The Thirst for Wholeness Christina Grof, 1994-05-07 A rich and powerful pathway to a fully human spiritual life Excellent please read it JOHN BRADSHAW Carl Gustav Jung described the addict's craving as a thirst for wholeness Christina Grof a pioneer in the transpersonal p *Beyond Addiction to Awakening:* , This book is an invitation to you to find completion and wholeness to work through second stage recovery fully including a necessary descent to let go of the separate self and embrace third stage recovery and abide in non dual being The Primal Wound John Firman, Ann Gila, 1997-01-01 Argues that a primal wounding of the human spirit occurs in earliest human life that disrupts fundamental relationships and leads to anxiety loneliness and alienation and shows how this wounding can be redeemed through therapy and through living one's life differently **Wholeness Not Fullness** Tess Wichlinski , This book serves as a profound and compassionate guide to healing from eating disorders such as Bulimia Nervosa and Binge Eating Disorder BED Going beyond the typical boundaries it addresses conditions like Food Addiction FA and emotional eating recognizing their significant impact on Bulimia and BED Drawing from a blend of scientific research personal insights and spiritual wisdom gathered from years of grappling with these disorders the author presents a transformative path to recovery Challenging conventional approaches this book delves deeply into a wide array of alternative healing methods including mindfulness and meditation shadow and inner child work yoga and breathwork ayurveda and holistic nutrition bioenergetic healing narrative therapy somatic psychotherapy quantum healing and ancestral healing just to name a few By combining these therapeutic techniques with personal wisdom the author emphasizes the importance of self realization and self actualization in the healing process At its essence this healing path requires introspection inviting readers to explore the depths of their own beings Echoing the wisdom of spiritual mentors the author underscores the profound message that true healing arises from within fueled by the boundless power of Universal Love The principles of recovery advocate for a transformative mindset encouraging readers to view themselves not as victims but as heroes on their individual paths to healing With a compelling and empathetic tone the author offers reassurance that it is never too late to heal no matter how daunting the journey may seem Ultimately this book is a roadmap to rediscovering one's true self and attaining inner wholeness It reminds readers to cultivate a deep belief in the beauty and preciousness of life **Pathways to Wholeness** Renn Butler, 2019-06-06 The exploration of the psyche in non ordinary states of consciousness provides access to powerful transformative experiences that can lead us towards a more complete experience of being human the realization of a deeper identity while also yielding extraordinary insights into the ultimate nature of reality In this book Renn Butler explains how to use archetypal astrology as a guide to the transpersonal journey Described by Stanislav Grof as the Rosetta Stone of consciousness research archetypal astrology is based on a correspondence between planetary alignments and archetypal patterns in human experience Here by drawing on the work of Grof and Richard Tarnas Butler systematically describes the archetypal themes and qualities associated with each of the major planetary combinations

studied in astrology and considers how these themes might manifest and be supported in deep psychological self exploration Based on thirty years of research Pathways to Wholeness is an indispensable reference book for explorers of the inner worlds Pathways to Wholeness Explores the intersection between Grofian transpersonal psychology and archetypal astrology Describes the nature of the planetary archetypes in astrology Explores the archetypal meaning of all the main planetary combinations as applied to everyday life perinatal psychology and transpersonal experience Provides illuminating case studies and vignettes Illustrated with mandala drawings [An Uphill Struggle](#) Barbara Mulloy-Robbins,2012-05-31 Managing Dual Diagnosis in the Family A Mother s Story An Uphill Struggle is an insightful and heart warming blend of memoir and research as a mother sifts through past attempting to understand the devastating connection between ADD and Chemical Addiction Dual Diagnosis as it played out in life and death of her two sons It speaks from the heart of their struggles with the undiagnosed and untreatable disorder of ADD and their attempts to self medicate to normalize their turbulent minds With great honesty and sensitivity An Uphill Struggle reaches out to parents locked in a tangle of circumstances that seems at times beyond their control and understanding *Addiction and Spirituality* Oliver Morgan,2012-11-09 Religious and secular counselors from a variety of disciplines share their basic approaches in working with addicted persons and their understandings of the spiritual dimension in treatment and recovery **Alcohol Recovery: The Mindful Way** Catherine Lucas,2017-01-19 Mindfulness lends itself particularly well to recovery partly because it is a potent tool for self management but principally because it can be approached both as a secular or spiritual practice The Twelve Step approach of Alcoholics Anonymous AA and Narcotics Anonymous NA is unquestionably spiritual with its emphasis on a Higher Power and has been hugely successful Some consider spiritual transformation essential for lasting sobriety Not everyone however wants to pursue this path The mindfulness practices can then be used in their own right in a more secular context and still be beneficial My stance will however be mainly transpersonal As Christina Grof author of The Thirst for Wholeness Attachment Addiction and the Spiritual Path says The success of Alcoholics Anonymous AA and the many Twelve Step fellowships that have modelled themselves after its program attests to the power and importance of the spiritual dimension in the understanding and treatment of addiction **Thirst** James B. Nelson,2004-01-01 This book explores the path of recovery James Nelson writes as he lives with a very special blend of insight wisdom humor and humility Sobriety sustainers and spirituality seekers will be encouraged and enlightened by his work **Recovery—The Sacred Art** Rabbi Rami Shapiro,2013-10-19 Deepen Your Capacity to Live Free from Addiction and from Self and Selfishness Twelve Step recovery is much more than a way to escape the clutches of addictive behaviors Twelve Step recovery is about freeing yourself from playing God and since almost everyone is addicted to this game Twelve Step recovery is something from which everyone can benefit from the Introduction In this hope filled approach to spiritual and personal growth the Twelve Steps of Alcoholics Anonymous are uniquely interpreted to speak to everyone seeking a freer and more God centered life This special rendering

makes them relevant to those suffering from specific addictions alcohol drugs gambling food sex shopping as well as the general addictions we wrestle with daily such as anger greed and selfishness Rami Shapiro describes his personal experience working the Twelve Steps as adapted by Overeaters Anonymous and shares anecdotes from many people working the Steps in a variety of settings Drawing on the insights and practices of Christianity Judaism Buddhism Taoism Hinduism and Islam he offers supplementary practices from different religious traditions to help you move more deeply into the universal spirituality of the Twelve Step system
