Naomi Paik, 2016-01-08 In this bold book A Naomi Paik grapples with the history of U S prison camps that have confined people outside the boundaries of legal and civil rights Removed from the social and political communities that would guarantee fundamental legal protections these detainees are effectively rightless stripped of the right even to have rights Rightless people thus expose an essential paradox while the United States purports to champion inalienable rights at home and internationally it has built its global power in part by creating a regime of imprisonment that places certain populations perceived as threats beyond rights The United States status as the guardian of rights coincides with indeed depends on its creation of rightlessness Yet rightless people are not silent Drawing from an expansive testimonial archive of legal proceedings truth commission records poetry and experimental video Paik shows how rightless people use their imprisonment to protest U S state violence She examines demands for redress by Japanese Americans interned during World War II testimonies of HIV positive Haitian refugees detained at Guantamo in the early 1990s and appeals by Guantamo's enemy combatants from the War on Terror In doing so she reveals a powerful ongoing contest over the nature and meaning of the law over civil liberties and global human rights and over the power of the state in people's lives *Birds Chasing Hope* Dr. Ashish Modi, 2011-11-15 When a group of angry foreign birds demand that Maya and her friends participate in their evil plots of revenge and destruction against humans by exploiting their weaknesses Maya and her friends quickly realize that if they don't think of an alternative plan the entire world will be destroyed Maya and her friends utilize their lifelong experiences to come up with an alternative plan by learning from humans strength and ingenuity With that they not only convince foreign birds but also the entire animal kingdom to participate in their new vision Thus together they not only save their forest but also the world This is a hopeful and inspirational tale of a group of birds and animals who despite all the odds against them overcome their agony and sorrow They not only save their forest and habitat but also assist humans in their struggles to protect the environment and save the planet from more destruction This novel is a metaphor that discusses our past present and future in an easy to understand language as seen through birds perspective If you enjoyed *The Alchemist* by Paulo Coelho or *Life of Pi* by Yann Martel you will certainly love this book If you cherished *The Lion King* or *Finding Nemo* you will love this book as well **Band Of Gypsies** Gwyneth Jones, 2021-02-23 Former dictator Ax Preston has returned to England to take up the role of Green President however the contract isn't all it appears to be from a distance Decamping to Paris the Triumvirate stage a protest against the government's Slave Labour camps by mimicking the same conditions for all

For All Time Jude Deveraux,2014-07-01 NEW YORK TIMES BESTSELLER Jude Deveraux returns to the magnificent sunny island in For All Time the second novel in her Nantucket Brides trilogy this time featuring the next generation of her beloved family of Montgomery Taggerts The wedding of Alix Madsen and Jared Montgomery is a glorious affair at an elegant little chapel in the woods followed by dinner and dancing all while moonlight blankets the festivities in a romantic glow While

most guests are fixed on the happy couple Jared's cousin Graydon can't look away from a bridesmaid Toby Wyndam. It's not just her quiet beauty that enthralls him or the way she makes him laugh. Toby possesses the truly remarkable ability of being able to distinguish Graydon from his identical twin brother Rory. According to family legend, such a gift marks her as Graydon's True Love. But Graydon knows there is no possible way that they can ever be together for he is heir to the Lanconian throne and is to marry a noble woman who has been chosen for him. Yet intrigued by Toby, he asks her to help him hide on Nantucket for a week away from regal responsibilities. In exchange, he'll assist her with planning acclaimed novelist Victoria Madsen's lavish wedding. Since they both know their union is impossible, the pair promises that they will never be more than just friends. But there's more going on between Graydon and Toby than her unique power to tell him apart from his twin. At work are forces beyond their control which are ruled by time itself. Combine that with the magical island of Nantucket and a seductive spell is cast over Graydon and Toby. If they are to be together, they must change what once was as well as what will be.

Kirkus Reviews: **Letters from a Citizen of the World** Oliver Goldsmith, 1854 **Run for Freedom** Kevin Muir, 2001 This is the dramatic, highly charged love story of a young man from a Catholic family and a Protestant nurse in Belfast in the 1980s. Against all odds, they team up with a friend to train and race a greyhound which the locals hail as a harbinger of peace with dire consequences. Shaping World History Mary Kilbourne Matossian, 2016-07-01 This innovative survey of world history from earliest times to the present focuses on the role of four factors in the development of humankind: climate, communication, and transportation technology, scientific advances, and the competence of political elites. Matossian moves chronologically through fifteen historic periods, showing how one or more of the causative factors led to significant breakthroughs in human history. *Shaping World History* is based on original research and also draws widely from the literature on the history of science, technology, climate, agriculture, and historical epidemiology. This compelling analysis is presented in a personal style and includes reflections on how things work and why they are important. **The Congregationalist and Christian World**, 1906 **Hood** Toby Venables, 2017-02-09 Duke Ellington and His World A. H. Lawrence, 2004-03-01 Based on lengthy interviews with Ellington's bandmates, family, and friends, *Duke Ellington and His World* offers a fresh look at this legendary composer. The first biography of the composer written by a fellow musician and African American, the book traces Ellington's life and career in terms of the social, cultural, political, and economic realities of his times. Beginning with his birth in Washington, DC, through

his first bands and work at the legendary Cotton Club to his final great extended compositions this book gives a thorough introduction to Ellington's music and how it was made. It also illuminates his personal life because for Ellington music was his life and his life was a constant inspiration for music. *Shaping World History*, 10 The Industrial Revolution in Britain

Zalor Kim VanOver, 2013-11 Zalor is a world filled with secrets. Trapped in the high tech world of broadcast journalism, news writer Jason McSwain dreams of the good old days when reporters worked on real newspapers. Then his dream comes true. Banentine Inc, the company that owns the twenty second century broadcast station transfers Jason to the recently purchased Zalor Observer, a news publication on the Earth colony of planet Zalor. Due to communication restrictions and a lack of support from Earth, Zalor has evolved into a ranching frontier culture. There the colonists have learned to domesticate indigenous species as livestock and to farm edible plants. They also have developed their own folklore such as the four Strangers, hooded figures who appear as specters and visit only a select few of the colonists. And then there is the Zalor secret which the locals do not discuss. On Earth, a growing demand for Zalorian solar crystals has created an upswing in the off world mining industry and a financial boom is expected to follow. But after Jason arrives and begins to adjust to a lifestyle much different than urban Los Angeles, he learns that one mining company is working to establish an illegal cartel. The colonists, divided over property rights issues and the promise of wealth, split into factions. Faced with the threat of civil war on Zalor and military intervention from Earth, Jason launches an investigation that reveals dangers far more insidious than anything he could have imagined. He needs to get the information to Earth but the mining interests have blocked his passage. As his fact finding mission continues, Jason discovers that Zalor is a world that hosts many secrets. But will this revelation stop a pending war? Time is running out for Jason McSwain and the colonists on planet Zalor. **Eric, A Waif: A Story of Last**

Century Emma Leslie, So the old witch is dead and Dame Willoughby may hope to raise a whole brood of chickens and Farmer Sawyer need not fear his cheese will be spoiled and the speaker lifted his broad brimmed tattered hat and wiped the perspiration from his brow looking expectantly at the landlord of The Magpie as he did so. That news is worth a horn of ale isn't it Master Tyler he asked when he found it met with little response. Humph The news might have been better and it might have been worse. The poor woman was a stranger in these parts. I'll allow but that was all that could be proved against her. Where's the boy added the landlord with a little more interest. Him they call Eric. Did ever an English born lad have such a name as that said the other in a grumbling tone as he slowly raised the horn of ale to his lips before answering the landlord's question. He'll be up there with his mother. I suppose the two were always together. Poor little chap he'll find the world a hard place. I'm afraid now his mother has gone. Serve 'em right. They should have bided in their own parish and not come poking their noses where they wasn't wanted said the other. The landlord made no reply to this for he knew the man did but express the sentiment of the whole neighbourhood in the words he had spoken. Summerleigh was a quiet self contained little village on the edge of Epping Forest far enough from London to be very jealous of the intrusion of strangers if they stayed more than a

night at the inn unless they happened to be visitors at the Hall So when the poor woman came with her only son a lad of ten to occupy the little cottage that had stood tenantless so long on the edge of the forest clearing the whole parish was stirred to discover who she was and why she came there She said herself that it was for the fresh air of the forest but nobody believed this any more than they believed that fresh air made any difference to people s health they chose to believe any but this simple reason for seeking a home in their locality They soon discovered that she was poor but industrious for mother and son worked in the garden early and late selling the herbs they raised and also salves and lotions made from them until the rumour spread somehow that the knowledge she possessed of the healing qualities of herbs and simples growing about the forest had not been gained by any good means In other words she was a witch and people professed to be afraid of buying her salves Then another overheard her singing a hymn one day to the hum of her spinning wheel as she sat at work and this was held to be proof that she was a Methodist which was quite as bad as being a witch and equally punishable by law at the time of which we write That Mrs Hunter had not sought to make friends among her gossiping neighbours was sufficient for either or both of these charges to be deemed capable of proof by those who openly declared they hated all strangers so that it was not wonderful that she lived an isolated life That she did not mind this but seemed to find her boy Eric an all sufficient companion and friend was another wonder to Summerleigh and one it bitterly resented for there was small scope for persecuting a woman so independent as Mrs Hunter especially as they were glad to buy her herbs because they could not get them so good anywhere else
