Wallace,John Gach,2010-04-13 Most of the prefatory issues are extensively elaborated upon in the Prolegomenon which also contains the complete references to the texts and authors discussed below Nevertheless the Preface would be grossly incomplete without touching on some of these issues books and scholars Too many of this book s chapters e g Mora s Marx s D B Weiner s examine and reference important earlier as well as

contemporary general histories of psychiatry and specialized monographs in German French Italian and Spanish Also in his 1968 Short History of Psychiatry discussed below Ackerknecht pp xi xii references important nineteenth and earlier twentieth century psychiatric histories in English French and German Such citations will of course not be repeated here Finally thanks to several publishers re editions of dozens of classical psychiatric texts one can consult their bibliographies as well See Prolegomenon for references to these splendid series In a rough and ready sense medical history began in classical Greece for example On Ancient Medicine While traditionally included in the Hippocratic corpus this text seems more likely to have been written by a non or even anti Hippocratic doctor Moreover the Hippocratic and other schools were hardly as secular as we now suppose On Epilepsy for example does not so much declare the prevalent denotation of it as the sacred disease erroneous as it does that it is no more nor less sacred than any other disease [New World Secrets on Ancient Asian Maps](#) Charlotte Harris Rees,2014-07-02 Charlotte Harris Rees is an independent researcher a retired federal employee and an honors graduate of Columbia International University She has diligently studied the possibility of very early arrival of Chinese to America In 2003 Rees and her brother took the Harris Map Collection to the Library of Congress where it remained for three years while being studied In 2006 she published an abridged version of her father s The Asiatic Fathers of America Chinese Discovery and Colonization of Ancient America Her Secret Maps of the Ancient World came out in 2008 In 2011 she released Chinese Sailed to America Before Columbus More Secrets from the Dr Hendon M Harris Jr Map Collection In 2013 she published Did Ancient chinese Explore America Her books are listed by World Confederation of Institutes and Libraries for Chinese Overseas Studies [Discovering the Revelations of God](#) Thomas Idler,2024-05-29 If you re wondering where God is and whether He s real consider the obvious If He is real wouldn t He reveal Himself and give us the answers we re looking for Surely those answers should be right in front of us Even though God has given us nine witnesses of His existence the world seems to have come up with alternative explanations How would you interpret these witnesses Will you follow what the world says or instead acknowledge what each witness says about God God revealed Himself to me face to face although I didn t realize it right away I saw how genuine God is how pure His heart is and how transparent His message is When I had my God moment everything got set into motion and that s why I wrote this book You are precious to God and you are precious to me God will reveal Himself to you throughout your life and hopefully this book will help you to more clearly understand Him
