Know-It-Alls Noam Cohen,2017-11-07 Included in Backchannel s WIRED com Top Tech Books of 2017 An important book on the pervasive influence of Silicon Valley on our economy culture and politics New York Times How the titans of tech s embrace of economic disruption and a rampant libertarian ideology is fracturing America and making it a meaner place In The Know It Alls former New York Times technology columnist Noam Cohen chronicles the rise of Silicon Valley as a political and intellectual force in American life Beginning nearly a century ago and showcasing the role of Stanford University as the incubator of this new class of super geeks Cohen shows how smart guys like Jeff Bezos Peter Thiel Sergey Brin Larry Page and Mark Zuckerberg fell in love with a radically individualistic ideal and then mainstreamed it With these very rich men leading the way unions libraries public schools common courtesy and even government itself have been pushed aside to make way for supposedly efficient market based encounters via the Internet Donald Trump s election victory was an inadvertent triumph of the disruption that Silicon Valley has been pushing Facebook and Twitter eager to entertain their users turned a blind eye to the fake news and the hateful ideas proliferating there The Rust Belt states that shifted to Trump are the ones being left behind by a meritocratic Silicon Valley ideology that promotes an economy where in the words of LinkedIn founder Reid Hoffman each of us is our own start up A society that belittles civility empathy and collaboration can easily be led astray The Know It Alls explains how these self proclaimed geniuses failed this most important test of democracy **Dialogues on**

Religion—and its Study Russell T. McCutcheon, 2024-11-29 Dialogues on Religion and its Study creatively revives a time honored genre by offering a series of new speeches on religion its definition description comparison and explanation between two old friends who periodically meet throughout the year Eventually working their way to examining why we tend to call part of our world and our experiences religious nonspecialist readers can eavesdrop on their conversations gaining entry to a series of timely interesting and sometimes surprisingly complex topics which all begins with one of them coming across a curious news story on their phone Treating these dialogues as if they were found objects the book then also joins in a long tradition of critical editions by offering a scholarly introduction to the speeches along with a detailed commentary on both the technical items mentioned as well as the various cultural references that our speakers find to be familiar and then use to think through material that s rather new at the same time providing clues as to their identities and location Written in the vernacular with a helpful postface that some may wish to read first Dialogues on Religion and its Study is original engaging and at times funny while always meeting readers where they sometimes are just a little intrigued by something they ve discovered and wishing that they could discuss it with a good friend maybe meeting for coffee or over breakfast at a diner

Petrinovich, The Cannibal Within offers an evolutionary account of the propensity of human beings in extreme circumstances to eat other human beings despite the strong Western taboo against such practices What sets this volume apart from the large body of literature on cannibalism both popular and anthropological is the underlying premise cannibalism as an alternative to starvation is tacitly condoned by the same biological morality that would condemn cannibalism of other sorts in non threatening situations Deep as the taboos may be the survival instinct runs even deeper The title of the book reflects the author's belief that cannibalism is not a pathology that erupts in psychotic individuals but is a universal adaptive strategy that is evolutionarily sound The cannibal is within all of us and cannibals are within all cultures should the circumstances demand cannibalism's appearance and usage Petrinovich's work is rich in historical detail and rises to a level of theoretical sophistication in addressing a subject too often dealt with in sensationalist terms The major instances in which survival cannibalism has occurred convinced the author that there is a consistent pattern and a uniform regularity of order in which different kinds of individuals are consumed In considering who eats whom when and under what circumstances this regularity appears and it is consistent with what would be expected on the basis of evolutionary or Darwinian theory In short he concludes that starvation cannibalism is not a manifestation of the chaotic psychotic behavior of individuals who are driven to madness but reveals underlying characteristics of evolved human beings Lewis Petrinovich is professor emeritus in the Department of Psychology of the University of California Riverside and is currently a resident of Berkeley California MARX, HITLER, COMMUNISM, NAZISM Micky Barnetti, Lin Xun, Richard Cory, Karl Marx and Adolph Hitler are always trending on the internet Their ideas are adored and repeated incessantly on social media and by the mainstream media MSM Their books were once considered too dangerous for the general public But Mein Kampf was a bestseller as recently as 2017 Its popularity grows worldwide It has always been one of Amazon's better selling book titles Web searches reveal the embarrassing 2018 video Chinese President Xi Jinping delivers speech on anniversary of Marx's birth In it Xi openly drooled over the western male racist socialist China is led around by its nose tied to the same old German who influenced Hitler Is there any other country of that size that openly worships a foreigner as their great white savior Marx's larger than life posters are often paired with the outdated hammer and sickle symbol that China parroted from Soviet socialism How embarrassing America's love affair with German philosophy stretches back to the mid

1800s and farther Many Americans struggle to bring Germany's past into the present at every election MSM polling reports that 70 percent of millennials say they would vote for a candidate who self identifies the same as Hitler 2019 YouGov poll Two politicians in the USA Alexandria Ocasio Cortez AOC Bernie Sanders BS boastfully self identify the same as Hitler SOCIALIST Other politicians gladly adopt and repeat the same ideas even if they are too dishonest to admit that they are socialist According to another report 60 percent of Millennials age 24-39 support a complete change of our economic system Marx and Hitler were both anti bourgeois and advocated revolution Many Americans long for the same revolutions The ideas of the beloved Deutschland duo continue to grow in popularity Germany's two top white male racist political philosophers stay in vogue even though their policies remain a mystery For example the following facts with credit to the archives of the historian Dr Rex Curry will come as news to most readers 1 Hitler and Marx were popular in the USA Two famous American socialists the cousins Edward Bellamy and Francis Bellamy were heavily influenced by Marx The American socialists returned the favor Francis Bellamy created the Pledge of Allegiance to the Flag that was the origin of Nazi salutes and Nazi behavior The Bellamys were American national socialists For more on that advance to chapter 6 on Bellamy salutes 2 The classic military salute to the brow also contributed to the creation of the Nazi salute with the right arm extended stiffly 3 The Bellamy cousins promoted socialist schools that imposed segregation by law and taught racism as official policy 4 Hitler and his supporters self identified as socialists by the very word in voluminous speeches and writings The term Socialist appears throughout Mein Kampf as a self description by Hitler 5 Hitler never called himself a Nazi There was no Nazi Germany There was no Nazi Party Those terms are slang to hide how Hitler and his comrades self identified SOCIALIST 6 Hitler never called himself a Fascist That term is misused to hide how Hitler and his comrades self identified SOCIALIST 7 The term Nazi isn't in Mein Kampf nor in Triumph of the Will 8 The term Fascist never appears in Mein Kampf as a self description by Hitler 9 The term swastika never appears in the original Mein Kampf 10 There is no evidence that Hitler ever used the word swastika 11 The symbol that Hitler did use was intended to represent S letter shapes for socialist 12 Hitler altered his own signature to reflect his S shapes for socialism logo branding 13 Mussolini was a long time socialist leader with a socialist background raised by socialists to be a socialist and he joined socialists known as fascio fasci and fascisti 14 Fascism came from a socialist e.g. Mussolini Communism came from a socialist e.g. Marx Fascism and Communism came from socialists 15 German socialists and Soviet socialists partnered for International Socialism in 1939 They launched WWII invading Poland together and continued onward from there killing millions Soviet socialism had signed on for Hitler's Holocaust 16 After Hitler's death Stalin continued the plan he had made with Hitler for Global Socialism Stalin took over the same areas that Hitler had captured He used the same facilities that Hitler had used Hitler's Holocaust never ended Stalin replaced Hitler Hitler Stalin Mao Mussolini and other tyrants were influenced by propaganda in the USA including the childish American socialists Francis Bellamy and Edward Bellamy Both Bellamy cousins wanted government to take over all schools to teach socialism to

all youngsters worldwide Francis Bellamy was the author of the Pledge of Allegiance to the flag the origin of the infamous stiff armed salute adopted later under German socialism and Adolf Hitler Long before the Deutschland fad began American schoolchildren were taught to chant in unison and perform the same salute each day in government schools that imposed segregation by law and taught racism as official policy Anyone who rejected the ritual in the schools was persecuted America's Nazi salute was often performed by public officials in the USA from 1892 through 1942 What happened to old photographs and films of the American Nazi salute performed by federal state county and local officials Those photos and films are rare because people don't want to know the truth about the government's past TV newspapers and other MSM will not show a historic photo or video of the early American straight arm salute nor mention its history and impact worldwide American youth groups Scouting adopted Bellamy's American Nazi salute with Bellamy's encouragement AND saluted swastika badges worn by fellow scouts Many Americans were accustomed to Nazi salutes for swastikas long before German socialism and Hitler Youth adopted similar behavior under Hitler That helps to explain another inconvenient truth swastikas were promoted in the US military and worn as a patch on the upper left arm of American soldiers in a fashion that would become uniform under German socialism There are extremely rare photographs in this book [America's Forgotten Terrorists](#) Jeffrey D.
