All about Thelma and Eve Judith Roof, 2002 Inviting us to wallow in the middle Judith Roof offers a fresh inventive look at female comic secondary characters who though never on center stage play an indispensable role in enriching and complicating the course of the narrative Paying attention to these characters shows that narrative is not always as straight as it might seem Focusing on such superb comic seconds as Eve Arden Thelma Ritter Rosalind Russell and Whoopi Goldberg Roof explores what is queer about the middle in the sense of eccentric and in terms of desire and how that queerness functions as a part of and an antidote to narrative Shrewd pragmatic self-denying perceptive outspoken and witty these female characters are able to cross the bounds of social groupings gender expectations and propriety presenting possibilities that threaten the fitting ends of narrative closure norms such as heterosexuality production reproduction knowledge and victory Roof characterizes female seconds as modern day versions of the Shakespearean fool able to speak the truth without being punished for it Discussing films ranging from *Mildred Pierce* *Auntie Mame* and *Rear Window* to *Stage Door* *Sister Act* and *The Associate* she shows how Hollywood's recasting of the wise servant figure as female unattached and

lower class reflects more general cultural anxieties about the role of women gender confusion race and class distinctions She also tracks changes in the form and function of the minor and middle from the stylized hierarchical economy of classical Hollywood film to the expanded serial variety fitted to 1990s commodity culture A meticulous playful rereading of Hollywood classics from the margins All about Thelma and Eve registers both delight in these female characters and discernment of their integral role in unseating narrative and other norms *Ida Lupino, Director* Therese Grisham, Julie

Grossman, 2017-05-23 Dominated by men and bound by the restrictive Hays Code postwar Hollywood offered little support for a female director who sought to make unique films on controversial subjects But Ida Lupino bucked the system writing and directing a string of movies that exposed the dark underside of American society on topics such as rape polio unwed motherhood bigamy exploitative sports and serial murder The first in depth study devoted to Lupino's directorial work this book makes a strong case for her as a trailblazing feminist auteur a filmmaker with a clear signature style and an abiding interest in depicting the plights of postwar American women *Ida Lupino Director* not only examines her work as a cinematic auteur but also offers a serious consideration of her diverse and long ranging career getting her start in Hollywood as an actress in her teens and twenties directing her first films in her early thirties and later working as an acclaimed director of television westerns sitcoms and suspense dramas It also demonstrates how Lupino fused generic elements of film noir and the social problem film to create a distinctive directorial style that was both highly expressionistic and grittily realistic *Ida Lupino Director* thus shines a long awaited spotlight on one of our greatest filmmakers **Mary Wickes** Steve

Christianity and the Culture Machine Vincent F. Rocchio,2016-08-05 Christianity and the Culture Machine is a precedent shattering approach to combining theories of media and culture with theology In this intensive examination of Christianity s role in the cultural marketplace the author argues that Christianity s inability to effectively contest the ideology of secular humanism is not a theological shortcoming but rather a communications problem the institutional church is too wedded to an outmoded aesthetic of Christianity to communicate effectively Privileging authority and obedience over the egalitarian and transformative goal of Christianity the church fails to recognize how it undermines the vitality of the Christian narrative and message In the absence of a more compelling vision offered by the official church a new aesthetic can be found forming within the margins of popular culture texts Despite its past failures in representing the Bible in mainstream film and television the culture industry now offers more compelling versions of core Christian theology without even realizing it within the margins of the main storylines This book analyzes the aesthetic principles employed by these appropriations and articulations of Christian discourse as a means of theorizing what a new aesthetic of Christianity might look like **From Abba to Zoom** David Mansour,2005-06 American pop culture aficionado Mansour offers this wide ranging volume of Boomer and Generation X treasures In page after page more than 3 000 references make this a true trip through the Boom Times
