**Equipping Space Cadets** Emily Midkiff, 2022-04-19 Winner of the 2023 Science Fiction Research Association SFRA Book Award 2022 Longlist Nominee for the Best Non Fiction Award from the British Science Fiction Association Equipping Space Cadets Primary Science Fiction for Young Children argues for the benefits and potential of primary science fiction or science fiction for children under twelve years old Science fiction for children is often disregarded due to common misconceptions of childhood When children are culturally portrayed as natural and simple they seem like a poor audience for the complex scientific questions brought up by the best science fiction The books and the children who read them tell another story Using three empirical studies and over 350 children s books including If I Had a Robot Dog Bugs in Space and Commander Toad in Space Equipping Space Cadets presents interdisciplinary evidence that science fiction and children are compatible after all Primary science fiction literature includes many high quality books that cleverly utilize the features of children s literature formats in order to fit large science fiction questions into small packages In the best of these books authors make science fiction questions accessible and relevant to children of various reading levels and from diverse backgrounds and identities Equipping Space Cadets does not stop with literary analysis but also presents the voices of real children and practitioners The book features three studies a survey of teachers and librarians quantitative analysis of lending records from school libraries across the United States and coded read aloud sessions with elementary school students The results reveal how children are interested in and capable of reading science fiction but it is the adults including the most well intentioned librarians and teachers who hinder children s engagement with the genre due to their own preconceptions about the genre and children

Twenty-First-Century Feminisms in Children's and Adolescent Literature Roberta Seelinger Trites, 2018-01-17 Over twenty years after the publication of her groundbreaking work Waking Sleeping Beauty Feminist Voices in Children s Novels Roberta Seelinger Trites returns to analyze how literature for the young still provides one outlet in which feminists can offer girls an alternative to sexism Supplementing her previous work in the linguistic turn Trites employs methodologies from the material turn to demonstrate how feminist thinking has influenced literature for the young in the last two decades She interrogates how material feminism can expand our understanding of maturation and gender especially girlhood as represented in narratives for preadolescents and adolescents Twenty First Century Feminisms in Children s and Adolescent Literature applies principles behind material feminisms such as ecofeminism intersectionality and the ethics of care to analyze important feminist thinking that permeates twenty first century publishing for youth The

structure moves from examinations of the individual to examinations of the individual in social environmental and interpersonal contexts The book deploys ecofeminism and the posthuman to investigate how embodied individuals interact with the environment and via the extension of feministic ethics how people interact with each other romantically and sexually Throughout the book Trites explores issues of identity gender race class age and sexuality in a wide range of literature for young readers such as Kate DiCamillo's *Flora and Ulysses* Jacqueline Woodson's *Brown Girl Dreaming* and Rainbow Rowell's *Eleanor Park* She demonstrates how shifting cultural perceptions of feminism affect what is happening both in publishing for the young and in the academic study of literature for children and adolescents
