The Waffen-SS in Allied Hands Volume One Terry Goldsworthy, 2019-01-29 The Waffen SS are commonly regarded as the elite of Germany s armed forces during World War II They gained much of this reputation while fighting on the Eastern Front in Russia during Germany s war against the Soviet Union They were also called to the fore in an attempt to hurl back the Western Allies invasion forces in Normandy and were used in the last great offensive on the Western Front in the Ardennes and contributed to the final defence of Berlin In adversity they were some of the most resilient soldiers that fought for Germany in World War II and were ideologically and politically aligned with Hitler For over 70 years many of the manuscripts contained in this book and sourced from the United States National Archives have not been scrutinised by modern researchers This book provides a unique opportunity to publish these records in order to provide an insight into the Waffen SS The Waffen SS was a military organisation that is steeped in the military folklore of being a force capable of incredible military feats but it was also capable of incredible evil These records are exceedingly valuable as they are one of the few contemporaneous primary sources of information available in relation to the Waffen SS *From the Realm of a Dying Sun* Douglas E. Nash, 2020-10-30 A veritable tour de force of Eastern Front armored combat replete with slashing counterattacks defending to the last man and overcoming odds Mark J Reardon author of Victory at Mortain On Christmas

Even 1944 the men of the IV SS Panzerkorps and its two divisions the 3rd SS Panzer Division Totenkopf and the 5th SS Panzer Division Wiking were eagerly anticipating what the holiday would bring including presents from home and perhaps sharing a bottle of schnapps or wine with their comrades This was not to be for that very evening the corps commander SS Obergruppenführer Herbert Otto Gille received a telephone call notifying him that the 35 000 men of his corps would begin boarding express trains the following day that would take them from the relative quiet of the Vistula Front to the front lines in Hungary hundreds of kilometers away Their mission Relieve Budapest Thus would begin the final round in the saga of the IV SS Panzerkorps In Hungary it would play a key role in the three attempts to raise the siege of that fateful city Threatened as much by their high command as by the forces of the Soviet Union Gille and his troops overcame seemingly insurmountable obstacles in their attempts to rescue the city's garrison only to have their final attack called off at the last minute At that moment they were only a few kilometers away from the objective towards which they had striven for nearly a month After the relief attempt's failure sealed the fate of hundreds of thousands of Hungarians and Germans the only course of action remaining was to dig in and protect the Hungarian oilfields as long as possible

The Combat History of Schwere Panzer-Abteilung 507 Helmut Schneider, 2003 *Waffen-SS* Adrian Gilbert, 2019-06-25 From an award winning and bestselling historian the first comprehensive military history in over fifty years of Hitler's famous and infamous personal army the Waffen SS The Waffen SS was one of the most feared combat organizations of the twentieth century Originally formed as a protection squad for Adolf Hitler it became the military wing of Heinrich Himmler's SS and a key part of the Nazi state with nearly 900 000 men passing through its ranks The Waffen SS played a crucial role in furthering the aims of the Third Reich which made its soldiers Hitler's political operatives During its short history the elite military divisions of the Waffen SS acquired a reputation for excellence but their famous battlefield record of success was matched by their repeated and infamous atrocities against both soldiers and civilians *Waffen SS* is the first definitive single volume military history of the Waffen SS in more than fifty years In considering the actions of its leading personalities including Himmler Sepp Dietrich and Otto Skorzeny and analyzing its specialist training and ideological outlook eminent historian Adrian Gilbert chronicles the battles and campaigns that brought the Waffen SS both fame and infamy

Tank Warfare on the Eastern Front, 1943-1945 Robert Forczyk, 2016-03-30 The author of *Case White* offers an extensive history of German and Soviet armored warfare toward the end of World War II By 1943 after the catastrophic German defeat at Stalingrad the Wehrmacht's panzer armies gradually lost the initiative on the Eastern Front The tide of the war had turned Their combined arms technique which had swept Soviet forces before it during 1941 and 1942 had lost its edge Thereafter the war on the Eastern Front was dominated by tank led offensives and as Robert Forczyk shows the Red Army's mechanized forces gained the upper hand delivering a sequence of powerful blows that shattered one German defensive line after another His incisive study offers fresh insight into how the two most powerful mechanized armies of the Second World War developed their tank tactics and

weaponry during this period of growing Soviet dominance He uses German Russian and English sources to provide the first comprehensive overview and analysis of armored warfare from the German and Soviet perspectives This major study of the greatest tank war in history is compelling reading

Between Giants Prit Buttar,2013-05-20 During World War II Latvia Lithuania and Estonia found themselves trapped between the giants of the Soviet Union and Nazi Germany Over the course of the war these states were repeatedly occupied by different forces and local government organizations and individuals were forced to choose between supporting the occupying forces or forming partisan units to resist their occupation Devastated during the German invasion these states then became the site of some of the most vicious fighting during the Soviet counter attack and push towards Berlin Many would be caught up in the bitter fighting in the region and in particular in the huge battles for the Courland Bridgehead during Operation Bagration when hundreds of thousands of soldiers would fight and die in the last year of the war By the end of the war death and deportation had cost the Baltic States over 20 per cent of their total population and Soviet occupation was to see the iron curtain descend on the region for four decades Using numerous first hand accounts and detailed archival research Prit Buttar weaves a magisterial account of the bitter fighting on the Eastern Front and the three small states whose fates were determined by the fortunes and misfortunes of war

Combat History of Schwere Panzer-Abteilung 508 Kurt Hirlinger,2001

Reich III 1941-1943 Otto Weidinger,2002

Hero City Prit Buttar,2024-09-12 One of the greatest ever sieges is masterfully brought to life by a leading expert on the Eastern Front At the height of World War II the people of Leningrad endured a bitter 900 day siege struggling against bombing shelling and starvation Prit Buttar tells the story of how the siege was finally broken The Red Army had suffered multiple setbacks in the preceding two years but achieved a partial success by breaking the blockage in early 1943 However this was followed by further failed attempts to lift the siege completely But by simply enduring the siege in the face of impossible odds Russian soldiers and civilians beat the Germans By the end of 1943 the German forces themselves broken by deprivations and extreme weather began to pull back Here was the opportunity the Soviet forces had been waiting for The Red Army launched a decisive attack that broke through and ended the siege Their determination to hold out has become a hugely significant part of Russian history the echoes of the battle helping to define both a country and its politics This compelling history uses original Russian source material to vividly describe the deprivations visited upon those trapped But it also details the tactical successes and strategic failures of both sides as well as the appalling war crimes that have forever stained the ground in and around this historic city

The 10. Panzer-Division Jean Restayn,N. Moller,2003 This photo album presents the history of the division through a brief text hundreds of photographs several maps and numerous custom color illustrations This book offers the first account in English of this battle proven division which was formed shortly before the outbreak of the war It fought in Poland France and in the opening stages of the campaign in Russia In mid 1942 it was pulled out of the line reconstituted and reorganized in France and then sent to North Africa as part of Hitler s desperate attempt to

save the situation there Although the division spent only six months in the desert it fought both the British and the Americans

In Good Faith Friedrich Husemann,2009 King Tiger vs IS-2 David R. Higgins,2011-09-20 This book examines the technology and strategy that defined the outcome of the battles between the King Tiger and the IS 2 The Soviets had been quick to develop tanks that could fight the Tiger on an equal footing but these were developed as part of a completely different strategy than that employed by the Germans The King Tiger was a modern marvel and remained unmatched in one on one combat Technologically superior with greater firepower and better armour than the Soviet IS 2 the King Tiger was a formidable opponent However the IS 2 was lighter more manoeuvrable and most importantly far more numerous As well as analysing how different designs and technology helped and hindered each tank this book also discusses how these weapons affected and shaped the overall strategy of the German and Soviet forces Ultimately with overwhelming numerical superiority the Soviets were able to simply overwhelm their opponents negating the technical superiority of the King Tiger

In Good Faith: 4th Ss Polizei Panzer Grenadier Friedrich Husemann,2003 **Operation Citadel: The battle of the south** Jean Restayn,Nicole Moller,2002 Operation "Zitadelle" July 1943 Franz Kurowski,2003 2 Verdenskrig Slaget ved Kursk juli 1943 Beskrivelse af et af de mest afgørende panserslag på stfronten under 2 VK b de den russiske og tyske planlægning samt selve slaget belyses detaljeret **500 Days** Sean M.
