Tourism Tattler December 2015 9:

The Diaspora's Role in Africa Stella-Monica N. Mpande, 2021-11-07 Africans living in the diaspora have a unique position as potential agents of change in helping to address Africa's political and socioeconomic challenges. In addition to sending financial remittances, their multiple hybrid identities in and out of geographical and psychocultural spaces allow them to play a role as cultural and political ambassadors to foster social change and sustainable development back in their African homelands. However, this hybrid position is not without challenges, and this book reflects some of the conundrums faced by members of the diaspora as they negotiate their relationships with their home countries. The author uses her lived experiences and empirical research to ask: are members of the diaspora conduits of Western cultural hegemony at the cost of their traditional preservation and meaningful development in Africa? How does the Western media's portrayal of Africa as the Dark Continent in the 21st century influence their decision-making process to invest back home? How could African nations' governments manage their relationships with citizens abroad to motivate them to invest in their home countries? How do some citizen residents in Africa and African Diaspora communities perceive each other in the context of Africa's development? How could the African Diaspora collaborate with citizen residents across growth sectors to impact Africa's development? The book hopes to inspire agents of change within the diaspora and features diverse African entrepreneurs' success stories and their experiences of tackling these challenges. The book will be of interest to aspiring entrepreneurs, researchers across African studies, and the expanding and vibrant field of diaspora research.

Democracy for Sale Peter Geoghegan, 2020-05-14 The Sunday Times bestseller. A compulsively readable, carefully researched account of how a malignant combination of rightwing ideology, secretive money, much of it from the US, and weaponisation of social media have shaped contemporary British and to a limited extent European politics. Remarkable Observer Book of the Week. Democracy is in crisis, and unaccountable and untraceable flows of money are helping to destroy it. This is the story of how money, vested interests, and digital skulduggery are eroding trust in democracy. Antiquated electoral laws are broken with impunity; secretive lobbying is bending our politics out of shape; and Silicon Valley tech giants collude in selling out democracy. Politicians lie gleefully, making wild claims that can be shared instantly with millions on social media. Peter Geoghegan is a diligent, brilliant guide through the shadowy world of dark money and digital disinformation, stretching from Westminster to Washington and far beyond. Praise for *Democracy for Sale*: Thorough, gripping, and vitally important. Oliver Bullough. A brilliant description of the dark underbelly of modern democracy. Everyone should read it. Anne Applebaum. A compelling and very readable story of the ongoing corruption of our government and therefore ourselves. Anthony Barnett. As urgent as it is illuminating. Fintan O'Toole. This urgent, vital book is essential reading for anyone who wants to make sense of our politics. Carole Cadwalladr. This forensic and highly readable book shows how so many of our democratic processes have moved into the murky, unregulated spaces of globalisation and digital innovation. Peter Pomerantsev. A call to arms for all those who value

democracy The Herald Geoghegan's words are those of someone who is prepared to keep fighting to defend and revitalise what shadows of democracy still remain Scotsman *Southern African Perspectives on Sustainable Tourism Management* Jarkko Saarinen, Berendien Lubbe, Naomi N. Moswete, 2022-05-31 This edited collection focuses on tourism development sustainability and local change in southern Africa The book offers a range of both conceptual and applied perspectives that address various changes in southern African tourism and community development relations The key drivers of change that include climate change and globalization form the context for the diverse and interesting set of case studies from the region The main conceptual grounds of the book cover sustainability sustainable development goals SDGs responsibility vulnerability adaptation resilience governance local development and inclusive growth In this book sustainability is seen as one of the most important issues currently facing the tourism sector affecting all types and scales of tourism operations and environments in the region Tourism is an increasingly important economy in the southern African region and the industry is creating changes for communities and environment while also facing major challenges caused by global trends and changes The book offers a case study driven approach to sustainability needs of tourism development in local community contexts The case study chapters are linked through the book's focus on sustainable tourism and local community development Through emphasizing the need to understand both global change and local contexts in sustainable tourism development this book is a valuable resource for all those working in the field *Calvin Peete* Gordon Hobson, 2024-02-06 The first ever biography of an overlooked PGA star and one of the best Black golfers in history His story is unprecedented in the world of golf Born to a family of migrant laborers Calvin Peete dropped out of school in the eighth grade went to work picking crops first swung a golf club at the age of 23 and rose to the top of the PGA In *Calvin Peete Golf's Forgotten Star* Gordon Hobson tells for the first time Peete's incredible story Hobson recounts how when Peete joined the lily white PGA tour in 1976 he stood out from the competition in more ways than one Peete wasn't raised in country clubs and didn't learn the game at prestigious golf universities He sported a huge Fu Manchu cowboy boots and had diamonds embedded in his teeth Peete had a permanently bent left elbow and practiced endless hours in a public park to develop one of the most accurate swings in the history of golf He endured years of futility and despair but eventually he emerged as the best player on the Tour from 1982-86 Calvin Peete's story is inspiring but it also reveals the struggles many Black golfers endured even after the Caucasian only clause was removed from the PGA's bylaws He may have won twelve championships played on the US Ryder Cup team twice and won the prestigious Vardon Award but the road to success wasn't easy *Calvin Peete Golf's Forgotten Star* shows how even without the advantages some people are born into one can find success through hard work determination and fortitude **Wildlife Documentaries in Southern Africa** Ian Glenn, 2022-10-11 In the 1970s Southern Africa became the major locale for African filmmaking with an increasing use of the Kalahari Desert Okavango Delta and Kruger Park area This study examines the relationship between filmmaking in Southern Africa and international broadcasters and audiences and argues that
