

Year 1 - Independent Writing Activities

Introduction

This book of 'Independent Writing Activities' covers the genres for the 5 to 6 year old age group. It has been written to the UK National Strategy Primary Framework for Literacy.

It contains at least two independent writing activities for each genre type and is an ideal vehicle for assessing pupil progress in writing when used with the different Levels found in the Writing Assessment Guidelines, which accompany the Primary Framework for Literacy. (The appropriate levels for this age group have been reproduced under licence at the beginning of this book.)

The author has also used this approach successfully with children to embed the features of each genre. This was achieved by re-visiting a previously studied genre later in the term, so that the children practised it once again. This ensured that the features of that particular type of writing remained firmly embedded in the children's memory. Thus when the children were tested or came to write in that particular genre at a later date it was not just a distant memory.

There are six similar books in this series covering the work of pupils from Year 1 through to Year 6 (ages 5 to 11). PDF or Download versions are also available of these books for use on interactive Whiteboards.

The Writing Revolution Judith C. Hochman, Natalie Wexler, 2017-07-27 Why you need a writing revolution in your classroom and how to lead it The Writing Revolution TWR provides a clear method of instruction that you can use no matter what subject or grade level you teach The model also known as The Hochman Method has demonstrated over and over that it can turn weak writers into strong communicators by focusing on specific techniques that match their needs and by providing them with targeted feedback Insurmountable as the challenges faced by many students may seem The Writing Revolution can make a dramatic difference And the method does more than improve writing skills It also helps Boost reading comprehension Improve organizational and study skills Enhance speaking abilities Develop analytical capabilities The Writing Revolution is as much a method of teaching content as it is a method of teaching writing There s no separate writing block and no separate writing curriculum Instead teachers of all subjects adapt the TWR strategies and activities to their current curriculum and weave them into their content instruction But perhaps what s most revolutionary about the TWR method is that it takes the mystery out of learning to write well It breaks the writing process down into manageable chunks and then has students practice the chunks they need repeatedly while also learning content
