The Twelve Dancing Princesses A Magic Beans Story:

The Twelve Dancing Princesses: A Magic Beans Story Anne Fine, 2011-12-22 The King is at his wit's end twelve daughters and every morning their shoes are torn to ribbons Nobody can tell him why so he promises that whoever uncovers their secret will inherit his kingdom The reward is huge but the price of failure is their head Who will risk it all for a dance with the princesses This story is a magic bean It may not look much like a bean but I can promise you that it is For if you plant it in a young mind it will grow into a love of story and reading These beans are favourite fairytales and legends that will delight thrill and thoroughly entertain Each story has been brilliantly crafted by one of the best loved writers for children This story was published by David Fickling Books as part of the Magic Beans anthology The complete anthology is available in hardback and in ebook format

The Happy Ending Mandy Zundel, 2023-12-26 Four fairy tales One broken spell And a secret that threatens everyone After his farm fails and his cow goes dry Jack is certain the Happy Ending will intervene He isn't prepared for how lost he feels when it doesn't Heartbroken he determines to save his family himself Hepsibah resents being cast by the Happy Ending as the villain in the cursed princess story Ignoring tradition the aged fairy tries to give a true gift to the babe rather than a curse She doesn't know that nothing she does will turn out as expected Ella dreams of one night of happiness away from the harsh reality of her life She's crushed when the evening doesn't go as planned After the ball ends Ella's dreary existence becomes even more difficult for her to bear Adalia can't decide what she wants lately She worries about her family and the threat to her kingdom She hates not knowing whether the midnight dances are the answer to her problem or the cause of it Hepsibah is terrified her magic is out of control Jack races to warn about a secret that has been hidden for millennia Ella flees hoping it's not too late to escape And Adalia fights against the spell that holds her hostage All of them are about to discover just how dangerous their world can be

Chesterton and Tolkien as Theologians Alison Milbank, 2009-01-01 This book takes Chesterton's natural theology through fairytales seriously as a theological project appropriate to an intellectual attempt to return to faith in a secular age It argues that Tolkien's fiction makes sense also as the work of a Catholic writer steeped in Chestertonian ideas and sharing his literary theological poetics While much writing on religious fantasy moves quickly to talk about wonder Milbank shows that this has to be hard won and that Chesterton is more akin to the modernist writers of the early twentieth century who felt quite dislocated from the past His favoured tropes of paradox defamiliarization and the grotesque have much in common with writers like T S Eliot Ezra Pound and James Joyce and their use of the demotic as well as the mythic method Using Chesterton's literary rhetoric as a frame the book sets out to chart a redemptive poetics that first decentres the reader from his habitual perception of the world then dramatizes his self alienation through the grotesque before finding in that very alienation a sort of pharmakon through paradox and an embrace of difference The next step is to change one's vision of the world beyond the self through magic which paradoxically is the means by which one can reconnect with the physical world and remove the fetishism and

commodification of the object Chesterton's theology of gift is the means in which this magic becomes real and people and things enter into reciprocal relations that reconnect them with the divine

The Natural History of Make-believe John Goldthwaite, 1996 The Man in the Moon has dropped down to earth for a visit Over the hedge a rabbit in trousers is having a pipe with his evening paper Elsewhere Alice is passing through a looking glass Dorothy riding a tornado to Oz and Jack climbing a beanstalk to heaven To enter the world of children's literature is to journey to a realm where the miraculous and the mundane exist side by side a world that is at once recognizable and real and enchanted Many books have probed the myths and meanings of children's stories but Goldthwaite's *Natural History* is the first exclusively to survey the magic that lies at the heart of the literature From the dish that ran away with the spoon to the antics of Brer Rabbit and Dr. Seuss's Cat in the Hat Goldthwaite celebrates the craft the invention and the inspired silliness that fix these tales in our minds from childhood and leave us in a state of wondering to know how

these things can be Covering the three centuries from the fairy tales of Charles Perrault to Maurice Sendak's *Where the Wild Things Are* he gathers together all the major imaginative works of America Britain and Europe to show how the nursery rhyme the fairy tale and the beast fable have evolved into modern nonsense verse and fantasy Throughout he sheds important new light on such stock characters as the fool and the fairy godmother and on the sources of authors as diverse as Carlo Collodi Lewis Carroll and Beatrix Potter His bold claims will inspire some readers and outrage others He hails Pinocchio for example as the greatest of all children's books but he views C S Lewis's *The Chronicles of Narnia* as a parable that is not only murderously misogynistic but deeply blasphemous as well Fresh incisive and utterly original this rich literary history will be required reading for anyone who cares about children's books and their enduring influence on how we come to see the world
