet Traken,2011 Do you know why I pulled you over That is the epitome of a rhetorical question and an estimated 100 000 people hear those eight words every day in the United States for scoring a speeding ticket Some of those tickets may be unwarranted but only 5 percent of folks try to contest their ticket The cost of hiring a lawyer and fighting a case does not seem proportionate to the 300 ticket so the other 95 percent accept defeat and grudgingly pay the fine to avoid being tied up those legal fees Luckily there is a way you can successfully fight case in traffic court without dishing out the dough for an attorney How to Win Your Case In Traffic Court Without a Lawyer breaks down the steps to take once you get a ticket Learning the law is essential to know whether you can effectively fight your ticket and this book breaks down and outlines the details of the law for each major type of moving violation including speeding ticket running a stop sign or traffic light failure to yield and many more You will learn what happens once you receive these violations and which infractions you can fight without a lawyer in traffic court You will learn which defenses absolutely will not work so you do not waste your time attempting to use them in court You will learn how to collect your own evidence and effectively prepare for a trial Winning your trial is not a promise of the book but you will be able to give it an impressive shot by learning exactly how each traffic court case is handled and what you can expect when you take your particular case to court There is an essential difference between jury and judge only trials and you will learn how to prepare for each of them as well as how to tweak your case to match any of the 50 states in which you live If you have received an unfair traffic violation How to Win Your Case in Traffic Court Without a Lawyer will help you do just that When you choose to fight you have nothing to lose and everything to gain Atlantic Publishing is a small independent publishing company based in Ocala Florida Founded over twenty years ago in the company president e tm s garage Atlantic Publishing has grown to become a renowned resource for non fiction books Today over 450 titles are in print covering subjects such as small business healthy living management finance careers and real estate Atlantic Publishing prides itself on producing award winning high quality manuals that give readers up to date pertinent information real world examples and case studies with expert advice Every book has resources contact information and web sites of the products or companies discussed

Gray,2012-10 For the Retired Blues Crew a small group of retired LAPD police officers that meet once a month to share old war stories and enjoy each other s company accepting retirement was a hard pill to swallow Once considered savvy street warriors who risked life and limb protecting the good citizens of Los Angeles they were now the forgotten hero s whose past heroic deeds were now only remembrances visited through their colorful story telling during their once a month get

together. Like all things in life they were all expendable and the guys in the Retired Blues Crew had been replaced by a new generation of street warriors. To the old dogs who were put out to pasture the new centurions were taking their places with new technology and a confidence that bordered on disrespect for those who had paved the way before them. The argument that the old days of crushing crime without the benefit of all the new fangled gadgets was more rewarding than the technology of the future was a misconception of the new breed that were now in charge of protecting the citizens of Los Angeles. For the select group of old story tellers they needed to add one more chapter in their lives something for the street warriors of the present to remember them by when their time finally came and they were reduced to second class citizens too old to do the job anymore. This small tight knit group of old street warriors had enough and it was time to prove beyond a shadow of a doubt that they weren't too old to out smart and out wit the high tech rouges who have now taken their places. Proving that computers and gadgets could never replace the wisdom and experience that the old dogs were blessed with wouldn't be an easy task but they were determined to challenge the new breed and beat them at their own game. They knew whatever it was they were going to do couldn't replicate anything like the violent movies you see where people die get hurt or cars get wrecked and buildings are blown up after all they were cops or at least they were once. That being said the old dogs had to pull off the perfect caper and they had to do it without claiming any of the bragging rights they so much yearned for. It would have to be for no other reason than For Greater Glory. In that one of their own had been diagnosed with cancer with less than six months to live they only had a small window of opportunity to get it done. Since he was the architect behind the perfect crime referred to as Operation Blue Eclipse their success would depend on how well the plan was executed with no room for error. If all went as planned and after all was said and done the Retired Blues Crew would truly know who the best of the best was.
