Essays by internationally renowned scholars offer an array of approaches and methods to the teaching of the novel, short story, plays, poetry, autobiography, testimonial, comic book, children and young adult literature, film, performance art, and multi-media digital texts, among others. The essays provide conceptual vocabularies and tools to help teachers design courses that pay attention to issues of form across a range of storytelling media; issues of content such as theme and character; issues of historical periods, linguistic communities and regions; issues of institutional classroom settings. The volume innovatively adds to and complicates the broader humanities curriculum by offering new possibilities for pedagogical practice. **Red-Inked**

Retablos Rigoberto González, 2013-03-14 In the Mexican Catholic tradition, retablos are ornamental structures made of carved wood framing an oil painting of a devotional image, usually a patron saint. Acclaimed author and essayist Rigoberto González commemorates the passion and the pain of these carvings in his new volume *Red Inked Retablos*, a moving memoir of human experience and thought. This frank new collection masterfully combines accounts from González's personal life with reflections on writers who have influenced him. The collection offers an in-depth meditation on the development of gay Chicano literature and the responsibilities of the Chicano o writer. Widely acclaimed for giving a voice to the Chicano GLBT community, González's writing spans a wide range of genres: poetry, fiction, nonfiction, and bilingual books for children and young adults. Introduced by Women's Studies professor Maythee Rojas, *Retablos* collects thirteen pieces that together provide a narrative of González's life from his childhood through his career as a writer, critic, and mentor. In *Red Inked Retablos*, González continues to expand his oeuvre on *mariposa* (literally butterfly), a genre he pioneered in which Chicano a writers openly address non-traditional sexuality. For González, *mariposa* memory is important testimony, not only about reconfiguring personal identity in relation to masculinity, culture, and religion. It's also about highlighting values like education, shaping a sex-positive discourse, and exercising agency through a public voice. It's about making the queer experience a Chicano experience and the Chicano experience a queer one. *Fathers, Fathering, and Fatherhood* Adelaida R. Del Castillo, Gibrán

Güido, 2021-04-29 Bringing together a unique collection of narrative accounts based on the lived experience of queer Chicano Mexicano sons, this book explores fathers, fathering, and fatherhood. In many ways, the contributors reveal the significance of fathering and representations of fatherhood in the context of queer male sexuality and identity across generations, cultures, class, and Mexican immigrant and Mexican American families. They further reveal how father figures, godfathers, grandfathers

and others may nurture and express love and hope for the queer young men in their extended family Divided into six sections the book addresses the complexity of father queer son relationships family dynamics the impact of neurodiverse mental health issues the erotic unsafe and taboo qualities of desire encounters with absent estranged or emotionally distant fathers and a critical analysis of father and queer son relationships in Chicano Latino literature and film
