Teaching Learners with Mild Disabilities Ruth Lyn Meese, 2001 Uses the activities of fictional educators and students to explore and apply the lessons of recent research to everyday classroom instruction

The Inclusive Classroom Margo A. Mastropieri, Thomas E. Scruggs, 2010 This text offers a wealth of practical and proven strategies for successfully including students with disabilities in general education classrooms The text provides targeted strategies for the subject and skill areas as well as special needs of individual students with a strong focus on instructional strategies applied to specific student need areas An overall theme of effective differentiated instruction is infused throughout the text relating to those practices that are most closely aligned with academic success The text is unique in its three part coverage of 1 the fundamentals of teaching students with special needs 2 effective general teaching practices and 3 inclusive practices in specific subject areas With a strong focus on instructional strategies and how they are applied to specific student need areas the text goes further by featuring more specific strategies than any other text and extensive information about the most effective strategies available and when and how to use them This strong focus instructs pre service teachers and other education personnel on how they can implement in the classroom specific strategies to address a very wide range of grade levels skill levels academic content areas and extensive and very specific information on strategies teachers can use in the areas of most concern to them e g behavior management handling student confrontations promoting literacy memory for school content motivation to learn maintaining student attention adapting assessment and improving test scores and specific strategies for adapting specific lessons in math science social studies and career and technical education Specifically written for pre service or in service special education teachers who will work with general education teachers in K 12 classrooms the text is also relevant for school psychologists counselors support staff and other school personnel interested in helping all students succeed in the classroom

Niki Victoria Baczewski, 2012-06 Today 1 in 110 children will exhibit signs and receive a diagnosis of autism Many parents will live in confusion seeing the early signs but not understanding them They will experience many varying emotions ranging from denial to panic to desperation By understanding the early signs and seeing God's hand in the circumstances of dealing with this disability parents will begin to approach the care of their children with autism from a position of hope This book chronicles the journey of one mother who has traveled down the path of life with a child with autism It contains strategies techniques and curricular suggestions that proved helpful to her child In addition it details a journey of faith and hope that ends in a new way of valuing the lives of our individuals with special needs May it

bring hope and help to others who have entered upon this unique journey **Creating Compassionate Classrooms: Understanding the Continuum of Disabilities and Effective Educational Interventions** Nicholas D. Young, Angela C. Fain, Teresa A. Citro, 2019-05-02 Throughout the chapters of this book the reader will be introduced to the thirteen disability categories included in IDEA specific learning disabilities emotional behavioral disorders autism other health impaired intellectually disabled multiple disabilities speech or language impairments traumatic brain injury hearing impairment deaf blind deafness visual impairment and orthopedic impairment using the legally established definitions Lengthy descriptions of best practices modifications and accommodations follow offering a complete picture of each disability and how educators and parents collaboratively can assist the struggling student To set the stage the book begins with chapters that discuss special education in general response to intervention as an intermediary step in the academic continuum of support and the individualized education plan process Subsequent chapters examine each of the thirteen aforementioned IDEA disability categories which have not been commonly incorporated into one comprehensive resource however for the sake of brevity some disability categories have been combined when doing so did not impact practice implications Emphasis is placed on effective classroom strategies and interventions associated with each disability category with the intent of providing practitioners and those who support them with the information and tools necessary to support students with identified educational needs To the extent possible the primary authors sought to ensure this resource was practical and user friendly for educators who work directly with students with the range of recognized disabilities This book demystifies the special education process and disability categories as well as offers educators and their families the tools to help our students who have one or more disabilities find life long success Ensuring the best for our students with disabilities requires that we first acknowledge and support the hard work and deep commitment of those professionals and parents guardians who devote their lives to teaching reaching mentoring and advocating for those most vulnerable in our classrooms
