Zhuangzi And Modern Chinese Literature:

Zhuangzi and Modern Chinese Literature Jianmei Liu, 2016 This is a powerful account of how the ruin and resurrection of Zhuangzi in modern China's literary history correspond to the rise and fall of modern Chinese individuality. By examining the twentieth-century reinterpretation and appropriation of Zhuangzi, the author explores modern Chinese writers' complicated relationship with tradition. **Zhuangzi and Modern Chinese Literature** Jianmei Liu, 2015 **Historical Dictionary of Modern Chinese Literature** Li-hua Ying, 2021-11-15 Modern Chinese literature has been flourishing for over a century with varying degrees of intensity and energy at different junctures of history and points of locale. An integral part of world literature from the moment it was born, it has been in constant dialogue with its counterparts from the rest of the world. As it has been challenged and enriched by external influences, it has contributed to the wealth of literary culture of the entire world. In terms of themes and styles, modern Chinese literature is rich and varied, from the revolutionary to the pastoral, from romanticism to feminism, from modernism to postmodernism, critical realism, psychological realism, socialist realism, and magical realism. Indeed, it encompasses a full range of ideological and aesthetic concerns. This second edition of **Historical Dictionary of Modern Chinese Literature** presents a broad perspective on the development and history of literature in modern China. It offers a chronology, introduction, bibliography, and over 400 cross-referenced dictionary entries on authors, literary and historical developments, trends, genres, and concepts that played a central role in the evolution of modern Chinese literature.

Utopia and Utopianism in the Contemporary Chinese Context David Der-wei Wang, Angela Ki Che Leung, Zhang Yinde, 2020-04-05 **Utopia and Utopianism in the Contemporary Chinese Context** Texts, Ideas, Spaces decisively demonstrates the extent to which utopianism has shaped political thought, cultural imaginaries, and social engagement after it was introduced into the Chinese context in the nineteenth century. In fact, pursuit of utopia has often led to action, such as the Chinese Revolution and the Umbrella Movement, and contested consequences. Covering a time span that goes from the late Qing to our days, the authors show that few ideas have been as influencing as utopia, which has compellingly shaped the imaginaries that underpin China's historical change. Utopianism contributed to the formation of the Chinese state itself, shaping the thought of key figures of the late Qing and early Republican eras, such as Kang Youwei and Sun Yat-sen, and outlived the labyrinthine debates of the second half of the twentieth century, both under Mao's rule and during the post-socialist era. Even in the current times of dystopian narratives, a period in which utopia seems to be less influential than in the past, its manifestations persistently provide lifelines against fatalism or cynicism. This collection shows how profoundly utopian ideas have nurtured both the thought of crucial figures during these historical times, the new generation of mainland Chinese and Sinophone intellectuals, and the hopes of twenty-first-century Hong Kong activists. Wang Leung and Zhang's collection is a timely contribution to utopian studies, built on consistent, coherent, boundary-crossing approaches. Interdisciplinary in its very sense, the essays bring intellectual history, literary studies, philosophy, and political theories.

together in dialogue Of particular note are the essays that situate Hong Kong in a literary tradition that connects China Hong Kong and the beyond Mingwei Song Wellesley College Utopia and Utopianism in the Contemporary Chinese Context is an impressive intellectual undertaking The essays are highly engaging and offer powerful multi faceted approaches to utopianism in contemporary Chinese thought and practice Stimulating and informative the book as a whole addresses the dynamic interplay between the utopian and dystopian thereby inspiring clarity in political thought and action in the present moment Robin Visser University of North Carolina at Chapel Hill

The Translatability of Revolution Pu Wang, 2020-10-20 The first comprehensive study of the lifework of Guo Moruo 1892 1978 in English this book explores the dynamics of translation revolution and historical imagination in twentieth century Chinese culture Guo was a romantic writer who eventually became Mao Zedong s last poetic interlocutor a Marxist historian who evolved into the inaugural president of China s Academy of Sciences and a leftist politician who

devoted almost three decades to translating Goethe's Faust. His career embedded in China's revolutionary century has generated more controversy than admiration. Recent scholarship has scarcely treated his oeuvre as a whole, much less touched upon his role as a translator. Leaping between different genres of Guo's works and engaging many other writers' texts, *The Translatability of Revolution* confronts two issues of revolutionary cultural politics: translation and historical interpretation. Part 1 focuses on the translingual making of China's revolutionary culture, especially Guo's translation of Faust as a development of *Zeitgeist*. Part 2 deals with Guo's rewritings of antiquity in lyrical, dramatic, and historiographical/paleographical forms, including his vernacular translation of classical Chinese poetry. Interrogating the relationship between translation and historical imagination within revolutionary cultural practice, this book finds a transcoding of different historical conjunctures into now-time, saturated with possibilities and tensions.

Chinese and Buddhist Philosophy in Early Twentieth-Century German Thought Eric S. Nelson, 2017-08-24. Presenting a comprehensive portrayal of the reading of Chinese and Buddhist philosophy in early twentieth-century German thought, *Chinese and Buddhist Philosophy in Early Twentieth-Century German Thought* examines the implications of these readings for contemporary issues in comparative and intercultural philosophy. Through a series of case studies from the late 19th century and early 20th century, Eric Nelson focuses on the reception and uses of Confucianism, Daoism, and Buddhism in German philosophy, covering figures as diverse as Buber, Heidegger, and Misch. He argues that the growing intertextuality between traditions cannot be appropriately interpreted through notions of exclusive identities, closed horizons, or unitary traditions. Providing an account of the context, motivations, and hermeneutical strategies of early twentieth-century European thinkers' interpretation of Asian philosophy, Nelson also throws new light on the question of the relation between Heidegger and Asian philosophy. Reflecting the growing interest in the possibility of intercultural and global philosophy, *Chinese and Buddhist Philosophy in Early Twentieth-Century German Thought* opens up the possibility of a more inclusive intercultural conception of philosophy.

Ideology and Form in Yan Lianke's Fiction Haiyan Xie, 2023-02-10. Xie analyzes three novels by the international award-winning Chinese writer Yan Lianke and investigates how his signature mythorealist form produces textual meanings that subvert the totalizing reality prescribed by literary realism. The term mythorealism, which Yan coined to describe his own writing style, refers to a set of literary devices that incorporate both Chinese and Western literary elements while remaining primarily grounded in Chinese folk culture and literary tradition. In his use of mythorealism, carrying a burden of social critique that cannot allow itself to become political, Yan transcends the temporality and provincality of immediate social events and transforms his potential socio-political commentaries into more diversified concerns for humanity, existential issues, and spiritual crisis. Xie identifies three modes of mythorealist narrative exemplified in Yan's three novels: the minjian folk mode in *Dream of Ding Village*, the allusive mode in *Ballad*, *Hymn*, *Ode*, and the enigmatic mode in *The Four Books*. By positioning itself against an ambiguous articulation of social determinants of historical events that would perhaps be more straightforward in a purely realist text,

each mode of mythorealism moves its narrative from the overt politicality of the subject matter to the existential riddle of negotiating an alternative reality A groundbreaking study of one of contemporary China's most important authors that will be of great value to scholars and students of Chinese literature **A New Literary History of Modern China** David Der-wei Wang, 2017-05-22 Featuring over 140 Chinese and non Chinese contributors this landmark volume edited by David Der wei Wang explores unconventional forms as well as traditional genres emphasizes Chinese authors influence on foreign writers as well as China's receptivity to outside literary influences and offers vibrant contrasting voices and points of view **Liu Zaifu: Selected Critical Essays** Zaifu Liu, 2021-06-17 Liu Zaifu is a name that has already been ingrained within contemporary Chinese literary history This landmark volume presents Anglophone readers with Liu's profound reflections on Chinese literature and culture at different times The essays collected here demonstrate Liu's historical experience and trajectory as an exiled Chinese intellectual who persistently safeguards the individuality and the autonomy of literature refusing to succumb to political manipulation Liu's theory of literary subjectivity has opened ways for Chinese writers to thrive and innovate His panoramic view not only unravels the intricate interplay between literature and politics but also firmly regards the transcendental value of literature as a significant ground to subvert revolutionary dogmatism and criticize Chinese modernity Rather than drawing upon the existing paradigm he reinvents his own unique theoretical conceptions in order to exile the borrowed gods *Zhuangzi - Chuang Tzu (illustrated)* Zhuang Zi, 2020-05-23 The Chuang Tsu is one of the most important books in Chinese literature and philosophy It stands with Confucius who often appear as a character in its stories James Legge's translation is perhaps the most sophisticated and exacting one in existence It carries as much as possible of the subtlety and detail in the original masterwork Essentially it is a commentary and extension of the Dao de Jing Tao Te Ching in the same way that Mencius Analects are an exploration of Confucius thought Written in around 300BCE during the Warring States period it is a collection of anecdotes fables and stories that re as silly and funny as they are deep and thought provoking Illustrated with historical drawings and paintings of Zhuangzi's adventures with Confucius and illustrating tales in the book [The Oxford Handbook of George Eliot](#) , 2025-02-20 George Eliot repeatedly stressed the aesthetic and ethical importance of viewing subjects from different perspectives The Oxford Handbook of George Eliot presents fifty two perspectives on this major nineteenth century writer Together the chapters provide the most wide ranging collection of essays on Eliot's life and works published to date While providing fresh perspectives on the important themes running through Eliot's works the volume is distinctive in placing a concern with literary form at its heart Part I questions longstanding conceptions of Eliot as a figure isolated by scandal by exploring her personal and intellectual relationships with her contemporaries Part II focuses on Eliot's close engagement with earlier poets dramatists and novelists as well as with painting sculpture and music and in so doing probes Eliot's interest in the nature of influence itself Part III explores the full range of Eliot's unpublished and published works chapters on each of the novels make a renewed case for the centrality of

Eliot's works to current scholarly debates about nineteenth century literature other chapters offer ways into texts that have either been neglected such as the novellas and poetry or more often mined for biographical and historical contexts than given a close reading such as the notebooks manuscripts letters and journals Part IV gives close scrutiny to those aspects of literary form which characterise Eliot's writing particularly her preoccupation with genre and her handling of voice both that of her narrators and her characters Part V assesses the complexity of Eliot's legacy for later writers concluding with five shorter essays which tackle the nature and impact of the enduring cultural status of *Middlemarch* as a often declared the great English novel
