Management Science in Hospitality and Tourism Muzaffer Uysal, Zvi

Schwartz, Ercan Sirakaya-Turk, 2017-03-03 *Management Science in Hospitality and Tourism* is a timely and unique book focusing on management science applications. The first section of the book introduces the concept of management science application in hospitality and tourism and related issues to set the stage for subsequent sections. Section II focuses on management science applications with conceptual pieces, empirical applications, and best practices with examples coming from different parts of the world and settings. The last section ends with a chapter focusing on challenges and future research directions. This book goes beyond revenue management topics and presents a broad range of topics in management science applications as they relate to hospitality and tourism cases. Researchers and students in hospitality and tourism will find this book very useful since it contains chapters on data analytics, e-commerce, and technology revenue and yield management optimization methods, resource allocation, goal programming, dynamic programming, Markov chain models, trends analysis, and detection, measuring potential and attractiveness in tourism development, performance measures, and use of indices in hospitality and tourism, and more. There is a heightened interest in these areas of business applications in today's data-driven business environment, and this book addresses that interest. This book is the only comprehensive text on management science applications in hospitality and tourism. It will help managers and hospitality and tourism students as future managers to develop an in-depth understanding of the importance of data analysis, interpretation, and generating information and intelligence for decision making. It covers a broad range of applications representing different geographic regions of the world.

Tourism Stephen J. Page, Joanne Connell, 2020-04-29 *Tourism* can be a challenging subject for students because it is both dynamic and susceptible to economic turbulence and shifts in trends. *Tourism: A Modern Synthesis* is an essential textbook for tourism students seeking a clear and comprehensive introduction to their studies that addresses these challenges. The authors apply a business approach to the subject, reflecting developments in the teaching and content of university courses, and the text covers both key principles and contemporary themes and issues at a global scale. Among the new features and topics included in this fifth edition are: New and fully updated case studies to reflect current trends and emerging markets including Africa and Asia; Up-to-date content on disruptive technologies such as Airbnb, low-cost airlines, the e-travel revolution, and future developments; Current debates in sustainable tourism including the anti-tourism movement, plastic use, and the Sustainable Development Goals; New content on evolving topics such as future employment, human resource management in tourism, and generational marketing; Fully updated statistics and data; A brand new Companion Website including an instructor's manual, supplementary case studies, weblinks, multiple-choice questions, and PowerPoint slides. This is the ideal guide to tourism for students across all levels, serving as a point of reference throughout a programme of study.

Tourism: The Key Concepts Peter Robinson, 2012-10-12 *Tourism: The Key Concepts* offers a comprehensive collection of the most frequently used and studied concepts in the subject of tourism. Within the text, key terms, concepts, typologies, and frameworks are examined in the context of the broader social sciences, blending together theory and practice.

to explore the scope of the subject Terms covered include Ethical Tourism LGBT Tourism Hospitality Mobility Authenticity Quality Management Destination Management Geographies of Tourism Planning Sociology in Tourism Society and Culture Tourism Strategy Each entry contextualises defines and debates the concept discussed providing an excellent starting point for those studying tourism for the first time and a quick reference for those who are more experienced With case studies examples and further reading throughout this text will be invaluable for all undergraduate and postgraduate tourism students

Aspects of Tourist Behavior Metin Kozak, 2013-07-26 As in other fields of research the behaviour of consumers has also received a great deal of attention in tourism research over the past few decades due to its growing importance in the efficient marketing and management of tourism operations The rapid development of IT applications and the equally swift changes of needs and wants have influenced consumers in terms of the behaviour involved in searching for information and in decision making processes As such this book encompasses a collection of chapters addressing various aspects of tourist behaviour from need recognition to post consumption supported through selected practical examples from a range of countries such as Portugal Italy New Zealand Jamaica Taiwan Malaysia and South Africa among others The book systematic in structure and thorough in content is very useful for people who wish to improve and update their current knowledge of tourist behaviour and also to those carrying out further research on this field

Tourism Management Stephen Page, 2011-01-03 Tourism Management managing for change is a complete synthesis of tourism from its beginnings through to the major impacts it has on today's global community the environment and economy Provocative and stimulating it challenges the conventional thinking and generates reflection thought and debate This bestselling book is now in its third edition and has been fully revised and updated to include complete set of brand new case studies a new four colour page design to enhance learning and improved online companion resources packed with must have information to assist in learning and teaching Tourism Management covers the fundamentals of tourism introducing the following key concepts The development of tourism Tourism supply and demand Sectors involved transport accommodation government The future of tourism including forecasting and future issues affecting the global nature of tourism In a user friendly handbook style each chapter covers the material required for at least one lecture within a degree level course Written in a jargon free and engaging style this is the ultimate student friendly text and a vital introduction to this exciting ever changing area of study The text is also accompanied by a companion website packed with extra resources for both students and lecturers including learning outcomes for each chapter multiple choice questions links to sample chapters of related titles and journal articles for further reading as well as downloadable PowerPoint materials and illustrations from the text Accredited lecturers can request access to download additional material by going to <http://textbooks.elsevier.com> to request access
