The Three Years The Life Of Christ Between Baptism And Ascension:

The Three Years Emil Bock,2005 Emil Bock reveals a new understanding of the Jesus incarnation on earth and rediscovers the miracles of the Gospels for the skeptical mind **Rudolf Steiner's Vision of Love** Bernard

Nesfield-Cookson,2011-03-14 Gathering together references to the logic of the heart from throughout Steiner s work the author encapsulates the great teacher s revelations on the meaning of love and indicates the supreme importance of the greatest of all deeds of love Cover **The Temple Sleep of the Rich Young Ruler** Edward Reaugh Smith,2011-11 Who wrote the Gospel of John The author identifies himself only as the disciple whom Jesus loved and Christian tradition tells us that this disciple was the apostle John However during the past century scholars have increasingly come to doubt that attribution In 1902 Rudolf Steiner wrote that the author of the Gospel of John was in fact Lazarus Steiner s position stemmed from his insight that Lazarus s encounter with death involved far more than people realized an initiation into higher spiritual realities that uniquely qualified him to write this gospel Edward Smith takes up this argument and shows that subsequent research has tended to favor Lazarus for reasons grounded in John s Gospel itself More important Smith shows that subsequent discoveries at Nag Hammadi and Mar Saba corroborate Steiner s reasoning about the nature of the raising of Lazarus pointing to Lazarus as the rich young ruler of Mark s Gospel *From Bondage to Freedom* William

Beckett and Religion Marius Buning,Matthijs Engelberts,Onno Rutger Kusters,2000 **The Marian Way of Heart Knowledge** Neill Reilly,2022-12-16 In the pursuit of an understanding of Mary that is undertaken in this book it is clear that we are dealing with events beyond the reach of our normal faculties Without effort on our part and help of some kind Mary remains one more unsolvable mystery to be dismissed as just some nice myth with no reality to be granted to Mary In the activity of our striving to be open and reverent in our devoted pursuit of knowledge of these mysteries we begin to tread the path of the Marian Way of Heart Knowledge J Bruce Murphy from the foreword This book guides the reader into and through the mystery of Mary as she appears in the New Testament especially her equanimity and affirmative openness to life both its gifts and its sorrows As J Bruce Murphy points out in his foreword The theme of this book is to show that these holy mysteries are not allegory poetry or simple fantasy Rather they are actual facts that can be known and experienced by each of us and mere sense bound intellect will not suffice for us to reach an understanding of these mysteries Or as Rudolf Steiner tells us in *The Philosophy of Freedom* knowledge itself shall become organically alive Neill Reilly shows how devotion and thinking with the heart the Marian way of heart knowing can guide us on our path toward true freedom And what better help could we ever have than Mary the Gospel of St John and *The Philosophy of Freedom* Threefold Mary Emil Bock,2003-03 This precious little book contains three lectures The Mystery of the Virgin Mary in Body Soul and Spirit presented during the Christmas Holy Nights of 1950 51 On November 1 1950 Pius XII proclaimed the Dogma of the Assumption Mary s bodily

assumption into heaven which sent shock waves throughout the Christian world C G Jung for example wrote his Answer to Job in response Emil Bock s response was these lectures which answer some of the issues and broaden the scope to include not only the Mary Sophia mystery in human history but also the meaning of the feminine element in the evolution of consciousness Anyone interested in an anthroposophic perspective on Mary in body soul and spirit will gain much from this book

The Mission of Joan of Arc Joan M. Edmunds, 2008 People write biographies today without the faintest idea that great spiritual powers are at work in human history Rudolf Steiner Almost six centuries have passed since the death of Joan of Arc but an enduring fascination with her life continues to generate new studies adding to the huge number of books and articles on her life Those by reputable historians and biographers have recounted the many known facts based mostly on the surviving fifteenth century documents Whereas historians have firmly established Joan s central role in expelling the English from French soil the real mystery of her achievements remains unexplained Moreover Joan Edmunds contends that this key mystery cannot be resolved by relying solely on orthodox historical methods Basing her work on Rudolf Steiner s spiritual scientific findings which first revealed the true significance of Joan s mission Edmunds explores the mystery of the Maid of Orleans unique personality She shows how while under the guidance and direction of the Archangel Michael and through her ultimate martyrdom Joan of Arc was instrumental in bringing to birth the forces needed for the next vital step in human spiritual development the emergence of the consciousness soul

A Thematic Access-Oriented Bibliography of Jesus's Resurrection Michael J. Alter, 2019-12-31 The keystone of Christianity is Jesus s physical bodily resurrection Present day scholars can be significantly challenged as they forage through voluminous documents on the resurrection of Jesus The literature measures well over seven thousand sources in English language books alone This makes finding specific sources that are most relevant for specific scholarly purposes an arduous task Even when a specific book is relevant finding the parts of the book that are most relevant to the resurrection rather than other topics often requires additional effort A Thematic Access Oriented Bibliography of Jesus s Resurrection addresses these challenges in several ways First the bibliography organizes more than seven thousand English sources into twelve main categories and then thirty four subcategories which are designed to help you find the most relevant literature quickly and efficiently Embedded are pro and con arguments which support efficient access through brief annotations and then annotate the diversity and complexity of the field of religion by including sources that represent a diverse range of views theistic e g Christian Jewish Muslim etc agnostic and nontheistic The objective of this bibliography is to provide convenient access to relevant sources from a variety of perspectives allowing you to browse or find the one source accurately and with ease

The Christian Mystery Rudolf Steiner, 1998 In this major collection Rudolf Steiner affirms the reality of esoteric Christianity and unveils many of its secret teachings His lectures are on the significance of the Mystery of Golgotha and of the Blood that flowed on the Cross the relationship of Christ and Lucifer or Love and Knowledge the various paths of initiation including the Christian Gnostic and Rosicrucian Paths and

Steiner's early interpretations of St John's gospel and the sermon on the mount All of Steiner's lectures on the Lord's Prayer are also included as well as the version of the prayer that Steiner himself prayed throughout his life This is an excellent book for all those who want to deepen their understanding of the Western stream of Christian esotericism and Rudolf Steiner's approach to Christianity as a spiritual practice

The World Conspires David W. Letts, 2011-02-04 Highly recommended prophetic and relevant for this time Elihu Edelson Both Sides Now _____ From the Mind Leap series one Book in two Parts 1 Age of Metamorphosis an invitation to expanding consciousness From that first leap in your mind the door to spirit opens leading on toward direct experience of other realities It is an entirely different experience to fly Join the authors widely shared channeling sessions in chapters like these First Meetings with Moita a variety of newcomers and their diverse reactions Finding Your Own Path through our mistakes we grow to become our own teacher A Universe of Presences Moita states her difference from Seth and Edgar Cayce's source The Art of Discretion the lesson Dr Elisabeth Kbler Ross learned after seeking Moita's help with the scandal that ultimately threatened her courageous life 2 The World Conspires an adventure in psychic spiritual exploration The unfolding of a visionary journey as David and Kelly Siofra learn to flow with new energies As communications with Moita and yet higher levels evolve experiences range from depths Objects become fuzzy Instantly Moita's presence is much stronger She tells me that I am in danger I am losing the thread of my consciousness to heights The Earth is new filled with the wonder of its discoveries He speaks to the Sun and I speak to the Ground We weave together what we are told and make it whole from personal There is much fear of joy in this world and when people fear something they want to destroy it In order to release it you must be very strong and know yourself very well to cosmic It is the arrival of the High Ones on your plane The texture of the world is changing We are preparing you for the inevitable shock of seeing us as we really are from A Channeling for December 20 2012 Something is happening tomorrow to everyone on the planet There is a great deal of energy bent in this direction It requires my complete presence We have watched for a great many years and now there is a drawing together of worlds a time when the two worlds may touch when they may integrate and understand Life will never be the same again

A Plea for Embodied Spirituality Fraser Watts, 2021-04-30 The body is crucial to religious life but there has been little practical attention to how to make a helpful reality of this fact Strong forms of philosophical dualism have been widely abandoned by post war theologians in favour of a more integrated view of human nature but guidance on the role of the body in Christian spirituality remains fragmentary Focusing particularly on drawing out practical implications for religious life and ministry this book will survey the many ways in which the body plays an important role in religions and spiritual life drawing on scientific research theology and philosophy

According to Luke Rudolf Steiner, 2001-07 Written in 1904 CW 9 Theosophy is a key work for gaining a solid footing in spiritual reality as described by Rudolf Steiner It is organized into four parts First Steiner builds a comprehensive understanding of human nature physical bodily nature soul qualities spirit being or I being and the higher spiritual aspects

This leads us to Steiner's description of the human being as sevenfold: Material physical body, Ether body or body of life forces, Sentient soul, Mind soul, Spirit filled consciousness, soul, Life spirit, Spirit body. In the next section Steiner offers an extraordinary overview of the laws of reincarnation and the principles of karma as we pass from one life to the next. This prepares us for the third section in which he shows the various ways in which we live during life on earth and after death and in the three worlds of body, soul, and spirit. Finally we are given a succinct description of the path of knowledge along which each person can begin to understand the marvelous and harmonious complexity of the psycho-spiritual worlds in their fullness. This volume is a translation of *Theosophie Einf hrung in bersinnliche Welterkenntnis und Menschenbestimmung* GA 9.

Christianity as Mystical Fact Rudolf Steiner, 1997-05 Written 1902 CW 8 As simultaneously mysticism and fact, Christianity is a breakthrough in the historical development of humanity for which the mysteries with the results that they brought about form a prior evolutionary stage, Rudolf Steiner. During the fall and winter of 1901-02 Steiner gave a series of lectures called *Christianity as Mystical Fact* to members of the Theosophical Society. The lectures were rewritten and issued as a book later that year. They mark a watershed in the development of Western esotericism. Steiner wrote of the idea behind his book: The title *Christianity as Mystical Fact* was one I gave to this work eight years ago when I gathered together the content of lectures given in 1902. It was meant to indicate the special approach adopted in the book. Its

theme is not just the mystical side of Christianity in a historical presentation It was meant to show from the standpoint of a mystical awareness how Christianity came into being Behind this was the idea that spiritual happenings were factors in the emergence of Christianity which could only be observed from such a point of view It is for the book itself to demonstrate that by mystical I do not in any way imply a vague intuition rather than strict scientific argument In many circles mysticism is understood as just that and therefore it is distinguished from the concerns of all genuine science In this book however I use the term to mean a presentation of spiritual reality a reality accessible only to a knowledge drawn from the sources of spiritual life itself Anyone who denies the possibility of such knowledge in principle will find its contents hard to comprehend any reader who accepts the idea that mysticism may coexist with the clarity of the natural sciences may acknowledge that the mystical aspect of Christianity must be described mystically This is a significant book for Steiner's own development that of Western esotericism and our own understanding of the Christ event Readers will find the evolutionary development from the ancient Mysteries through the great Greek philosophers to the events portrayed in the Gospels Included are an informative introduction and annotated notes by Andrew Welburn and an afterword by Michael Debus a priest of The Christian Community who summarizes the book and places it in context This book is a translation from German of *Das Christentum als mystische Tatsache und die Mysterien des Altertums* GA 8 Cover image Photo of Bordeaux Cathedral by James Nicholls

Who Killed the Holy Ghost? Rufus Goodwin, 2005-04 When the Christ in his physical form left the earthly world he sent the Holy Spirit The Comforter to guide and inspire his followers Beginning with Pentecost the Holy Spirit was perhaps the most important aspect of the Godhead for the future of Christianity and for humankind as a whole Today however there are cults for Mary and there are Jesuits and Jesus freaks but what about the Holy Ghost why has the Spirit lost its central role in Christianity and the Church Who Killed the Holy Ghost is a sweeping hard hitting and accessible survey of the Spirit in the world and in human life from the Jewish prophets to modern times Goodwin a journalist former correspondent to the Vatican and an expert on the Church and its history investigates the rise of the Holy Ghost the heresies the battles defeats and victories and the Holy Spirit's exile from history He recounts and contextualizes what individuals have said about the Holy Spirit from Paul John and Jesus to Leonardo da Vinci and George Washington to Einstein Freud and John Glenn We are also given a close look at the various ways world religious traditions have treated the Spirit including Judaism Christianity Islam shamanism Buddhism Taoism and many others In the process Goodwin focuses otherwise vague uses of the word spirit from the ancient Greeks and Romans to Christian gifts and fruits of the Holy Spirit to modern Pentecostals and the New Age movement Journalistic in its sweep Goodwin's treatment is nonsectarian and nondenominational honoring the history of the Holy Ghost in life and death for our materialistic times The Holy Ghost's visibility has faded with the centuries so this is in a sense also an obituary But the Holy Spirit often so invisible may not be a mere ghost or dead yet

Mind Leap: Intimate Changes and

Communication Between Worlds David W. Letts, 2009-03-24 Fully revised with Reader's Guide Self Exploration Questions chapter reviews and expanded Moita material Reading *Mind Leap* was one of the most delightful experiences of my summer First I found it an absolutely intriguing story of personal challenge and human relationships But second and most important I found it highly inspiring There are many times in my own spiritual journey that I wonder whether it is all worth the effort whether there really is a greater reality This book is a powerful incentive to keep going an inspiration and a source of hope Joyce E Ansell literary editor How can we learn to live wholly with deep intuition in this world Where can it lead for each of us in this transformative era We hear follow a path with heart listen to your dreams open to spirit But rare is the book that actually takes us far into that experience *Mind Leap* does so by telling a challenging liberating true story from the consciousness revolution and inviting readers to participate by reviewing their own life events and perceptions A novelist couldn't create spiritual explorers more opposite than Kelly and David growing up the psychic daughter of an abusive alcoholic and mystic son of an activist minister But as young adults with other partners dreams and intuitions pointed each other out hinting of the natural bridge they would form together As they were then tested in a crucible of intersecting lives Moita began to speak through Kelly initiating an experiment in communication between worlds Her over 200 interactive sessions shared with hundreds of participants have been compared to the Seth material *Mind Leap* reveals the hidden workings of spirit that connect us to people and situations we need to grow in strength freedom and love The narrative unfolds on many levels giving a unique inside view of the channeling phenomenon even as the prophetic messages turn from individuals to the crisis transformation of our Earth We see you all the time are near you yet very rarely can touch for you do not see us For you we are merely a whisper in the trees We have watched for a great many years and now there is a drawing together of worlds a time when the two worlds may touch and not be destroyed by each other when they may integrate and understand The coming together of our worlds will not change just yours but mine Life will never be the same again Moita

Journal for Star Wisdom 2013 David Bowden, David Tresemer, William Bento, Wain Farrants, Brian Gray, Kevin Dann, Lacquanna Paul, Sally Nurney, 2012-11 We must think with clarity Clarity is honesty born into thinking Massimo Scaligero Here is a classic of contemporary spirituality Scaligero was a student of Zen yoga and the spiritual science of Rudolf Steiner but he came to completely independent conclusions based on his direct spiritual experience Scaligero's masterpiece is a continuous unfolding meditation and an immediate expression of his travels in higher realms It shows how the primal principle the source of all being knowing and love descends instant by instant into the phenomenal world He writes from the very stream of being into which his work invites us and poses a challenge will we learn to experience the processes of consciousness or will we rest in their products As with the texts of all true spiritual masters Scaligero's words must be savored and contemplated in order to extract the nectar of wisdom contained in them
