Life among the Powers Rick Elgendy, 2024-11-14 Many Christians have come to see that they live in a world marked by structural problems legacies of racial injustice climate change constraining forms of gender and sexuality to name just a few A faithful response to these problems calls for ethical and political witness and theologians have used the New Testament language describing the principalities and powers to provide just that a picture of faith in which Christ redeems humanity from structures of power This tradition though sometimes offers the hope of an outside ways of living in which we can be no longer complicit with the powers This book pushes this conversation further seeking a theological understanding and the

spirituality that lives within it of how we are implicated in such structures what we are called to do to resist their harms and who we might still become Along the way it reads together unlikely fellow travelers Karl Barth and Michel Foucault to argue that while our complicity with the powers is inescapable we can still live meaningfully different movingly faithful lives that challenge the forms of the world that we believe are passing away *Mean Boys* Geoffrey Mak,2024-04-30 An intellectually vivid and curious collection that refuses to find simple answers to its complex questions NPR Books We Love This book is a rare comfort a companion Makes you say yes that is exactly how it is Torrey Peters A ferocious inquiry into art and desire style and politics madness and salvation and coming of age in our volatile image obsessed present You know them when you see them mean boys take up space wielding cruelty to claim their place in the pecking order Some mean boys make art or music or fashion others make memes Mean boys stomp the runways in Milan and Paris mean boys marched at Charlottesville And in the eyes of critic and style expert Geoffrey Mak mean boys are the emblem of our society an era ravenous for novelty always thirsting for the next edgy thing even at our peril In this pyrotechnic memoir in essays Mak ranges widely over our landscape of paranoia crisis and frenetic clickable consumption He grants readers an inside pass to the spaces where culture was made and unmade over the past decade from the antiseptic glare of white walled galleries to the darkest corners of Berlin techno clubs As the gay son of an evangelical minister Mak fled to those spaces hoping to join a global influential elite But when calamity struck it forced Mak to confront the costs of mistaking status for belonging Fusing personal essay and cultural critique *Mean Boys* investigates exile and return transgression and forgiveness and the value of faith empathy and friendship in a world designed to make us want what is bad for us **Alienation and Resistance** Laura Findlay,Gordon Spark,2020-05-22 This collection draws together recent work by new and emerging scholars which examines the representation of alienation and resistance in texts and images both modern and traditional The essays collected here incorporate both high and low culture covering a wide range of disciplines from traditional literary sources to the more modern mediums of film and comic Informing each of the contributions is one overriding question what are the roles forms and conditions of alienation and resistance in our culture and its diverse media The contributors to this collection find examples of both alienation and resistance everywhere from sixteenth century drama to contemporary fiction from American comics to Eastern European cinema from representations of the body to the site of the body itself In seeking out these representations of alienation and resistance the essays begin also to probe the limits and limitations of such terms As such the collection as a whole offers both a broad overview of the field of play as it stands today and makes tentative suggestions as to potential paths of future inquiry **Art Labor, Sex Politics** Siona Wilson,2015-02-01 Contrary to critics who have called it the undecade the 1970s were a time of risky innovative art and nowhere more so than in Britain where the forces of feminism and labor politics merged in a radical new aesthetic In *Art Labor Sex Politics* Siona Wilson investigates the charged relationship of sex and labor politics as it played out in the making of feminist art in 1970s Britain Her sustained exploration

of works of experimental film installation performance and photography maps the intersection of feminist and leftist projects in the artistic practices of this heady period Collective practice grassroots activism and iconoclastic challenges to society's sexual norms are all fundamental elements of this theoretically informed history The book provides fresh assessments of key feminist figures and introduces readers to less widely known artists such as Jo Spence and controversial groups like COUM Transmissions Wilson's interpretations of two of the best known and infamous exhibitions of feminist art Mary Kelly's Post Partum Document and COUM Transmissions Prostitution supply a historical context that reveals these works anew Together these analyses demonstrate that feminist attention to sexual difference sex and psychic formation reconfigures received categories of labor and politics How and how much do sexual politics transform our approach to aesthetic debates What effect do the tropes of sexual difference and labor have on the very conception of the political within cultural practice These are the questions that animate *Art Labor Sex Politics* as it illuminates an intense and influential decade of intellectual and artistic experimentation

The Politics of Religious Literacy Justine Ellis, 2022-11-07 Religious Literacy has become a popular concept for navigating religious diversity in public life Spanning classrooms to boardrooms *The Politics of Religious Literacy* challenges commonly held understandings of religious literacy as an inclusive framework for engaging with religion in modern multifaith democracies As the first book to rethink religious literacy from the perspective of affect theory and secularism studies this new approach calls for a constructive reconsideration focused on the often overlooked feelings and practices that inform our questionably secular age This study offers fresh insights into the changing dynamics of religion and secularism in the public sphere
