Karasu,Toksoz Byram Karasu,2005 Given the fact that 50% of marriages end in divorce you would think marriage wouldn t be so popular but getting married is one of the most popular of all life events In fact many new couples are willing to face considerable debt for the wedding ceremony alone It seems that many people spend more time on planning the wedding than on thinking about marriage and what it entails The Art of Marriage Maintenance is about marital life after the wedding It is about psychological and biological difficulties between men and women that make marriage so challenging It is about why passion is in danger of fading within marriage how hormones exacerbate behavior and how the brain confounds us It is about how pregnancy and having young children and adolescents often catapult a marriage to its breaking point and how the stresses of mid life contribute to marital discord It is in effect how to ensure a happy enduring marriage It is the art of marriage maintenance Tricycle ,2001 **Books in Print Supplement** ,2002 *Personality Theories* Barbara Engler,2003 This text is designed both to explain the major theories and to stimulate critical thinking about them Each chapter focuses on one theory or group of theories providing brief biographies that shed light on how the theories were formed *The Publishers Weekly* ,2001 **American Book Publishing Record** ,2001 **Forthcoming Books** Rose
