historical contexts of Chaucer's writings *The Literary Year-book*, 1905 **Finding List of English and French Prose Fiction** Detroit Public Library, 1905 **Class List** Salem Public Library, 1895 Medieval Marvels and Fictions in the Latin West and Islamic World Michelle Karnes, 2022-07-12 It is a commonplace that marvels like enchanted rings and sorcerers' stones were topics of fascination in the Middle Ages not only in romance and travel literature but also in the period's philosophic writing: magical objects with hard-to-explain powers abound. This is the first book to analyze these different bodies of writing alongside one another, comparing texts from both the Latin West (including writings in English, French, Italian, and Spanish) and in Arabic, on the topic, attempting a unifying theory of marvels across different disciplines and cultures. Michelle Karnes tells an untold story of the parallels between Arabic and Latin thought, reminding us that the strange and the unfamiliar travel unusually well across a range of genres spanning geographical and conceptual space and offers an ideal vantage point from which to understand Arabic and Latin intercultural exchange. Employing the notion of the near impossibility, Karnes traverses this diverse archive, marking the outer boundaries of both nature's capabilities and human creativity. Imagination, she shows, invests marvels with their character and ultimately their power. Skirting the distinction between the real and unreal, the true and the false, imagination, for Karnes, endows marvels with indeterminacy and import, imbuing them with inherently interdisciplinary, boundary-resistant, perplexing properties. These near impossibilities cannot be conclusively discounted; rather, they challenge readers to discover the highest capabilities of both nature and the human intellect. Karnes offers here a rare comparative perspective and a new methodology to study a topic long recognized to be central to medieval culture.

Witnesses to the Struggle Anne Loftis, 2014-05-16 A study of the artistic and literary responses to the Depression-era labor crises of the Golden State, Anne Loftis focuses on the work and activities of John Steinbeck, Carey McWilliams, Paul Taylor, and Dorothea Lange, who brought the story of California's labor struggles to the rest of the country. The realism and documentary expression of their art grew out of their personal involvement in the problems of society, and Loftis explores the lasting influence of their work. One of Steinbeck's unintended legacies was his treatment of California farm workers as victims, the simple pawns of larger forces. In her balanced and intriguing study, Loftis reveals that the workers were not victims but rather the strong and resourceful creators of their own histories.

The Literary World, 1897 A Companion to Chaucer Peter Brown, 2008-04-15 Designed as both a contribution to original research and as a stimulating and accessible text, this volume is a helpful, reliable, responsive, and adaptable resource for students of Chaucer at all levels.

The Unvarnished Truth Ann Fabian, 2000-01-03 The practice of selling one's tale of woe to make a buck has long been a part of American culture. *The Unvarnished Truth: Personal Narratives in Nineteenth-Century America* is a powerful cultural history of how ordinary Americans crafted and sold their stories of hardship and calamity during the nineteenth century. Ann Fabian examines the tales of beggars, convicts, ex-slaves, prisoners of the Confederacy, and others to explore cultural authority, truth-telling, and the nature of print media as the country was shifting to a market economy. This

well crafted book describes the fascinating controversies surrounding these little read tales and returns them to the social worlds where they were produced Drawing on an enormous number of personal narratives accounts of mostly poor suffering and often uneducated Americans The Unvarnished Truth analyzes a long ignored tradition in popular literature Historians have treated the spread of literacy and the growth of print culture as a chapter in the democratization of refinement but these tales suggest that this was not always the case Producing stories that purported to be the plain unvarnished truth poor men and women edged their way onto the cultural stage using storytelling strategies far older than those relying on a Renaissance sense of refinement and polish This book introduces a unique collection of tales to explore the nature of truth authenticity and representation **List of Novels and Tales in the English Language** Los Angeles Public Library,1900

Impersonal Passion Denise Riley,2005-04-08 A collection of essays on the everyday workings of language and how language shapes our social and political existence Renaissance Earwitnesses K. Botelho,2009-12-21 Renaissance Earwitnesses examines how maintaining masculinity on the early modern stage is intimately tied to earwitnessing or a sense of judicious listening in his reading of plays by Marlowe Shakespeare Cary and Jonson
