The Infinite Now Mindy Tarquini,2025-07-30 On a rainy night in Philadelphia s Ninth Street Market sixteen year old Fiora newly orphaned by the 1918 influenza epidemic is dumped at an old man s door Daughter of the local fortune teller Fiora arrives with a little money a lot of attitude and her mother s formidable reputation The old man a widowed shoemaker ticking down his clock is the only person in their superstitious immigrant community brave enough to stand between Fiora and an orphanage Fiora s a modern forward thinking young woman uninterested in using old world magic to make a way for herself but when her mother s magical curtain shows her that the old man will shortly die of a heart attack Fiora panics and casts her entire neighborhood into a stagnant bubble of time A bubble where everything continues but nothing progresses tomatoes won t ripen babies refuse to be born and the sick suffer under the weight of a never ending stream of unspent seconds Not everything in the bubble is bad Love fresh and fascinating ignites Friendships take root But as day drags into interminable day the pressure inside the bubble world builds Fiora must accept that not everything found can be kept not everything saved will remain and unless Fiora finds the courage to collapse the bubble every one of her hopes will be trapped inside an unbearable unyielding unpredictable and infinite Now *The Madder Stain* Annie Ramel,2015-06-02 The madder stain imprinted on Tess d Urberville s arm is part of a motif which runs through Hardy s fiction Similar to Barthes s punctum shooting out of the studium the stain is a place where the Real erupts a blind spot that eludes interpretation In the diegesis of the tragic novels it is a surplus object whose intrusion disrupts reality and spells disaster This book attempts to approach that unknowable kernel of jouissance by using Lacan s concepts of object gaze and object voice sometimes revisited by Zizek The stain has a vocal quality it is silence audible In a world where sound cannot reverberate for lack of a structural void voice is by necessity muted stuck in the throat Hence the peculiar quality of Tess s voice a silent feminine cry that has retained something of the lost vocal object The sound of silence is what Hardy s poetic prose allows us to hear **The Vital Science (Routledge Revivals)** Peter Morton,2014-08-01 In this title first published in 1984 Peter Morton argues that in late Victorian Britain a group of novelists and essayists quite consciously sought and found ideas in post Darwinian biology that were susceptible to imaginative transformation The period between 1860 and 1900 was a time of great confusion in biology the natural selection hypothesis was in retreat before its acute critics and no extension of evolutionary theory to human affairs was too bizarre to attract its quota of enthusiasts Writers capitalised on this prevailing uncertainty and used it to their own artistic or polemic ends A fascinating and interdisciplinary title this reissue will interest students of late Victorian literature as well as historians of biological theory between *The Origin of Species* and Mendel The Publishers' Circular and Booksellers' Record ,1926 *Writing and Censorship in Britain* Paul Hyland,Neil Sammells,2023-02-03 First published

in 1992 Writing and Censorship in Britain explores the issue of censorship from a range of cultural and literary perspectives from the Tudor period to the 1990s Written by some of the leading experts in the field this collection charts the struggles for artistic expression reveals how censorship is appropriated as a legitimate tactic in the defence of oppressed and marginalised groups and analyses the struggles writers have employed in the face of its complex dynamics Here variously defined defended and deplored censorship emerges as both an unstable and a potent concept Through it we define ourselves as readers as writers and as citizens This book will be of interest to students of literature history and law
