world to illustrate classic Christian doctrines 40 Living Parables commentaries demonstrate how contributions of past Christians remain important today 75 Doctrine 101 articles explore the doctrines that have become the bedrock of Christian belief and why in today's world they are vital to know and believe 12 Up for Debate tables present multiple viewpoints on topics about which believers disagree 8 charts and graphs provide summaries of various theological concepts and arguments Foreword by Christianity Today managing editor Mark Galli **Charisma and Christian Life**, 1997 *Angels* Stuart A. Kallen, 2008-08 Every year thousands of people say angels helped them in emergencies healed their bodies and offered prophetic visions This book explores the supernatural world of heavenly angels fallen angels and angelic encounters with eyewitness reports [Christianity in Crisis](#) Hank Hanegraaff, 2012-06-18 Nearly two decades ago Hank Hanegraaff's award winning *Christianity in Crisis* alerted the world to the dangers of a cultic movement within Christianity that threatened to undermine the very foundation of biblical faith But in the 21st century there are new dangers new teachers who threaten to do more damage than the last These are not obscure teachers that Hanegraaff unmasks We know their names We have seen their faces sat in their churches and heard them shamelessly preach and promote the false pretexts of a give to get gospel They are virtual rock stars who command the attention of presidential candidates and media moguls Through make believe miracles urban legends counterfeit Christs and twisted theological reasoning they peddle an occult brand of metaphysics that continues to shipwreck the faith of millions around the globe God cannot do anything in this earthly realm unless we give Him permission Keep saying it I have equality with God talk yourself into it Being poor is a sin The Jews were not rejecting Jesus as Messiah it was Jesus who was refusing to be the Messiah to the Jews You create your own world the same way God creates His He speaks and things happen you speak and they happen *Christianity in Crisis* 21st Century exposes darkness to light pointing us back to a Christianity centered in Christ From the Preface Having lost the ability to think biblically postmodern Christians are being transformed from cultural change agents and initiators into cultural conformists and imitators Pop culture beckons and postmodern Christians have taken the bait As a result the biblical model of faith has given way to an increasingly bizarre array of fads and formulas **Walking with Angels** Carmel Reilly, 2011-01-27 Every faith has its stories of angels radiant apparitions or invisible guides messengers that bring the wisdom of heaven into the hearts of men and women Yet it is not only the great prophets and seers who have had these experiences All over the world people have stories to tell of shining figures standing by hospital beds of ordinary looking strangers offering help in times of urgent need before vanishing leaving no trace of guardians giving support in the darkest hour *Walking with Angels* offers a glimpse into the mystery and glory of this world It relates the theological facts as understood by the different religions and gives breathtaking accounts of ordinary people touched unexpectedly by a divine hand **Is Christianity True?** Jonathan Menn, 2024-10-29 *Is Christianity True* is an excellent resource for twenty first century Christians and non Christians who want to investigate the truth claims of Christianity This book tackles the most important issues in a clear and compelling way

Part 1 looks at the trustworthiness of the Bible and at Jesus Christ who claimed to be God incarnate. He verified his claim by his fulfillment of prophecy and his resurrection from the dead. Part 2 shows that the great alternative to Christianity, the belief that there is no God or supernatural realm and that the universe and all that exists do so simply by natural forces, not only is false but is impossible. Part 3 deals with perhaps the greatest challenge to Christianity, the problem of evil, i.e. if God is all knowing, all powerful, and all good, then why is there so much evil in the world. The book does not shy away from discussing up to date scientific knowledge and shows how this knowledge actually confirms the claims of Christianity. This book is a clear yet challenging explanation of the biblical, historical, philosophical, and scientific evidence which shows that indeed Christianity is true.

Christianity: Opium or Truth David Gooding, John Lennox, 2014. Is Christianity just a belief that dulls the pain of our existence with dreams that are beautiful but false? Or is it an accurate account of reality, our own condition, and God's attitude toward us? Gooding and Lennox address crucial issues that can make it difficult for thoughtful people to accept the Christian message. They answer those questions and show that clear thinking is not in conflict with personal faith in Jesus Christ.
