Writing History in the Soviet Union Arup Banerji, 2017-08-18 The history of the Soviet Union has been charted in several studies over the decades These depictions while combining accuracy elegance readability and imaginativeness have failed to draw attention to the political and academic environment within which these histories were composed Writing History in the Soviet Union Making the Past Work is aimed at understanding this environment The book seeks to identify the significant hallmarks of the production of Soviet history by Soviet as well as Western historians It traces how the Russian Revolution of 1917 triggered a shift in official policy towards historians and the publication of history textbooks for schools In 1985 the Soviet past was again summoned for polemical revision as part and parcel of an attitude of openness glasnost and in this literary figures joined their energies to those of historians The Communist regime sought to equate the history of the country with that of the Communist Party itself in 1938 and 1962 and this imposed a blanket of conformity on history writing in the Soviet Union The book also surveys the rich abundance of writing the Russian Revolution generated as well as the divergent approaches to the history of the period The conditions for research in Soviet archives are described as an aspect of official monitoring of history writing Another instance of this is the manner by which history textbooks have through the years been withdrawn from schools and others officially nursed into circulation This intervention occasioned in the present circumstance by statements by President Putin himself in the manner in which history is taught in Russian schools continues to this day In other words over the years the regime has always worked to make the past work Please note Taylor Francis does not sell or distribute the Hardback in India Pakistan Nepal Bhutan Bangladesh Sri Lanka

The Secret History of the World and How to Get Out Alive Laura Knight-Jadczyk, 2005 Previously published as Ancient Science Secret History contains 150 pages of new material The Secret History of The World and How To Get Out Alive is the definitive book of the real answers where Truth is more fantastic than fiction Laura Knight Jadczyk wife of internationally known theoretical physicist Arkadiusz Jadczyk an expert in hyperdimensional physics draws on science and mysticism to pierce the veil of reality With sparkling humour and wisdom she picks up where Fulcanelli left off sharing over thirty years of research to reveal for the first time The Great Work and the esoteric Science of the Ancients in terms accessible to scholar and layperson alike Conspiracies have existed since the time of Cain and Abel Facts of history have been altered to support the illusion The question today is whether a sufficient number of people will see through the deceptions thus creating a counter force for positive change the gold of humanity during the upcoming times of Macro Cosmic Quantum Shift Laura argues convincingly based on the revelations of the deepest of

esoteric secrets that the present is a time of potential transition an extraordinary opportunity for individual and collective renewal a quantum shift of awareness and perception which could see the birth of true creativity in the fields of science art and spirituality The Secret History of the World allows us to redefine our interpretation of the universe history and culture and to thereby navigate a path through this darkness In this way Laura Knight Jadczyk shows us how we may extend the possibilities for all our different futures in literal terms With over 800 pages of fascinating reading The Secret History of The World and How to Get Out Alive is rapidly being acknowledged as a classic with profound implications for the destiny of the human race With painstakingly researched facts and figures the author overturns long held conventional ideas on religion philosophy Grail legends science and alchemy presenting a cohesive narrative pointing to the existence of an ancient techno spirituality of the Golden Age which included a mastery of space and time the Holy Grail the Philosopher s Stone the True Process of Ascension Laura provides the evidence for the advanced level of scientific and metaphysical wisdom possessed by the greatest of lost ancient civilizations a culture so advanced that none of the trappings of civilization as we know it were needed explaining why there is no evidence of civilization as we know it left to testify to its existence The author s consummate synthesis reveals the Message in a Bottle reserved for humanity including the Cosmology and Mysticism of mankind Before the Fall when as the ancient texts tell us man walked and talked with the gods Laura shows us that the upcoming shift is that point in the vast cosmological cycle when mankind or at least a portion of mankind has the opportunity to regain his standing as The Child of the King in the Golden Age If ever there was a book that can answer the questions of those who are seeking Truth in the spiritual wilderness of this world then surely The Secret History of the World and How to Get Out Alive is it
