(Revised Edition.).** Cyril Connolly,1945 **The Unquiet Grave** Cyril Connolly,1945 Palinurus' The Unquiet Grave Cyril Connolly,1951 The Unquiet Grave Cyril Connolly,1945 The Unquiet Grave Palinurus,1961 *The Unquiet Grave. A Word Cycle. [With Plates.]*. Palinurus (pseud. [i.e. Cyril Vernon Connolly.]),1944 **The Unquiet Grave** Cyril Connolly,1981 This enduring classic is a book which no matter how many readers it will ever have will never have enough Ernest Hemingway The Unquiet Grave Palinurus,2011-03-23 Many of the earliest books particularly those dating back to the 1900s and before are now extremely scarce and increasingly expensive We are republishing these classic works in affordable high quality modern editions using the original text and artwork *The Unquiet Grave* Palinurus,Cyril Connolly,1952 **Liberty, Equality, and Humbug** David Dwan,2018-10-17 George Orwell is watching you and you re watching him Britain pays its respects in the form of the Orwell Prize the Orwell Lecture and more recently Orwell Day A statue of Orwell now stands outside Broadcasting House in London and he continues to tower over broadsheet journalism His ghost is repeatedly summoned in the houses of Parliament and in schools across Britain In Europe and the US citizens confront the perennial question What would Orwell say Orwell is part of the political vocabulary of our times yet partly due to this popularity what he stands for remains opaque His writing confirms deep and widely shared intuitions about political justice but much of its enduring fascination derives from the fact that these intuitions don t quite add up David Dwan accounts for these inconsistencies by exploring the broader moral conflict at the centre of Orwell s work and the troubled idealism it yields Examining the whole sweep of Orwell s writings this book shows how literature can be a rich source of political wisdom **Everything Flirts** Sharon Wahl,2024-11-05 At the heart of the stories in Everything Flirts are some of life s trickiest questions Why is it so hard to make the first move on a date How do we find the person we will love If you finally find a person to love how do you convince them to love you back With a mixture of humor and reverence Sharon Wahl hijacks classic works of philosophy and turns their focus to love The philosopher Wittgenstein helps us consider the limits of language Does there exist an argument a logical deduction that will cause another person to love us The philosopher Zeno s laws of motion stipulate that we can only ever cross half of any distance This principle is applied to a first date where making a first move becomes more and more impossible because the movie this couple goes to see is a depressing mood killer A woman afraid of love applies Bentham s utilitarian principles to find her perfect match testing every man she meets until she finds one who aces every one of her tests Nonetheless she wonders Is he right for her Is she ready to fall in love forever The sublime and the ridiculous come together to playfully examine why love just might be a topic too hard for philosophers to explain **Reconstructing Modernism** Ashley Maher,2020-03-12 Reconstructing Modernism establishes for the first time the centrality of modernist buildings and

architectural periodicals to British mid century literature Drawing upon a wealth of previously unexplored architectural criticism by British authors this book reveals how arguments about architecture led to innovations in literature as well as to redesigns in the concept of modernism itself While the city has long been a focus of literary modernist studies architectural modernism has never had its due Scholars usually characterize architectural modernism as a parallel modernism or even an incompatible modernism to literature Giving special attention to dystopian classics Brave New World and Nineteen Eighty Four this study argues that sustained attention to modern architecture shaped mid century authors political and aesthetic commitments After many writers deemed modernist architects to be agents for communism and other collectivist movements they squared themselves and literary modernist detachment and aesthetic autonomy against the seemingly tyrannical utopianism of modern architecture literary aesthetic qualities were reclaimed as political qualities In this way Reconstructing Modernism redraws the boundaries of literary modernist studies rather than simply adding to its canon it argues that the responsibility for defining literary modernism for the mid century public was shared by an incredible variety of authors Edwardians modernists satirists and even anti modernists

use of the image electronically the subject is all the more pressing and topical since the first edition's publication Juhani Pallasmaa argues that the suppression of the other four sensory realms has led to the overall impoverishment of our built environment often diminishing the emphasis on the spatial experience of a building and architecture's ability to inspire engage and be wholly life enhancing For a student reading this text for the first time *The Eyes of the Skin* is a revelation It provides a fresh compelling insight into architectural culture which continues to inspire more than a quarter century after its initial publication The fourth edition of *The Eyes of the Skin* also features The author's latest views on the emphasis of place unfocused perception and existential experience Updates and clarifications throughout to reinforce how our sense of self in the world remains our most important sense with the greatest architectural impact An updated Foreword that touches on the current understanding of the seminal importance of the existential sense *The Eyes of the Skin* is a must read for all architecture students who will find its insights transformative
