

Experience the difference of 1080p Full HD combined with the convenience of next-generation connectivity. The stylish E210 series takes entertainment to the next level - watch movies, view photos or listen to music through the USB port.

Advantages

Is the highest HD resolution for the top-of-the-line in picture performance. Enjoy the best of both worlds, the spatial resolution of 1080 HDTV material and the smooth stable image of a progressive scan format.

Monitors the brightness level of each video frame and automatically adjusts the backlight intensity based on the image content. The result is a deeper black level that increases detail and depth even in low light environments.

Digital input for the premium in high definition connectivity. An HDMI cable can transfer digital video and multi channel audio to compatible home theatre components and high definition televisions without the need to scale down or compress the signal. A single cable can deliver the best in picture and sound quality.

Expand your entertainment options with the USB input. Just simply plug in a USB flash drive loaded with digital photos or music files from your PC and start enjoying them with the built-in easy to use media player.

Is an advanced scaling circuitry that eliminates overscan which can hide up to 8% of the original image around the perimeter of the screen. Native Mode technology displays every pixel on the screen allowing you to view the entire image.

Includes new "video bypass circuitry" to shorten signal time to the screen (also known as "input lag"). This creates an improved gaming experience - and an advantage you have over your opponents.
