Pär Kristoffer Cassel

Tokens Of Exchange The Problem Of Translation In Global Circulations Post Contemporary Interventions:

Tokens of Exchange Lydia H. Liu, 2000-01-19 Theorizes the role of translation in the circulation of ideas and meanings in a global economy through a number of China related case studies **Peace, Decolonization, and the Practice of Solidarity** Rob Skinner, 2023-10-05 This book shows that the connected histories of decolonization and globalization concern the practices of individuals and movements as much as they do the ideologies of states institutions and organizations Viewing decolonization through non state activist practices and setting anti colonial solidarity in the context of the methods of contemporary global peace movements it argues that seemingly marginal histories can illuminate aspects of the end of empire that are not readily apparent in studies centred on state diplomacy and nationalist movements Focusing on a group of British and American activists including the pacifist campaigner A J Muste the anti apartheid priest Michael Scott and the civil rights organiser Bayard Rustin Skinner explores connected global histories of anti nuclear peace campaigns anti colonialism and decolonization to illuminate new perspectives on the end of empire and the Cold War Studying a failed attempt to infiltrate the French atom bomb test site in southern Algeria and a mass march across the border between Tanganyika and Northern Rhodesia that never took place these stories provide valuable insights into the interactions between local and global scales of historical experience In presenting these histories this book demonstrates how global and transnational histories can challenge and disrupt rather than reinforce hierarchies of power and privileges In doing so it also contributes to ongoing debates surrounding the nature of decolonization as a historical phenomenon by focusing on the practices of activism that shaped and were shaped by the political and intellectual structures of decolonization Tokens of Exchange Lydia H. Liu, 1999 Theorizes the role of translation in the circulation of ideas and meanings in a global economy through a number of China related case studies Imagined Civilizations Roger Hart, 2013-08-15 Roger Hart debunks the long held belief that linear algebra developed independently in the West Accounts of the seventeenth century Jesuit Mission to China have often celebrated it as the great encounter of two civilizations The Jesuits portrayed themselves as wise men from the West who used mathematics and science in service of their mission Chinese literati official Xu Guangqi 1562 1633 who collaborated with the Italian Jesuit Matteo Ricci 1552 1610 to translate Euclid s Elements into Chinese reportedly recognized the superiority of Western mathematics and science and converted to Christianity Most narratives relegate Xu and the Chinese to subsidiary roles as the Jesuits translators followers and converts Imagined Civilizations tells the story from the Chinese point of view Using Chinese primary sources Roger Hart focuses in particular on Xu who was in a position of considerable power over Ricci The result is a perspective startlingly different from that found in previous studies Hart analyzes Chinese mathematical treatises of the period revealing that Xu and his collaborators could not have believed their declaration of the superiority of Western mathematics Imagined Civilizations explains how Xu s West served as a crucial resource While the Jesuits claimed Xu as a convert he presented the Jesuits as men from afar who had traveled from the West

to China to serve the emperor Privatizing China Li Zhang,Aihwa Ong,2015-07-22 Everyday life in China is increasingly shaped by a novel mix of neoliberal and socialist elements of individual choices and state objectives This combination of self determination and socialism from afar has incited profound changes in the ways individuals think and act in different spheres of society Covering a vast range of daily life from homeowner organizations and the users of Internet cafes to self directed professionals and informed consumers the essays in Privatizing China create a compelling picture of the burgeoning awareness of self governing within the postsocialist context The introduction by Aihwa Ong and Li Zhang presents assemblage as a concept for studying China as a unique postsocialist society created through interactions with global forms The authors conduct their ethnographic fieldwork in a spectrum of domains family community real estate business taxation politics labor health professions religion and consumption that are infiltrated by new techniques of the self and yet also regulated by broader socialist norms Privatizing China gives readers a grounded fine grained intimacy with the variety and complexity of everyday conduct in China s turbulent transformation **Social Text** ,2000 **Rule of Law Or Rule of Laws** Pär Kristoffer Cassel,2006 **Forthcoming Books** Rose Arny,2000 社會學 ,2001 *Antipode* ,2000 *Philosophy East & West* ,2000 哲學 ,2000 *G.K. Hall Bibliographic Guide to East Asian Studies* ,2000 **Subject Guide to Books in Print** ,2001 *American Book Publishing Record* ,2000 **Great Walls of Discourse and Other Adventures in Cultural China** Haun Saussy,2001 In six interpretive studies of China the author examines the ways in which the networks of assumption and consensus that make communication possible within a discipline affect collective thinking about the object of study **Angelwings** ,2003 Lesbian and gay or queer fiction known in Mandarin as tongzhi wenxue constitutes a major contribution to Taiwanese literature as evidenced by the remarkable number of prestigious literary awards won by many of the authors of the short stories presented here Indeed the meteoric rise of this new genre was a defining feature of Taiwan s literary scene in the 1990s Queer fiction was also instrumental in forming self identifying subcultural gay readerships thus serving a significant political function But most strikingly this fiction has been immensely popular with general readers in Taiwan Hong Kong and Singapore as well as in diasporic Chinese communities worldwide The startlingly fresh brave voices that speak through these stories attest to the powerful social ferment of the past ten years in Taiwan which have witnessed a revolution in discourses on sex and sexuality in the public sphere Contributors Chu T ien Wen Qiu Miaojin Chu T ien Hsin Hsu Yoshen Lin Yuyi Lin Chun Ying Chen Xue Hong Ling Chi Tawei Wu Jiwen

Embracing the Track of Phrase: An Psychological Symphony within **Tokens Of Exchange The Problem Of Translation In Global Circulations Post Contemporary Interventions**

In a world consumed by monitors and the ceaseless chatter of instant conversation, the melodic elegance and emotional symphony produced by the written word frequently diminish into the background, eclipsed by the relentless sound and interruptions that permeate our lives. Nevertheless, situated within the pages of **Tokens Of Exchange The Problem Of Translation In Global Circulations Post Contemporary Interventions** a stunning literary treasure full of natural feelings, lies an immersive symphony waiting to be embraced. Crafted by a masterful musician of language, this fascinating masterpiece conducts viewers on a mental journey, skillfully unraveling the hidden songs and profound affect resonating within each carefully constructed phrase. Within the depths of the moving evaluation, we will investigate the book is main harmonies, analyze its enthralling publishing design, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.
