To America Personal Reflections Of An Historian:

To America Stephen E. Ambrose, 2002 When Stephen Ambrose became interested in American history at age 18 there was much that America had done that made him proud but there were some things he condemned as well for instance slavery the treatment of Native Americans racist Southern politicians the Robber Barons of the transcontinental railroad the use of the atomic bomb All through his undergraduate and graduate years from 1953-1960 Ambrose learned such ideas from his professors and believed and then taught them himself when he became a teacher of history in 1960 But after reasearching and writing about the Civil War in graduate school Eisenhower in the 60s Crazy Horse and Custer Lewis and Clark Nixon the transcontinental railroad and World War II over the next three decades Ambrose's views on American history changed In his new book the renowned historian celebrates America's spirit and confronts its failures and struggles As always in his much acclaimed work Ambrose brings alive the men and women famous and not who have peopled history and made the United States the superpower it is now

To America Stephen E. Ambrose, 2003 Now in paperback the New York Times bestseller on the history of America and the pioneering men and women who made the nation what it is today To America Stephen E. Ambrose, 2003-10-07 Completed shortly before Ambrose's untimely death *To America* is a very personal look at our nation's history through the eyes of one of the twentieth century's most influential historians Ambrose roams the country's history praising the men and women who made it exceptional He considers Jefferson and Washington who were progressive thinkers while living a contradiction as slaveholders and celebrates Lincoln and Roosevelt He recounts Andrew Jackson's stunning defeat of a superior British force in the battle of New Orleans with a ragtag army in the War of 1812 He brings to life Lewis and Clark's grueling journey across the wilderness and the building of the railroad that joined the nation coast to coast Taking swings at political correctness as well as his own early biases Ambrose grapples with the country's historic sins of racism its ill treatment of Native Americans and its tragic errors such as the war in Vietnam which he ardently opposed He contrasts the modern presidencies of Eisenhower Kennedy Nixon and Johnson He considers women's and civil rights immigration philanthropy and nation building Most powerfully in this final volume Ambrose offers an accolade to the
