Amazon Reviewer: Feel as if success as a fiction author is as elusive as trying to catch a unicorn. Discover winning strategies that will save you time and money while selling more books. Do you love writing but hate marketing? Wish there was an easier way to promote your work while still having time to write? If you're like many other self-published authors, you've come across hundreds of methods to get exposure for your book, most of them outdated or ineffective. Worse yet, there's

plenty of companies out there that offer nothing but false promises and vague claims. Because of this it can be difficult to know where to invest your time and money. Denis, an author and book marketing expert, has coached thousands of authors to sell more books. For the first time he has packaged up all his experience and knowledge into a book. A no fluff guide to save you time, money, and rejection by showing you exactly what you need to do to build a successful author business and just as importantly what not to do. By following the fictional story of Jane, you'll witness how she builds her successful author business from scratch. Catch the Unicorn gives you the tools you need to get a steady stream of buyers to click the Buy button every single day. In this book you'll discover how to use proven and easy ways to get your book noticed even from the millions of others on Amazon. Target thousands of readers in less time than it takes to make a cup of coffee. Maximize your marketing budget by using only tested methods that get results. See what's bottlenecking your sales, the 1 simple fix that's holding authors back. Avoid the surprisingly common pitfalls that plague new and experienced authors alike. Build your list of invested fans ready to buy your next novel. Bonus: Market if you only have one book published. Bonus: Downloadable checklist to help you stay on track. Finally, you no longer have to take on the challenge of marketing alone. Let the secrets in this book help you navigate the stormy waters of book marketing and help you finally catch your unicorn. Take advantage of this fool-proof method and realize your author potential today. In my opinion, Catch the Unicorn is a must-read for indie authors to help them achieve marketing success. Goodreads Review: I purchased a physical copy of this book so I can have it handy every time I use it because I do believe this will be the one reference I use for all future book releases. Amazon Reviewer: Gives advice on how that beginning author with no fan base can start out. Buy this book. You'll be glad you did.
