

TOWBOAT ON THE OHIO

JAMES E. CASTO

Towboat On The Ohio Ohio River Valley Series

David O. Whitten

Towboat On The Ohio Ohio River Valley Series:

Towboat on the Ohio James E. Casto, 2021-12-14 To get a personal look at what it is like to work on the Ohio River newspaperman James E. Casto spent eight days aboard the Blazer as it traveled the Ohio from Huntington West Virginia to Pittsburgh up the Allegheny and the Mongahela and then back to Huntington The Paul G Blazer a gleaming white towboat owned and operated by Ashland Oil pushes a group or tow as the rivermen call it of nine barges on this trip Along the way Casto introduces us to Captain Ronnie Davis pilot Ronnie Burge engineer Steve Bellomy the mates the deckhands and the cook as well as the river itself the life and the beauty that are the Ohio Interwoven with the narrative of the trip upriver and back is the history of commerce on the Ohio of how the flatboats and keelboats gave way to the steamboats and how in turn the steamboats were replaced by today's powerful diesel powered boats such as the Blazer Mark Twain wrote that the Mississippi had a new story to tell every day The same can be said of the Ohio As engaging as it is informative *Towboat on the Ohio* tells one of the many stories of the busy hardworking Ohio River *Transportation Series* United States. Board of Engineers for Rivers and Harbors, 1929 **Transportation Series** United States. Army. Corps of Engineers, 1929

Transportation Series, 1929 **Extractives, Manufacturing, and Services** David O. Whitten, 1997-04-22 The second volume in the Handbook of American Business History series this book offers concise histories of extractive manufacturing and service industries as well as extensive bibliographic essays pointing to the leading sources on each industry and bibliographic checklists Supplementing other bibliographic materials in business history this volume provides researchers with a much needed path through the vast array of material available in the library and on the Internet Indicating which resources to check and which to bypass the book is a guide to a sometimes overwhelming amount of information Each of the book's chapters provides a concise industry history beginning with the industry's rise to importance in the U S and continuing to the present The bibliographic essays provide a narrative outline of the leading sources published or made available in archives libraries or museum collections since 1971 when Lovett's American Economic and Business History Information Sources was published Each discussion concludes with a bibliographic checklist of the titles mentioned in the essay as well as other titles In a rapidly expanding information society researchers teachers and students may be easily overwhelmed by the exhaustive material available in print and electronically What is useful and what can be ignored is a strategic question and few know where to begin This book provides a guide **TRANSPORTATION SERIES ;**

1955-1962NO4 United States. Board of Engineers for Rivers and Harbors, 1958 **Life on the Ohio** James Coomer, 2004-05-01 When young James Coomer was offered a job as deckhand on the tugboat Pat Murphy at a dollar an hour he took his first smell of diesel fuel and knew he was hooked *Life on the Ohio* puts the reader in the pilot's seat as Coomer wrestles with runaway barges navigates through ice and fog pacifies angry crew members and contends with the loneliness of working a thirty day stretch A modern counterpart to Twain's account of life as a steamboat pilot *Life on the Ohio* depicts

the working river as it is today with its immense towboats gigantic locks and dams and millions of tons of cargo Coomer captures the movement of the boats and the colorful language of river people Coomer admits that he stuck at his job not for money but for love of the river and his work Over the years I had experiences I wouldn't trade for a barge full of gold he says and that's what this book is all about
