**Toward a Just and Caring Society** David P. Gushee, 1999 In this collection of essays sixteen evangelical scholars and teachers consider the dilemma of poverty in modern America Brought together by a Bauman Foundation grant under Evangelicals for Social Action sponsorship they address the historical political and economic issues involved in this pervasive social problem The authors also bring Christian principles to bear on their analysis of poverty's root causes on their consideration of policies that have been adopted or proposed and on their own responses Practical suggestions for concrete action are offered that warrant the consideration of churches charitable agencies and politicians **The Spirit and the**

**Salvation of the Urban Poor** Brandon Kertson, 2019-11-15 Poverty What is it good for Absolutely nothing Still poverty is an ever present reality even in so called first world nations like the United States If the Holy Spirit is the member of the Trinity that is ever present in our world perhaps the Spirit can be a resource to address poverty In this pneumatological theology of poverty Brandon Kertson explores the current state of poverty in the United States arguing its complexities also require complex answers demanding a pneumatological approach that has yet to be offered Using Renewal theology and pneumatology Kertson develops a pneumatological four fold gospel based on Jesus pneumatic declaration of Luke 4 He explores how the Spirit addresses poverty through Jesus and the historic and global church and how we can begin to address poverty through the Spirit today The Spirit as savior baptizer healer and entelechy of the kingdom lays the foundation for a holistic response to the complex problem of poverty in our country **Just Generosity** Ronald J. Sider, 2007-04-01 Just

Generosity calls Christians to examine their priorities and their pocketbooks in the face of a scandalous tendency to overlook those among us who suffer while we live in practical opulence This holistic approach to helping the poor goes far beyond donating clothes or money envisioning a world in which faith based groups work with businesses the media and the government to help end poverty in the world's richest nation This updated edition includes current statistics policy recommendations and discussions covering everything from welfare reform changes to Medicare and the Social Security debate Sider's most important book since Rich Christians in an Age of Hunger Jim Wallis author God's Politics Sider knows how to lift up people in need An important and challenging book John Ashcroft former Attorney General of the United States

thinking about biblical and other conceptual foundations for political engagement in order to unify and give consistency to evangelicals involvement in politics **Politics and Piety** Aaron Menikoff, 2014-05-29 Historians have painted a picture of nineteenth century Baptists huddled in clapboard meetinghouses preaching sermons and singing hymns seemingly unaware of the wider world According to this view Baptists were so heavenly minded they were of no earthly good Overlooked are the illustrative stories of Baptists fighting poverty promoting abolition petitioning Congress and debating tax policy Politics and

Piety is a careful look at antebellum Baptist life. It is seen in figures such as John Broadus whose first sermon promoted temperance. David Barrow who formed an anti slavery association in Kentucky and in a Savannah church that started a ministry to the homeless. Not only did Baptists promote piety for the good of their churches but they did so for the betterment of society at large. Though they aimed to change America one soul at a time that is only part of the story. They also engaged the political arena forcefully and directly. Simply put Baptists were social reformers. Relying on the ideas of rank and file Baptists found in the minutes of local churches and associations as well as the popular parochial newspapers of the day. Politics and Piety uncovers a theologically minded and controversial movement to improve the nation. Understanding where these Baptists united and divided is a key to unlocking the differences in evangelical political engagement today.

American Poverty Woody Klein, 2013-01-01 Analyzes efforts to eliminate poverty during each U S president's administration from George Washington to Barack Obama looking at why no president has been able to end poverty and challenges each has faced in his quest to do so. Wasted Evangelism Chip M. Anderson, 2013-10-04 What is the relationship between the gospel and the church's responsibility toward the poor. Can social action be evangelism. Wasted Evangelism is an exploration in the Gospel of Mark on the subject of evangelism and social action. A proclamation centered definition of evangelism based on the etymology of the word evangelize and a few isolated proof texts is devoid of much of the biblical content that Mark offers to us through his Gospel. Detaching the concept of evangelism from the narrative meaning that Mark gives to the gospel of Jesus Christ. In Wasted Evangelism Chip Anderson develops an exegetically based narrative understanding of biblical evangelism which according to Mark's Gospel includes God's care for the economically vulnerable and his concern for the issues of poverty. The studies gathered in this volume propose that social action should not be considered a separate distinct responsibility for the church but is rather a vital component of evangelism. A close examination of Mark's Gospel and the biblical texts associated with idolatry poverty and justice provides an opportunity for church leadership to rethink the evangelistic activities of their churches and to reconsider what it means to engage their surrounding communities as agents of God's kingdom. *One Nation, Underprivileged* Mark Robert Rank, 2004-04-01 Despite its enormous wealth the United States leads the industrialized world in poverty. One Nation Underprivileged unravels this disturbing paradox by offering a unique and radically different understanding of American poverty. It debunks many of our most common myths about the poor while at the same time provides a powerful new framework for addressing this enormous social and economic problem. Mark Robert Rank vividly shows that the fundamental causes of poverty are to be found in our economic structure and political policy failures rather than individual shortcomings or attitudes. He establishes for the first time that a significant percentage of Americans will experience poverty during their adult lifetimes and firmly demonstrates that poverty is an issue of vital national concern. Ultimately Rank provides us with a new paradigm for understanding poverty and outlines an innovative set of strategies that will reduce American poverty. One Nation

Underprivileged represents a profound starting point for rekindling a national focus upon America's most vexing social and economic problem      **Changing Our Mind** David P. *In the Fray* David P. Gushee,2014-05-12 In the Fray collects David Gushee s most significant essays over twenty years as a Christian intellectual Most of the essays were written in situations of ethical conflict on the highly contested ground of Christian public ethics Topics addressed include torture climate change marriage and divorce the treatment of gays and lesbians in the church war genocide nuclear weapons race global poverty faith and politics Israel Palestine and even whether Christian ethics is a real academic discipline Quite visible in the collection is Gushee s deep research interest in the Nazi era in Germany and how the churches fared in resisting Nazi intimidations and seductions and finally the Holocaust All essays reflect the desire for a church that has learned the lessons of that period a church with resistance to racism militarism nationalism and other social ideological toxins and with the discernment and courage to resist these in favor of a courageous allegiance to the lordship of Christ at the time of testing Considerable attention is directed to contesting some of the public ethics found in the author s own US evangelical Christian community Concluding reflections on Gushee s ethical vision are offered in an illuminating essay by senior Christian ethicist Glen Harold Stassen

**Who Will Care for Grandma?** Brent R. Kelly,2009-01-01 It is amazing to realize that much of the Western medical community is in a love hate relationship with the economics of medicine Quality Adjusted Life Years QALYs is one of the primary methods of guiding many medical decision makers in the allocation of limited medical resources Herein lies the problem of medicine and

economics It seems that deciding who will receive limited medical resources is a task filled with moral and ethical difficulties even for those depending on the information obtained from QALY calculations These moral and ethical difficulties are beyond the scope of sound bites that tout the benefits of universal health care affordable insurance or the safety of the free market economy The breadth of the difficulty is found in the widespread disagreement concerning how the health care system should be distributed or fixed since most will agree that there is a problem with distributing medical resources It seemed obvious that some difficult decisions will need to be made that few are both willing and able to make This difficulty is particularly true in decisions about health care allocation and that is where QALYs have been found useful and problematic Limiting medical care for the elderly based upon their age did not occur until the mid twentieth century possibly because the elderly held a unique position of respect in the Western community It is no longer the case that the elderly are given a unique position of respect and dignity Rather it seems that with the increased use of QALY calculations the elderly are in danger of receiving less medical care than they are warranted It is imperative that Christians respond to the ethical implications of significant models of resource allocation that currently assist decision makers in the allocation process such as QALYs
