Too Close To Home Women Of Justice Series 1:

Too Close to Home (Women of Justice Book #1) Lynette Eason, 2010-04-01 Samantha Cash is the FBI's secret weapon. Her methods are invisible and she never stops until the case is closed. When missing teens begin turning up dead in a small Southern town, Samantha is assigned to help local chief Connor Wolfe find the killer. And he has two problems with that: There's her faith in God and herself. And then there's the fact that she looks exactly like his late wife. As they get close to an answer, the case becomes personal. The killer seems to be taking an interest in Connor's 16-year-old daughter who thinks her dad is getting way too protective. Can't a girl just have some fun? *Too Close to Home* ratchets up the suspense with each page and will have readers cheering for the characters they love as justice is served and love grows even in the face of danger. Read this one with the lights on.

outcomes among the population Reasons for these variations range from biology to the population's levels of exposure and susceptibility to elements in their environment including the social interactions taking place within the environment The field of health and medical geography focuses on the spatial patterns and processes underlying these variations and provides pathways for understanding and addressing them More specifically the sub discipline of health and medical geography focuses on among others how places their characteristics and processes that go on in them and environmental factors underlie and or influence disease patterns exposure and susceptibility to diseases health variations health behavior health outcomes and the provision of and access to healthcare services This volume documents perspectives and applications in health and medical geography in Africa for academics students health practitioners and development policymakers

Tainted Milk Maia Boswell-Penc, 2012-02-01 Tainted Milk provides an in depth analysis of the debate about infant nourishment issues with a particular focus on environmentally contaminated breastmilk Maia Boswell Penc asks why feminists and environmentalists have for the most part remained relatively quiet about the fact that environmental toxins have been appearing in breastmilk She argues that feminists avoid the topic because of their fear of focusing on biological mothering and essentialist thinking while environmentalists are reluctant to be perceived as fearmongers advocating formula use and contributing to public hysteria Boswell Penc also points to the continuing racism classism ageism and corporatization that leaves the less privileged among us more vulnerable

Equality for Women = Prosperity for All Augusto Lopez-Claros, Bahiyyih Nakhjavani, 2018-10-30 A groundbreaking book about the direct relationship between a woman's rights and freedoms and the economic prosperity of her country The authors speak to hearts as well as minds Maud de Boer Buquicchio UN Special Rapporteur Not only timely but profoundly important a must read Jackie Jones Professor of Feminist Legal studies Gender discrimination is often seen from a human rights perspective it is a violation of women's basic human rights as embedded in the Universal Declaration the UN Charter and other such founding documents Moreover there is overwhelming evidence that restrictions and various forms of discrimination against women are also bad economics They undermine the talent pool available to the private sector they distort power relationships within the family and lead to inefficiencies in the use of resources They contribute to create an environment in which women de facto are second class citizens with fewer options than men lower quality jobs lower pay often the victims of various forms of violence literally from the cradle to the grave They are also not fully politically empowered and have scant presence in the corridors of power whether as finance ministers central bank governors prime ministers or on the boards of leading corporations Why is gender inequality so pervasive Where does it come from Does it have cultural and religious roots And what are the sorts of policies and values that will deliver a world in which being born a boy or a girl is no longer a measure of the likelihood of developing one's human potential
