Tolkien to Terry Pratchett and Tad Williams** Stefanie Schult, 2017-01-26 The doctoral thesis argues that the term Subcreation with its revised and broadened definition in part differing from J.R.R. Tolkien's original term sub-creation may be used for the discussion of the making of fictional worlds in literary discourse The successful conception of a fictional world depends on the reader's willing suspension of disbelief This depends both on the author and his skilled composition of the world and all its aspects as well as on the reader's acceptance of this invented fictional world The author needs to create a narrative with an inner consistency which is crucial to achieving the effect of the reader's immersion in the fictional world The fundamental aspects that an author needs to realize to achieve successful Subcreation have been structured into and analysed in four categories Language and Linguistic Variation Physiopoeia Anthropoeia and Mythopoeia Furthermore this thesis shows that as contemporary examples of fantastic literature both Tad Williams's and Terry Pratchett's fictional worlds are successfully created through the realization of these aspects of Subcreation Apart from commenting on the success of the subcreative process this thesis also remarks upon the cultural influences both authors include in their writings While both may be considered Anglophone in a general categorization Pratchett's Discworld retains a feeling of Britishness that is not to be found in Williams's Otherland The thesis proposes several approaches to Subcreation that may be studied subsequently So for example it may be possible to determine the success of an author's Subcreation by collecting empirical data Apart from literary works this field of studies may also include other media **Wheel of Time Reread: Books 13-14** Leigh Butler, 2014-06-17 The Wheel of Time Reread on Tor.com is an extensive analysis of Robert Jordan's epic fantasy series covering the material chapter by chapter Join Leigh Butler as she summarizes the chapters and comments on the ongoing mysteries of the series gender issues politics history and the many Crowning Moments of Awesome Volume 5 of the collected Tor.com Wheel of Time Reread covers books 13 and 14 of The Wheel of Time Towers of Midnight and A Memory of Light co-authored by Brandon Sanderson At the Publisher's request this title is being sold without Digital Rights Management Software DRM applied **The Gathering Storm** Robert Jordan, Brandon Sanderson, 2009-10-27 The Wheel of Time is now
