visitors influenza victims Civil War veterans and accident victims are all discussed here as well as the hospitals doctors undertakers and others who cared for the dead and dying But what makes Long Beachs Sunnyside and Municipal cemeteries different from all others is the question of whether the bodies said to be there still remain The cemetery wars of the 1920s erupted when oil was discovered on Signal Hill Oil and other debris ran over the graves and the promised mausoleum that many had already paid for was cast aside in favor of black gold People were angry barricading themselves by the cemeteries gates to prevent oil rigs from getting to the mausoleum site Slant drilling caused headstones and markers to sink into the ground graves were covered by the run off debris from the oil fields above Many bodies were moved their headstones left behind with haphazard records kept of where the corpses were relocated It would take a 10 year court case to determine if the dead still had rights In this book you will learn about the fascinating history of Long Beachs unique cemeteries the stories of those said to be buried in them and whether Long Beachs cities of the dead may be haunted by angry souls whose final abode did not allow them to rest in peace     **The "unknown" Reality", Volume One** ,1977     **The Myth of the Great**

**Ending** Joseph M. Felser,2025-09-12 From Christian believers in the Apocalypse and the Rapture to New Age enthusiasts of prophecies concerning the year 2012 Doomsday lore has been a part of culture a myth that colors how we perceive the world Why do we remain obsessed with Doomsday myths even when they fail to materialize What if we haven't recognized the true message of these myths Blending history psychology metaphysics and story philosopher and author Joseph Felser explores the spiritual questions raised by these enduring myths Along the way he consults the work of Joseph Campbell Carl Jung Marie Louise von Franz Black Elk Wovoka Itzhak Bentov Jane Roberts Seth Hermann Hesse Ingo Swann David Bohm Fred Alan Wolf J Allen Boone William James and Robert Monroe through ever widening circles of understanding Felser suggests that our obsession with The End of the World hides a repressed healthy longing for reconciliation with our inner and outer worlds with nature and our own natural spirituality He urges us to recognize and act upon that longing When we begin to listen to nature's voice and pay heed to our own dreams including visions intuitions and instinctive promptings the greatest revolution in all history will unfold We can create a future of our own choosing a beginning rather than an ending

**Haunted Long Beach 2** Claudine Burnett,2010 Claudine Burnett author of popular Murderous Intent and Strange Sea Tales Along the Southern California Coast has at last revised and updated the long out of print Haunted Long Beach New stories and updates have come her way since the original Haunted Long Beach was published in 1996 Now readers can rediscover the ghostly side of one of America's finest cities haunted houses phantom airplanes cemetery apparitions and ghosts of the Queen Mary come alive in these true stories of eerie happenings in Long Beach California Gathered from historical files and personal experiences Ms Burnett has researched these stories extensively to try to find historical evidence as to their cause All in all these ghostly tales are sure to entertain both visitors and residents alike     [Dreams, Evolution, and Value Fulfillment, Vol 1](#) Jane Roberts,2011-07-08 From the Bestselling Author of Seth Speaks and The Nature of Personal

Reality In this first volume of Dreams Evolution and Value Fulfillment Seth takes us on an odyssey to identify the origins of our universe and our species He asserts that consciousness units form the basis of all energy and matter and charts a conscious self aware universe that is constantly recreated by our own thoughts dreams and desires Illuminating the part that humans play in the greater scheme of things he suggests that we are alive not only for the continuation of the species but to add to the very quality of life itself Other fascinating topics include The role dreams play in the creation of language and technology The relationship between genetic heritage and reincarnation How creativity provides a link with the source of all existence The true power of the imagination and the importance of broadening its scope A discussion of value fulfillment or the yearning to enhance the quality of life as a fundamental desire in all life forms Stimulating and provocative this long awaited book answers crucial questions about the entire significance of Seth s system of thought When I speak of the dream world I am not referring to some imaginary realm but to the kind of world of ideas of thoughts of mental actions out of which all form as you think of it emerges In actuality this is an inner universe rather than an inner world Your physical reality is but one materialization of that inner organization Jane Roberts Speaking for Seth     The "unknown" Reality", Volume Two ,1970

**Acorns: Windows High-Tide Foghat** Joshua Morris,2013-01-23 Acorns delineates the future of humanity as a reunification of intellect with the Deep Self Having chosen to focus upon ego established securely by the time of Christ much more beta brain wave development will destroy our species and others which process has already begun We create our own realities through beliefs intents and desires and we were in and out of probabilities constantly Feelings follow beliefs not the other way around
