Yemen Chronicle An Anthropology Of War And Mediation:

Yemen Chronicle Steven Charles Caton, 2005 In 1979 Steven C Caton went to a remote area of Yemen to do fieldwork on the famous oral poetry of its tribes Soon he was embroiled in a dangerous local conflict This is Caton s touchingly candid account of the extraordinary events that ensued [A Political Anthropology of Yemen](#) Ross Porter, 2025-09-15 At a time when Yemen has been ravaged by a decade of war and subject to myriad political and military interventions the essays in this collection serve as a timely reminder of the need for grounded anthropological study in even the harshest of circumstances From tribesmen to refugees revolutionaries to farmers state workers to charity workers intellectuals to the unemployed and the destitute we learn of the everyday political languages through which people in the country live their lives This volume is a call for an anthropology attuned not only to locally significant political concepts but also to the ways in which people actively confront and reorient them while challenging their worlds and engaging the political imagination in a spirit of abiding critique This concise collection is the fruit of decades of ethnographic fieldwork in Yemen and will be of interest to students and scholars seeking an intimate and nuanced account of life in the country [A Post-Exotic Anthropology of Soqatra, Volume I](#) Serge D. Elie, 2020-06-20 This two volume book offers a panoramic explanatory narrative of Soqatra Island s rediscovery based on the global significance of its endemic biodiversity This rediscovery not only engendered Soqatra s protective environmental supervision by United Nations agencies but also the intensification of its bureaucratic incorporation and political subordination by Yemen s mainland national government Together the two volumes provide a total community study based on an historically contextualized and analytically detailed portrait of the Soqotran community via a multi layered narrative the author terms a mesography The first volume *A Post Exotic Anthropology of Soqatra Volume I A Mesography of an Indigenous Polity in Yemen* situates the author s study within the emergent configuration of the structures of knowledge production in the social sciences before moving onto a systematic identification of the constitutive aspects pivotal vectors and historical contexts of Soqatra s transitioning polity The second volume *A Post Exotic Anthropology of Soqatra Volume II Cultural and Environmental Annexation of an Indigenous Community* explores how cultural modernization in the light of environmental annexation transforms communal possibilities development models environmental values conservation priorities cultural practices economic aspirations language preferences livelihood choices and other key social norms The two volumes lay the social scientific foundations for the study of Soqotrans as an island based indigenous community [A New Anthropology of Islam](#) John R. Bowen, 2012-08-02 In this powerful but accessible new study John Bowen draws on a full range of work in social anthropology to present Islam in ways that emphasise its constitutive practices from praying and learning to judging and political organising Starting at the heart of Islam revelation and learning in Arabic lands Bowen shows how Muslims have adapted Islamic texts and traditions to ideas and conditions in the societies in which they live Returning to key case studies in Asia Africa and Western Europe to explore each major domain of Islamic religious and social

life Bowen also considers the theoretical advances in social anthropology that have come out of the study of Islam A New Anthropology of Islam is essential reading for all those interested in the study of Islam and for those following new developments in the discipline of anthropology *My Life as a Spy* Katherine Verdery, 2018-04-19 As Katherine Verdery observes There s nothing like reading your secret police file to make you wonder who you really are In 1973 Verdery began her doctoral fieldwork in the Transylvanian region of Romania ruled at the time by communist dictator Nicolae Ceausescu She returned several times over the next twenty five years during which time the secret police the Securitate compiled a massive surveillance file on her Reading through its 2 781 pages she learned that she was actually a spy a CIA agent a Hungarian agitator and a friend of dissidents in short an enemy of Romania In *My Life as a Spy* she analyzes her file alongside her original field notes and conversations with Securitate officers Verdery also talks with some of the informers who were close friends learning the complex circumstances that led them to report on her and considers how fieldwork and spying can be easily confused Part memoir part detective story part anthropological analysis *My Life as a Spy* offers a personal account of how government surveillance worked during the Cold War and how Verdery experienced living under it
