Toward The Outside Concepts And Themes In Emmanuel Levinas:

Toward the Outside Michael Bradley Smith, 2005 Toward the Outside offers a systematic exposition of the essential concepts themes that circulate throughout the thought of Emmanuel Levinas **The Bloomsbury Companion to Heidegger** Francois Raffoul, Eric S. Nelson, 2013-08-15 The definitive reference guide to Heidegger s life and work including 57 original essays covering all the key aspects of his thought *Emmanuel Levinas' Conceptual Affinities with Liberation Theology* Alain Mayama, 2010 Emmanuel Levinas Conceptual Affinities with Liberation Theology analyzes Levinas work in relation to two important liberation theologians Gustavo Guti rrez and Jon Sobrino whose scholarship like his needs to be brought into greater contemporary debate about the subject s encounter with the other More specifically this book argues that for Levinas Guti rrez and Sobrino commitment to the neighbor is the necessary context for understanding God They posit the human other as the possibility of the subject s subjectivity To be human is to act with love toward one s neighbor Thus the author articulates the possibility of reading Levinas philosophy as a revalidation of one of the truths of Christianity the concern for the humanity of every human person as expressed in Christian theology in general and liberation theology in particular In order to show the relevance of Levinas philosophy for Christian theology in general the author discusses three Christian scholars Enrique Dussel Jean Luc Marion and Michael Purcell Although they challenge some aspects of Levinas philosophy they nevertheless see its significance for Christian theological anthropology The discussion concludes by proposing Levinas philosophy and liberation theology s turn to the neighbor as significant for addressing contemporary socio political and ethnic conflicts in sub Saharan Africa **Late Modernist Style in Samuel Beckett and Emmanuel Levinas** P. Fifield, 2013-03-20 Beckett and Levinas are of central importance to critical debates about literary ethics Rather than suggest the preservation of literary and ethical value in the wake of the WWII this book argues that both launched a sustained attack on the principles of literature weaving narrative and descriptive doubt through phenomenology prose and drama **The ^AOxford Handbook of Levinas** Michael L. Morgan, 2019-04-10 Emmanuel Levinas 1906 1995 emerged as an influential philosophical voice in the final decades of the twentieth century and his reputation has continued to flourish and increase in our own day The essays in the present volume aim to clarify central themes of his work from the primacy of ethics to his interest in time and history and especially his conception of the role of the face to face encounter and interpersonal responsibility They also deal with a host of ways in which his work has been appropriated and applied and the central figures who influenced him and to whom he responded **Levinas, Subjectivity, Education** Anna Strhan, 2012-06-12 Levinas Subjectivity Education explores how the philosophical writings of Emmanuel Levinas lead us to reassess education and reveals the possibilities of a radical new understanding of ethical and political responsibility Presents an original theoretical interpretation of Emmanuel Levinas that outlines the political significance of his work for contemporary debates on education Offers a clear analysis of Levinas s central philosophical concepts including the place of

religion in his work demonstrating their relevance for educational theorists Examines Alain Badiou's critique of Levinas's work Considers the practical implications of Levinas theories for concrete educational practices and frameworks

Levinas, Kant and the Problematic of Temporality Adonis Frangeskou, 2017-11-08 This book offers an ethical interpretation of the Critique of Pure Reason by establishing the historical connection between the problematic of Temporality in the philosophies of Heidegger and Levinas on the one hand and the ground laying of metaphysics in the schematism of Kant's critical philosophy on the other Drawing on Levinas's ethical critique of the Heideggerian problematic of Temporality together with his destructive proposal to carry out the deformalization of the Kantian notion of time in a manner consistent with Rosenzweig's philosophy the book argues that this historical connection should be established at the point where Kant determines the ethical status of the schematism according to the regulative schemas of the ideas of pure reason and not as in Heidegger's ontological destruction at the point of his determination of the sensible schemas of the pure concepts of understanding alone

Arendt, Levinas and a Politics of Relationality Anya Topolski, 2015-05-21 Born in Eastern Europe educated in the West under the guidance of Martin Heidegger and the phenomenological tradition and forced to flee during the Holocaust because of their Jewish identity it should come as no surprise that Emmanuel Levinas and Hannah Arendt's ideas intersect in an important way This book demonstrates for the first time the significance of a dialogue between Levinas ethics of alterity and Arendt's politics of plurality Anya Topolski brings their respective projects into dialogue by means of the notion of relationality a concept inspired by the Judaic tradition that is prominent in both thinker's work The book explores questions relating to the relationship between ethics and politics the Judaic contribution to rethinking the meaning of the political after the Shoah and the role of relationality and responsibility for politics The result is an alternative conception of the political based on the ideas of plurality and alterity that aims to be relational inclusive and empowering

The Trace of the Face in the Politics of Jesus John Patrick Koyles, 2013-06-26 Taking its cue from Mark Nation's regret that John Howard Yoder refrained from a fuller engagement with the Western philosophical tradition this book is an effort to explore the possibilities inherent in that conversation It develops a dialogue between Yoder and the French philosopher Emmanuel Levinas The placement of Yoder's work alongside of Levinas conception of otherness cashes out the embedded hope in Nation's remarks by demonstrating the continuing relevancy of Yoder's thought for current Christian sociopolitical discourse This book is especially aimed at those who seek to continue exploring the themes and ideas of John Howard Yoder

The Utopian Human Right to Science and Culture Anna Maria Andersen Nawrot, 2016-03-03 This book explores the question of whether the ideal right to science and culture exists It proposes that the human right to science and culture is of a utopian character and argues for the necessity of the existence of such a right by developing a philosophical project situated in postmodernity based on the assumption of thinking in terms of excedence The book brings a novel and critical approach to human rights in general and to the human right to science and culture in particular It offers a new way of

thinking about access to knowledge in the postanalogue postmodern society Inspired by twentieth century critical theorists such as Levinas Gadamer Bauman and Habermas the book begins by using excedence as a way of thinking about the individual speech and text It considers paradigms arising from postanalogue society revealing the neglected normative content of the human right to science and culture and proposes a morality dignity and solidarity situated in a postmodern context Finally the book concludes by responding to questions on happiness dignity and that which is social Including an Annex which presents the author's private project related to thinking in the context of the journey from myth to reason this book is of interest to researchers in the fields of philosophy and the theory of law human rights intellectual property and social theory

The Future of Political Theology Péter Losonczi, Mika Luoma-aho, Aakash Singh, 2016-03-16 Recent shifts in the contemporary cultural political and religious landscape are engendering intensive attention concerning political theology New trends and traditional ideas equally colour these movements Given that a medley of recent books and articles have exhaustively treated both the history and the current resurgence of political theology we now find ourselves faced with the task of reinventing and redefining the future of political theology This book presents a rich overview of fresh contemporary theoretical approaches uniquely prioritizing the prospects of the future of political theology but also making room for significant interventions from philosophy and political theory Including prominent essays on Judaic Islamic Buddhist and Christian perspectives this book balances elements from post modern theology with more classical as well as anti post modern approaches

Emmanuel Donald Wallenfang, 2021-11-12 Emmanuel Levinas 1906 1995 is perhaps one of the best kept philosophical secrets of recent times By locating ethics as first philosophy based on the call of the other Levinas has revolutionized the Western philosophical tradition In effect the perennial priority of the self is displaced by the uncanny urgency of the other Emmanuel Levinas and Variations on God with Us gives the reader an introduction to the life and work of this humble philosophical genius Several applications are made of Levinas's insights interreligious dialogue analytic versus continental philosophy law and freedom maternity childhood hermeneutics and ethical contemplation Most especially Levinas is brought into lively conversation with Jean Luc Marion Levinas's phenomenology of proclamation is set in confrontation with Marion's phenomenology of manifestation throughout the book Erotic love is met with a love filled with responsibilities for the other Mount Carmel and Mount Zion face one another in a topography of the infinite Readers will appreciate the variety of themes treated as well as the dynamic interaction between philosophy and theology Given the fragmented postmodern milieu of the world today perhaps the philosophical intuitions of Emmanuel Levinas were prepared for such a time as this Esth 4 14

Heidegger and Kabbalah Elliot R. Wolfson, 2019-10-01 While many scholars have noted Martin Heidegger's indebtedness to Christian mystical sources as well as his affinity with Taoism and Buddhism Elliot R Wolfson expands connections between Heidegger's thought and kabbalistic material By arguing that the Jewish esoteric tradition impacted Heidegger Wolfson presents an alternative way of understanding the history of Western philosophy Wolfson's

comparison between Heidegger and kabbalah sheds light on key concepts such as hermeneutics temporality language and being and nothingness while yielding surprising reflections on their common philosophical ground Given Heidegger's involvement with National Socialism and his use of antisemitic language these innovative readings are all the more remarkable for their juxtaposition of incongruent fields of discourse Wolfson's entanglement with Heidegger and kabbalah not only enhances understandings of both but more profoundly serves as an ethical corrective to their respective ethnocentrism and essentialism Wolfson masterfully illustrates the redemptive capacity of thought to illuminate common ground in seemingly disparate philosophical traditions

Fifty Key Contemporary Thinkers John Lechte, 2007-08-07 This revised second edition from our bestselling Key Guides includes brand new entries on some of the most influential thinkers of the twentieth and twenty first century Zizek Bergson Husserl Heidegger Butler and Haraway With a new introduction by the author sections on phenomenology and the post human full cross referencing and up to date guides to major primary and secondary texts this is an essential resource to contemporary critical thought for undergraduates and the interested reader

Hidden Genocides Alexander Laban Hinton, Thomas La Pointe, Douglas Irvin-Erickson, 2013-12-18 Why are some genocides prominently remembered while others are ignored hidden or denied Consider the Turkish campaign denying the Armenian genocide followed by the Armenian movement to recognize the violence Similar movements are building to acknowledge other genocides that have long remained out of sight in the media such as those against the Circassians Greeks Assyrians the indigenous peoples in the Americas and Australia and the violence that was the precursor to and the aftermath of the Holocaust The contributors to this collection look at these cases and others from a variety of perspectives These essays cover the extent to which our biases our ways of knowing our patterns of definition our assumptions about truth and our processes of remembering and forgetting as well as the characteristics of generational transmission the structures of power and state ideology and diaspora have played a role in hiding some events and not others Noteworthy among the collection's coverage is whether the trade in African slaves was a form of genocide and a discussion not only of Hutu brutalizing Tutsi victims in Rwanda but of the execution of moderate Hutus as well Hidden Genocides is a significant contribution in terms of both descriptive narratives and interpretations to the emerging subfield of critical genocide studies Contributors Daniel Feierstein Donna Lee Frieze Krista Hegburg Alexander Laban Hinton Adam Jones A Dirk Moses Chris M Nnampa Walter Richmond Hannibal Travis and Elisa von Joeden-Forgey

The Gift of Logos David Jones, Michael Schwartz, Jason M. Wirth, 2009-12-14 The Continental tradition has always placed great emphasis on the Logos The Gift of Logos Essays in Continental Philosophy celebrates and situates this emphasis in the genre of the gift and its giving The process of receiving or giving of the gift overcomes the existential alienation and separation that is so present in the human condition To ritualize giving and its gifting is to provide a syntax of solidarity that bespeaks our desire for cohesion and need for identities beyond our own To give a gift is to befriend The gift of logos is more than a gift from the gods and goddesses it is an act of giving for

those friends of wisdom for those philosophers who give to each other and to their worlds and receive the blessings of logos from each other The increasing objectification of human being has mobilized a regressive narcissism that shows the ego's reassertion in the light of the meaningless quantifying forces from without By not reflecting deeply enough upon its conditions of existence in the modern world and on its ordinary moments philosophy itself has not been immune from this besotted sense of self Although not an invective against thinking nor against modern and contemporary philosophy's genuine advances The Gift of Logos portends to shed the delusion that theoretical re-description is somehow the same as transforming who we are This transformation is our greatest gift to each other To give it voice is the gift of Logos and what this collection of essays commemorates

Identity Politics and Economic Development in North-East India Komol Singha, M. Amarjeet Singh, 2014-01-01 India's North Eastern Region is the home to different indigenous communities and socio-economic condition of these communities is relatively weaker than the average national level Besides the weak physical social and economic infrastructures etc they are primarily the victims of human rights violations in one form or the other Ethnic social and political problems have plagued and slowed down the region's development processes Therefore multi-faceted mechanism is highly recommended to overcome the complex issues of these traditional communities With these understandings the present volume Identity Politics and Economic Development in North East India consists of 23 essays explores the issues of socio-economic political and cultural dimension of the region Also the essays try to explore the difficulties faced by the traditional communities mainly community uprisings and human rights violations and the contributors through their academic discourses explored some probable ways and means to overcome the difficulties

Dialectical Anatomy of the Eucharist Donald Wallenfang, 2017-05-16 For centuries Christian theology has understood the Eucharist in terms of metaphysics or in protest against it Today an opening has been made to imagine the sacrament through the method of phenomenology bringing about new theological life and meaning In Dialectical Anatomy of the Eucharist Donald Wallenfang conducts a sustained analysis of the Eucharist through the aperture of phenomenology yet concludes the study with poetic and metaphysical twists Engaging the work of Jean Luc Marion Paul Ricoeur and Emmanuel Levinas Wallenfang proposes pioneering ideas for contemporary sacramental theology that have vast implications for interfaith and interreligious dialogue By tapping into the various currents within the Judeo-Christian tradition Jewish Catholic Orthodox and Protestant a radical argument is developed that leverages the tension among them all Several new frontiers are explored dialectical theology a fourth phenomenological reduction the phenomenology of human personhood the poetics of the Eucharist and a reinterpretation of the concept of gift as conversation On the whole Wallenfang advances recent debates surrounding the relationship between phenomenology and theology by claiming an uncanny way out of emerging dead ends in philosophical theology return to the fray

The Art of Time Nina L Molinaro, 2019-07-12 Ethics or the systematized set of inquiries and responses to the question what should I do has infused the history of human narrative for more than two

centuries One of the foremost theorists of ethics during the twentieth century Emmanuel Levinas 1906 1995 radicalized the discipline of philosophy by arguing that the ethical is the foundational moment for human subjectivity and that human subjectivity underlies all of Western philosophy Levinas s voice is crucial to the resurging global attention to ethics because he grapples with the quintessential problem of alterity or otherness which he conceptualizes as the articulation of and prior responsibility to difference in relation to the competing movement toward sameness Academicians and journalists in Spain and abroad have recently fastened on an emerging cluster of peninsular writers who they argue pertain to a discernible literary generation provisionally referred to as Generaci n X These writers are distinct from their predecessors they and their literary texts are closely related to the specific socio political and historical circumstances in Spain and their novels relate stories of more and less proximity more and less responsibility and more and less temporality In short they trace the temporal movement of alterity through narrative Published by Bucknell University Press Distributed worldwide by Rutgers University Press

Claude Lefort M. Plot, 2013-06-11 This is the first English language volume to offer such a wide ranging scholarly and intellectual perspective on Claude Lefort It constitutes the most comprehensive attempt to reconstruct Lefort s engagement with his theoretical interlocutors as well as his influence on today s democratic thought and contemporary continental political philosophy
