Tough Trip Through Paradise, 1878-1879 Andrew Garcia, 1967 Adventures of a white man who married a Pend d Oreille Indian girl *The Rockies in First Person* Ron McFarland, 2014-01-10 The autobiography has not always been acknowledged as true literature Since 1970 however American memoirs have revealed themselves as a respectable literary genre distinct with an inimitable literary voice and a unique capacity to intersect narration and reflection This study focuses critical attention on ten memoirs from the northern U S Rockies including Utah Colorado Wyoming Montana and Idaho By comparing memoirs representing states that share similar demographic ecological and socio economic characteristics this historic and literary analysis reveals both commonalities and divergences among American Western memoirs Each chapter compares two books of similar thematic concerns ranging from regional values and rural evolution to dynamic landscapes and the experiences of American Indians

Far as the Eye Can See Robert Bausch, 2014-11-04 Bobby Hale is a Union veteran several times over After the war he sets his sights on California but only makes it to Montana As he stumbles around the West from the Wyoming Territory to the Black Hills of the Dakotas he finds meaning in the people he meets settlers and native people and the violent history he both participates in and witnesses *Far as the Eye Can See* is the story of life in a place where every minute is an engagement in a kind of war of survival and how two people a white man and a mixed race woman in the midst of such majesty and violence can manage to find a pathway to their own humanity Robert Bausch is the distinguished author of a body of work that is lively and varied but linked by a thoughtfully complicated masculinity and an uncommon empathy The unique voice of Bobby Hale manages to evoke both Cormac McCarthy and Mark Twain guiding readers into Indian country and the Plains Wars in a manner both historically true and contemporarily relevant as thoughts of race and war occupy the national psyche

Robert J. Bigart, 2020-08-13 The years between 1875 and 1910 saw a revolution in the economy of the Flathead Reservation home to the Salish and Kootenai Indians In 1875 the tribes had supported themselves through hunting especially buffalo and gathering Thirty five years later cattle herds and farming were the foundation of their economy Providing for the People tells the story of this transformation Author Robert J Bigart describes how the Salish and Kootenai tribes overcame daunting odds to maintain their independence and integrity through this dramatic transition how relying on their own initiatives and labor they managed to adjust and adapt to a new political and economic order Major changes in the Flathead Reservation economy were accompanied by the growing power of the Flathead Indian Agent Tribal members neither sought nor desired the new order of things but as Bigart makes clear they never stopped fighting to maintain their economic independence and self support The tribes did not receive general rations and did not allow the government to take control of their food supply Instead most government aid was bartered in exchange for products used in running the agency Providing for the People presents a deeply researched finely detailed account of the economic and diplomatic strategies that distinguished the Flathead Reservation Indians at a time of overwhelming and complex challenges to Native American tribes and traditions
