Tolstoy's Political Thought Alexandre Christoyannopoulos, 2019-08-29 Leo Tolstoy 1828 1910 besides writing famous novels such as War and Peace also wrote on political issues especially later in his life putting forward a political philosophy which might be termed Christian anarchism This book provides a comprehensive overview of Tolstoy's political thought It outlines in a systematic way Tolstoy's thought which was originally articulated unsystematically in diverse often informal writing such as pamphlets letters and speeches as well as books and in his novels where Tolstoy's thinking is put forward implicitly through the novels characters The book sets out the basic themes of Tolstoy's political thought his acceptance of the teachings of Jesus his criticism of the way in which Jesus teachings have been relayed by the church through traditional creeds and dogma his passionate rejection of political violence by both the state and those working for reform his plea for a nonviolent response to violence and injustice and his call for society to forego its institutional shackles and enact a community of peace love and justice The book also includes background information on the Russia of Tolstoy's time including the religious context and a discussion of how Tolstoy's political thought has been received by his admirers who included Gandhi and his critics

Nabokov Noir Luke Parker, 2022-11-15 Nabokov Noir places Vladimir Nabokov's early literary career from the 1920s to the 1940s in the context of his fascination with silent and early sound cinema and the chiaroscuro darkness and artificial brightness of the Weimar era with its movie palaces cultural Americanism and surface culture Luke Parker argues that Nabokov's engagement with the cinema and the dynamics of mass culture more broadly is an art of exile understood both as literary poetics and practical strategy Obsessive and competitive fascinated and disturbed Nabokov's Russian language fiction and essays written in Berlin present a compelling rethinking of modernist era literature's relationship to an unabashedly mass cultural phenomenon Parker examines how Nabokov's involvement with the cinema as actor screenwriter moviegoer and above all chronicler of the cinematized culture of interwar Europe enabled him to flourish as a transnational writer Nabokov Parker shows worked

tirelessly to court publishers and film producers for maximum exposure for his fiction across languages media and markets In revealing the story of Nabokov's cinema praxis his strategic instrumentalization of the movie industry Nabokov Noir reconstructs the deft response of a modern master to the artificial isolation and shrinking audiences of exile **The Expositor and Current Anecdotes** ,1910 British Books ,1963 **Library Journal** ,2005 Into Siberia Gregory J.
