Disney Theme Park Experience Jennifer A. Kokai, Tom Robson, 2025-07-02 Most scholars and critics deny agency to the tourist in their engagement with the Disney theme park experience The vast body of research and journalism on the Disney Imagineers the designers and storytellers who construct the park experience leads to the misconception that these exceptional artists puppeteer every aspect of the guest s experience This anthology now in its second edition re centers the park experience around its protagonist the tourist and addresses the Disney Parks using performance theory an approach few to no scholars had used prior to the first edition The authors of the individual essays as well as the Introduction by Kokai and Robson and an Afterword by world renowned tourism and performance expert Susan Bennett recognize the inherently complicated nature of Disney Many of the contributors consider themselves Disney fans but also recognize the potentially problematic aspects of Disney parks This collection permits both perspectives to exist side by side informing rather than contradicting each other Kingdom Chaos Jeff Dixon, 2020-10-22 Author Jeff Dixon once again combines thrilling fiction

faith and Disney facts in Kingdom Chaos a stand alone novel with crossover to his beloved novel series Dixon on Disney As the story unfolds the controversial President Tyler Pride and his family board a monorail at the Transportation and Ticket Center for a trip to the Epcot Resort When the monorail arrives at Epcot the president and his family are gone A national crisis instantly explodes across the Disney resort The president has been kidnapped And if the president is missing at Walt Disney World who better to find him than the man who knows Walt Disney World better than anyone who has ever lived Grayson Hawkes This is a political and ideological thriller an action adventure mystery and also a story of how faith and politics sometimes clash Like Dixon s past novels Kingdom Chaos can best be described as faction a weaving of fact and fiction set in the Walt Disney World Resort in Central Florida The places and locations are real and the novel builds on events

from the life of Walt Disney and the history of the Walt Disney World Resort The sights the sounds and the secrets of the themed resort all become a part of solving the mystery and trying to save the president of the United States Kingdom Chaos is set in the same fictionalized Disney World as the original novel series Dixon on Disney Grayson Hawkes and other characters return joined by new characters and a threat with national implications unlike any they ve faced before Along the way we will unpack enough of their backstory to create numerous fun Hidden Mickeys for readers of the original series to find and connect to the first four books
