Tournament Of Shadows:

Tournament of Shadows Karl E. Meyer, Shareen Blair Brysac, 2009-03-17 From the romantic conflicts of the Victorian Great Game to the war torn history of the region in recent decades *Tournament of Shadows* traces the struggle for control of Central Asia and Tibet from the 1830s to the present The original Great Game the clandestine struggle between Russia and Britain for mastery of Central Asia has long been regarded as one of the greatest geopolitical conflicts in history Many believed that control of the vast Eurasian heartland was the key to world dominion The original Great Game ended with the Russian Revolution but the geopolitical struggles in Central Asia continue to the present day In this updated edition the authors reflect on Central Asia's history since the end of the Russo Afghan war and particularly in the wake of 9 11

The China Collectors Karl E. Meyer,Shareen Blair Brysac,2025-06-25 Thanks to Salem sea captains Gilded Age millionaires curators on horseback and missionaries gone native North American museums now possess the greatest collections of Chinese art outside of East Asia itself How did it happen *The China Collectors* is the first full account of a

century long treasure hunt in China from the Opium Wars and the Boxer Rebellion to Mao Zedong's 1949 ascent. The principal gatherers are mostly little known and defy invention. They included foreign devils who braved desert sandstorms, bandits and local warlords in acquiring significant works. Adventurous curators like Langdon Warner, a forebear of Indiana Jones, argued that the caves of Dunhuang were already threatened by vandals, thereby justifying the removal of frescoes and sculptures. Other Americans include George Kates, an alumnus of Harvard, Oxford and Hollywood who fell in love with Ming furniture. The Chinese were divided between dealers who profited from the artworks removal and scholars who sought to protect their country's patrimony. Duanfang, the greatest Chinese collector of his era, was beheaded in a coup and his splendid bronzes now adorn major museums. Others in this rich tapestry include Charles Lang Freer, an enlightened Detroit entrepreneur, two generations of Rockefellers and Avery Brundage, the imperious Olympian, and Arthur Sackler, the grand acquirer. No less important are two museum directors: Cleveland's Sherman Lee and Kansas City's Laurence Sickman, who challenged the East Coast's hegemony. Shareen Blair Brysac and Karl E Meyer even handedly consider whether ancient treasures were looted or salvaged and whether it was morally acceptable to spirit hitherto inaccessible objects westward where they could be studied and preserved by trained museum personnel. And how should the US and Canada and their museums respond now that China has the means and will to reclaim its missing patrimony.

Shadow Schemes Tilly Wallace, 2022. After her triumphant performance as goddess of the night at a royal banquet, Sera is instructed by the Mage Council to stay out of public sight. She is tasked with settling a restless spirit who has been roused by the fate of a descendant. A noblewoman stands accused of orchestrating the sad fate of her daughter and the ghost will not return to her grave until Sera does something. Sera journeys to the countryside in pursuit of evidence to free the woman but finds a gothic manor harbouring secrets within its walls and a lord intent on being rid of his troublesome wife. Did the noblewoman truly do away with her daughter or was a more sinister hand responsible? As Sera struggles to reveal the truth, doubts invade her mind. Will her efforts see the mother walk free or to the gallows? A historical fantasy novel set in Georgian England where magic is real and creatures from myth walk the streets. Tournament of Shadows Michael H. Hyman, 2016-03-23. In the shadows, there are those who plot to exploit the financial weaknesses of the United States. A well planned assault could threaten the dollar's position as the world's reserve currency. An attack like this would also threaten the business of government, military and social programs and lead to dangerous instability in America and around the world. It will take the combined efforts of Sarah Linderman and Jack Romanov to foil an international conspiracy to destabilize the global financial markets and bring America to her knees. However, it's almost impossible to protect against an invisible antagonist, especially when the adversary is knowledgeable with unlimited funds and determined to humble the whole world. Who is the concealed enemy of the United States and why are they so hell bent on throwing the world into a financial crisis? Will Sarah and Jack be able to stop them before it's too late or will America end up

powerless and poverty stricken This is a work of fiction but recent events show that in the financial world the truth can be stranger and sometimes just as sinister
