Matricentric Feminism: Theory, Activism, Practice. The 2nd Edition Andrea O'Reilly, 2021-04-04 The 2nd edition includes a new preface that considers how matricentric feminism in positioning mothering as a verb affords a gender neutral understanding of motherwork and allows for an appreciation of how motherwork is deeply gendered and how this may be challenged and changed through empowered mothering The book argues that the category of mother is distinct from the category of woman and that many of the problems mothers face are specific to women's role and identity as mothers Indeed mothers are oppressed under patriarchy as women and as mothers Consequently mothers need a feminism of their own one that positions mothers concerns as the starting point for a theory and politic of empowerment O'Reilly terms this new mode of feminism matricentric feminism and the book explores how it is represented and experienced in theory activism and practice

The Drinking Curriculum Elizabeth Marshall,2024-01-02 A lively exploration into America s preoccupation with childhood innocence and its corruption In The Drinking Curriculum Elizabeth Marshall brings the taboo topic of alcohol and

childhood into the limelight Marshall coins the term the drinking curriculum to describe how a paradoxical set of cultural lessons about childhood are fueled by adult anxieties and preoccupations By analyzing popular and widely accessible texts in visual culture temperance tracts cartoons film advertisements and public service announcements Marshall demonstrates how youth are targets of mixed messages about intoxication Those messages range from the overtly violent to the humorous the moralistic to the profane Offering a critical and at times irreverent analysis of dominant protectionist paradigms that sanctify childhood as implicitly innocent The Drinking Curriculum centers the graphic narratives our culture uses to teach about alcohol the roots of these pictorial tales in the nineteenth century and the discursive hangover we nurse into the twenty first

Feminist Mothering Andrea O'Reilly,2008-10-09 Feminist Mothering goes beyond critiques of patriarchal motherhood to locate and investigate feminist maternal practices as sites for women s empowerment and social change The contributors see feminist mothering as practices of mothering that seek to challenge and change the norms of patriarchal motherhood that are limiting and oppressive to women For many women practicing feminist mothering offers a way to disrupt the transmission of sexist and patriarchal values from generation to generation Contributors explore the ways in which women integrate activism paid employment nonsexist childrearing practices and non child centered interests in their lives and other caregivers into their childrens lives in order to challenge existing societal inequality and create new egalitarian possibilities for women men and families **BOOK JACKET**

Matricentric Feminism Andrea O'Reilly,2016-10-01 The book argues that the category of mother is distinct from the category of woman and that many of the problems mothers face social economic political cultural psychological and so forth are specific to women s role and identity as mothers Indeed mothers are oppressed under patriarchy as women and as mothers Consequently mothers need a feminism of their own one that positions mothers concerns as the starting point for a theory and politic of empowerment O Reilly terms this new mode of feminism matricentric feminism and the book explores how it is represented and experienced in theory activism and practice The chapter on maternal theory examines the central theoretical concepts of maternal scholarship while the chapter on activism considers the twenty first century motherhood movement Feminist mothering is likewise examined as the specific practice of matricentric feminism and this chapter discusses various theories and strategies on and for maternal empowerment Matricentric feminism is also examined in relation to the larger field of academic feminism here O Reilly persuasively shows how matricentric feminism has been marginalized in academic feminism and considers the reasons for such exclusion and how such may be challenged and changed
