The Third Option Miles McPherson, 2020-02-25 Miles McPherson founder of The Rock Church in San Diego presents a discussion about race that we desperately need a must read Bishop T D Jakes Senior Pastor The Potter's House and argues that we must learn to see people not by the color of their skin but as God sees them humans created in the image of God Pastor Miles McPherson senior pastor of The Rock Church in San Diego addresses racial division a topic many have shied away from for fear of asking the wrong question or saying the wrong thing Some are oblivious to the impact racism has while others pretend it doesn't exist Even the church has been affected by racial division with Sunday now being the most segregated day of each week Christians who are called to love and honor their neighbors have fallen into culture's trap by siding with one group against another us vs them Cops vs protestors Blacks vs whites Racists vs the woke The lure of choosing one option over another threatens God's plan for unity among His people Instead of going along with the culture Pastor Miles directs us to choose the Third Option honoring the priceless value of God's image in every person we meet He exposes common misconceptions that keep people from engaging with those of different racial and ethnic backgrounds and identifies the privileges and pitfalls that we all face The Third Option challenges us to fully embrace God's creativity and beauty as expressed in the diversity of His people By following the steps and praying the prayers outlined in his book Pastor Miles teaches us how we can all become leaders in unifying our communities our churches and the nation

The Third Option Vince Flynn, 2019-06-25 From the 1 New York Times bestselling author of American Assassin now a major motion picture comes a pulse pounding thriller that is an old school spy story updated with heavy helpings of international intrigue and domestic politicking and betrayal Library Journal that puts CIA agent Mitch Rapp in the crosshairs of an enemy even he did not anticipate When diplomacy fails and military intervention is inappropriate our leaders sometimes take a third option and Mitch Rapp has been assigned just such an unofficial task targeting a German industrialist who is supplying a notorious terror sponsor But when the mission is dangerously compromised Rapp quickly realizes he's been deemed an expendable

asset in a power struggle on home turf the battle over who will become the successor of the dying CIA director But no one counted on Mitch Rapp's return or how far he'll go to find out who set him up An explosive and unputdownable thriller that is ripped from the headlines *The Third Option* proves that in the world of black ops thrillers Mitch Rapp remains the gold standard Booklist starred review of *Red War* *The Third Option* Carson Brannan, 2010-02 Jack Sloan was living a comfortable life with his new wife Susan until the unexpected happened a yacht belonging to a couple with some striking similarities and some undeniable dissimilarities to Jack and Susan floats close to shore with no passengers on board Jack and Susan are immediately thrown into a whirlwind of events and choices that may lead to friendship and happiness or culminate in total disaster Between searching the Caribbean for billionaire Guy Atkins and uncovering a conspiracy that could lead to the destruction of the earth Jack learns that life is fraught with decisions and that there is always an alternative option that is the right course to follow Join new author Carson Brannan as he chronicles Jack's adventures and discovers the Third Option Carson Brannan has been an avid sailor since his childhood spent in Florida and enjoys all manner of water sports As well as extensive travel He is married and has a blended family consisting of five children nine grandchildren and one great grandchild He and his wife live in east Tennessee in a beautiful house with inspiring vistas all around *The Third Option* Series is his first literary effort **The Third Option** Charles G. Cogan, 2001-09-30 It was logical to expect that the European Economic and Monetary Union would lead ineluctably to an autonomous European defense the very size of the European Union seems to demand it The EU eventually will reach the point where its economic and demographic weight will far exceed that of the United States Can it not be expected too that the EU will seek to make this weight felt internationally Cogan tracks the halting creation of an independent European military structure a third way between national armies and NATO since the Iron Curtain's fall With the Cold War's end and subsequent western engagements in Central and Eastern Europe it is no longer a question of whether NATO and the EU compare they now must relate They have to coordinate their planning and force postures so as to avoid duplication of resources and efforts Although NATO's integrated command structure theoretically was an anomaly with the end of the Cold War it nevertheless turned out to be the case in Bosnia and later Kosovo that nothing was possible until the Americans intervened The virtue of integrated command American participation and know how was once again seen as crucially important despite the increasingly anachronistic deficit of sovereignty for Western Europe in defense matters In the long run Europe's economic power must be balanced by its military and diplomatic might **The Third Option for the South China Sea** David Jay Green, 2016-09-16 This Palgrave Pivot uses a simple model from game theory to explain the behavior of countries disputing ownership of resources and of small islands in the South China Sea It argues that the rapid transformation of the region's economy the rise of Factory Asia is not being acknowledged leading countries to take chances beyond what a rational picture of costs and benefits would suggest Regional economic cooperation may be a viable alternative to the present conflicts However the varied experience of regional

initiatives in Southeast Asia provides a cautionary note that while there is the potential for peaceful development of the South China Sea there are significant challenges to structuring successful programs **The ^AThird Option** Loch K. Johnson,2021-11-15 Covert action often called the Third Option refers to efforts by the US to secretly influence international affairs through propaganda as well as political economic and paramilitary operations It is a dimly lit world of secret agents weaponry foreign election propaganda and counterfeit foreign currencies a largely invisible realm of clandestine activities governed by the best of intentions yet sometimes yielding the worst of results In short it s a world that merits the thoughtful attention and judgment of every citizen Loch Johnson offers a frank assessment of this obscure but vital component of America s foreign policy **The Ontario weekly notes** ,1914 Ontario weekly reporter and index-digest ,1914 *The Third Option* Patricia Crane Ennis,Catholic Church.
