The United Nations And Collective Security Routledge Research In International Law:

The United Nations and Collective Security Gary Wilson, 2014-02-03 The role of the United Nations in collective security has been evolving since its inception in 1945 This book explores collective security as practiced within the legal framework provided by the United Nations Charter with a particular focus upon activity undertaken under the auspices of the UN Security Council the body conferred by the Charter with the primary responsibility for the maintenance of international peace and security Although the book is primarily grounded in international law where appropriate it also draws upon relevant political insights in order to present a clear picture of the UN collective security system in operation and the factors which impact upon the way in which it functions Offering a comprehensive analysis it considers the full range of measures which can be utilised by the UN in the performance of its collective security remit including military enforcement action peacekeeping non military sanctions and diplomacy The book considers each of these measures in detail assessing the legal framework applicable to the form of action the main legal controversies which arise in respect of their appropriate utilisation and the UN s use of this collective security tool in practice The book draws conclusions about the main strengths and shortcomings of the various means through which the UN can attempt to prevent minimise or end conflict *Research Handbook on International Law and Human Security* Oberleitner, Gerd, 2022-10-14 This comprehensive Research Handbook considers the place of human security both in practice and as a concept within international law examining the preconditions for and consequences of applying human security to international legal thinking and practice It also proposes a future international law in which human security is central to the law s purpose This title contains one or more Open Access chapters **Mutual Trust in Regional and Interregional Cooperation on Counterterrorism** Céline C.

Cocq, 2024-07-29 This book provides a detailed theoretical and practical analysis of a key concept in cooperation namely mutual trust in the EU and ASEAN regions It particularly looks at the issue of counterterrorism It analyses the differences in the legalistic approach of the EU and the consultation and consensus based approach in the ASEAN region and the correlation between mutual trust and regional and interregional cooperation against terrorism Thereby this book extends the well known concept of counterterrorism in EU criminal law to another regional case in order to analyse its possible use and operationalisation in other regions It provides important findings on whether and if so how the EU and ASEAN legal frameworks have facilitated intra regional and potentially interregional cooperation In order to measure trust it focuses on information sharing and discusses the terminology related to this matter the mechanisms of cooperation and the difficulties and successes of information sharing This book is of great interest for academics doing research on trust transnational cooperation regional counterterrorism legal architecture in the EU and ASEAN and comparative legal regional and interregional analysis and officials and practitioners involved in transnational cooperation in criminal matters especially terrorism **The Oxford Handbook of the International Law of Global Security** Robin Geiß, Nils Melzer, 2021-02-16

Understanding the global security environment and delivering the necessary governance responses is a central challenge of the 21st century. On a global scale, the central regulatory tool for such responses is public international law. But what is the state role and relevance of public international law in today's complex and highly dynamic global security environment? Which concepts of security are anchored in international law? How is the global security environment shaping international law, and how is international law in turn influencing other normative frameworks? The Oxford Handbook of the International Law of Global Security provides a ground-breaking overview of the relationship between international law and global security. It constitutes a comprehensive and systematic mapping of the various sub-fields of international law dealing with global security challenges and offers authoritative guidance on key trends and debates around the relationship between public international law and global security governance. This Handbook highlights the central role of public international law in an effective global security architecture and, in doing so, addresses some of the most pressing legal and policy challenges of our time. The Handbook features original contributions by leading scholars and practitioners from a wide range of professional and disciplinary backgrounds, reflecting the fluidity of the concept of global security and the diversity of scholarship in this area.

The Defining the Crossword of Sovereignty and Security Bo Long, 2023-06-05. In general summary on the basis of the perspective of realism, this book has thoroughly and critically assessed the international legal topic of the application of the UNCSS in territorial disputes. Firstly, from the discussion of the initial two chapters, it can be learnt that territorial disputes and the UNCSS are mutually important to each other. Meanwhile, as the corresponding background, there is a lack of relevant legal studies on the present research topic. Secondly, from the discussion of the middle two chapters, it can be learnt that both territorial disputes and the UNCSS have their specific nature and characters. As the result, it also can be recognized that although the general environment of the international community is pursuing peace and security, but the engagement between territorial dispute and the UNCSS is still inevitable. Thirdly, from the discussion of the final two chapters, it can be learnt that due to their diversified advantages and shortages, the various measures of the UNCSS can exert different effects on territorial disputes. Nevertheless, there are well-directed ways for the reform of the UNCSS in this field, and thereupon an applicable reform scheme can be drafted.

The Law and Practice of the United Nations Benedetto Conforti, Carlo Focarelli, 2016-07-18. The Law and Practice of the United Nations examines the law of the United Nations through an analysis of the Organization's practice from its inception until the present, in particular to the transformations the UN has undergone since the end of the Cold War. Special consideration is given to Chapter VII of the UN Charter and its interpretation, the United Nations membership and organs' competences, along with the peaceful settlement of disputes and coercive action for the maintenance of international peace and security. In addition, this important new edition explores such areas as general and smart sanctions, peacekeeping authorizations of the Security Council, territorial administrations, self-determination, human rights, financing of the Organization, acts adoptable by the UN organs, and a review of their legality. Offering a fully revised

and updated analysis of the main legal issues surrounding the United Nations practice The Law and Practice of the United Nations will be of interest to all those involved with legal issues surrounding the United Nations the analysis of said issues and their impacts on international practice

International Law Malcolm David Evans, 2014 Clearly and accessibly written this new text provides a valuable resource for undergraduate and postgraduate students of international law and covers subjects including the history theories and sources of international law as well as current areas of interest such as international criminal law

[Feminist Conversations on Peace](#) Sarah Smith, Keina Yoshida, 2022-07-26 EPUB and EPDF available Open Access under CC BY NC ND licence This edited collection brings together conversations across borders and boundaries which explore plural intersectional and interdisciplinary concepts of feminist peace

The United Nations Kent J. Kille, Alynna J. Lyon, 2020-09-08 This key resource for anyone interested in the United Nations global issues or world politics provides accessible and comprehensive coverage of the history growth and development of ideas and institutions governing the globe The United Nations has been an essential actor in world politics for 75 years Its entities have eliminated smallpox protected the ozone layer promoted arms control and helped to save the lives of over 90 million children Yet it is frequently criticized as ineffective and antiquated This book provides a balanced and systematic overview of the UN s contributions and challenges highlighting areas where it plays an essential role in global governance as well as areas of redundancy and needed reform This book provides readers with a clear well organized reference resource to the entire UN system its principal organs specialized agencies programs and funds and key issues of engagement Through individual entries it examines the history of UN engagement ranging from peace and security to migration and climate change It moves beyond a simple description of UN entities as it assesses the development of ideas such as that of sustainable development as well as responses to changes in world politics Finally it presents both the significant successes of UN work and continued challenges

The Procedure of the UN Security Council Loraine Sievers, Sam Daws, 2014-09-11 The Procedure of the UN Security Council is the definitive book of its kind and has been widely used by UN practitioners and scholars for nearly 40 years This comprehensively revised edition contains over 450 pages of new material documenting the extensive and rapid innovations in the Council s procedures of the past two decades A one stop handbook and guide with meticulous referencing

this book has served diplomats UN staff and scholars alike in providing unique insight into the inside workings of the world's preeminent body for the maintenance of international peace and security Thoroughly grounded in the history and politics of the Council it brings to life the ways the Council has responded through its working methods to a changing world The book explains the Council's role in its wider UN Charter context and examines its relations with other UN organs and with its own subsidiary bodies This includes the remarkable expansion in UN peacekeeping peacebuilding and political missions sanctions and counter terrorism bodies and international legal tribunals It contains detailed analysis of voting and decision taking by the Council as well as the place format and conduct of meetings It also seeks to illuminate the personalities behind the Council's work ranging from the diplomats who sit on the Council itself to the UN Secretary General and those outside the Council affected by its decisions It concludes with reflections on the improvements that have made to the Council's procedures over many decades and the scope for further reform

The International Dimensions of Internal Conflict

Michael Edward Brown, 1996 Internal conflicts threaten many countries and regions globally The first part of this book examines the sources of internal conflicts and the ways these may affect neighbouring states and the international community The second part covers specific problems policy instruments and key actors

Feminist Dialogues on International Law Gina Heathcote, 2019-01-17 In the past decade a sense of feminist success has developed within the United Nations and international law recognized in the Security Council resolution 1325 on women peace and security the increased jurisprudence on gender based crimes in armed conflict from the ICTR Y and the ICC the creation of UN Women and Security Council sanctions against perpetrators of sexual violence in armed conflict Contributing to the development of feminist and gender scholarship on international law Gina Heathcote provides a feminist analysis of the central pillars of international law noting the advances and limitations of feminist approaches Through incorporating into mainstream international legal studies specific critical and feminist narratives this book considers the manner in which feminist thinking has changed international law and the manner in which international law has remained impervious to key feminist dialogues It argues for a return to structural bias feminism that engages the foundations of international law and uses gender as a method for challenging post millennium narratives on fragmentation the role of international institutions the nature of legal authority sovereignty and the role of international legal experts

Defining International Terrorism

Stella Margariti, 2017-08-01 This book is an attempt to approach the issue of defining international terrorism proposing that the most workable way to do so is to achieve due balance between the two principal driving forces of international law developments State sovereignty interests and cosmopolitan ideals All those who aspire to the promotion of international criminal justice and the fight against impunity agree that the formulation of a universal definition of international terrorism will further enhance the fight against terrorism and offer a universally acceptable legal framework within which this fight can be conducted Discussed in an in depth manner are for instance the UN Charter Provisions the Rome Statute and the principle of complementarity the Kampala amendments

on the crime of aggression the paradigms of aggression and terrorism and prominent anti terrorist Security Council Resolutions such as Resolution 1368 and Resolution 1373 The volume broadens the reader s understanding on how State sovereignty interests and priorities as well as ideals of cosmopolitanism have influenced the development of international law in general and international criminal law in particular Furthermore it simplifies the complicated picture of defining international crimes by explaining how the State sovereignty and Cosmopolitanism dynamics have also been of relevance throughout the drafting process of the definition of the crime of aggression for the purposes of the Rome Statute for the International Criminal Court In addition it equips the reader with an understanding of the reasons behind the lack of an international definition for terrorism and suggests an appropriate context within which such a definition can take shape It intends to appeal to academics and students with an interest in international criminal law and the international criminal justice system international law and security but also to anyone with an interest in transnational crime and counter terrorism

Stella Margariti has recently graduated from the University of Dundee where she attained the title of Doctor from the School of Law

African Frontiers Dr Tanya Lyons, Dr John Idriss Lahai, 2015-12-28 Through a multidisciplinary approach *African Frontiers* counters the superficial Eurocentric and gender insensitive dominant discursive representation of Africa within the discourse of war and conflict management and security and peace nation building Situating the study within the context of the prevailing cultural and geo political realities in the postcolonial African states the chapters illustrate the complex ways in which events and processes are experienced at the local level and how these local realities in turn impact and shape the patterns of political and military engagement in Africa and beyond

United Nations Reform and the New Collective Security Peter G. Danchin, Horst Fischer, 2010-01-28 In 2004 the Report of the Secretary General s High Level Panel on Threats Challenges and Change emphasised the linkages between economic development security and human rights and the imperative in the twenty first century of collective action and cooperation between States In a world deeply divided by differences of power wealth culture and ideology central questions today in international law and organisation are whether reaffirmation of the concept of collective security and a workable consensus on the means of its realisation are possible In addressing these questions this book considers the three key documents in the recent UN reform process the High Level Panel report the Secretary General s In Larger Freedom report and the 2005 World Summit Outcome document The chapters examine the responsibilities commitments strategies and institutions necessary for collective security to function both in practice and as a normative ideal in international law and relations between state and non state actors alike

The Oxford Handbook of the Responsibility to Protect Alex J. Bellamy, Timothy Dunne, 2016 The Responsibility to Protect R2P is intended to provide an effective framework for responding to crimes of genocide ethnic cleansing war crimes and crimes against humanity It is a response to the many conscious shocking cases where atrocities on the worst scale have occurred even during the post 1945 period when the United Nations was built to save us all from the scourge of genocide The R2P concept

accords to sovereign states and international institutions a responsibility to assist peoples who are at risk or experiencing the worst atrocities R2P maintains that collective action should be taken by members of the United Nations to prevent or halt such gross violations of basic human rights This Handbook containing contributions from leading theorists and practitioners including former foreign ministers and special advisors examines the progress that has been made in the last 10 years it also looks forward to likely developments in the next decade

Inside the Un Security Council Jess Gifkins,2024-02-20 Inside the UN Security Council analyses informal practices within Security Council decision making both in general and focused on the case of Darfur in the west of Sudan to pull back the curtain on decision making

The UN, Peace, and Force Michael Charles Pugh,1997 This work discusses the fundamental question should the UN command military engage in the extensive use of force at all or contract out to more capable organizations as well as a proposal for a UN Guard

Regulating the Use of Force in International Law Russell Buchan,Nicholas Tsagourias,2021-06-25 This book provides a comprehensive and detailed analysis of the nature content and scope of the rules regulating the use of force in international law as they are contained in the United Nations Charter customary international law and international jurisprudence It examines these rules as they apply to developing and challenging circumstances such as the emergence of non State actors security risks new technologies and moral considerations

The United Nations And Collective Security Routledge Research In International Law Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading The United Nations And Collective Security Routledge Research In International Law free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading The United Nations And Collective Security Routledge Research In International Law free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading The United Nations And Collective Security Routledge Research In International Law free

PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading The United Nations And Collective Security Routledge Research In International Law. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading The United Nations And Collective Security Routledge Research In International Law any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About The United Nations And Collective Security Routledge Research In International Law Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks.
