Hell's Best Kept Secret Ray Comfort, 2004-07-01 How many souls have you won to Christ How many are still walking with the Lord All some a few The facts are Evangelical success is at an all time low We re producing more backsliders than true converts The fall away rate from large crusades to local churches is between 80 to 90 percent Why are so many unbelievers turning away from the message of the gospel Doesn t the Bible tell us how to bring sinners to true repentance If so where have we missed it The answer may surprise you One hundred years ago Satan buried the crucial key needed to unlock the unbeliever s heart Now Ray Comfort boldly breaks away from modern tradition and calls for a return to biblical evangelism If you re experiencing evangelical frustration over lost souls unrepentant sinners and backslidden believers then look no further This radical approach could be the missing dimension needed to win our generation to Christ

Hassell,2015-04-14 When a geomagnetic storm results from a solar flare and coronal mass ejection the question isn't how did it happen but how do you now survive In a world without electricity water constant food sources or even reliable shelter how do you live This is the question posed to a young man who finds himself stuck 700 miles from home The best idea is to make his way there or is it Along the way he will encounter roving gangs of civil war reenactors a church leading the way to rapture cannibals casinos powered by the debts of their customers and the most dangerous of them all Boy Scouts James P Hassell is back at it with a cutting ability to throw our world into chaos and in the process expose the dark secrets of humanity that no one wants to face His unflinching style in examining the darkest recesses of humanity is as disturbing as it is enlightening **The People's Press** ,1909 Hell's Creek Patrick Fox,2003-04-10 After Bill Banes is killed in a spectacular but mysterious car bombing in England O Toole volunteers to go to London to bring back his friend's remains Before he knows it he's involved in a many leveled conspiracy that becomes much more complicated than the murder it initially appeared to be O Toole follows up on the one consistency in the sketchy chain of evidence Bill Banes continuing fascination with a 1978 earthquake in the western United States From the hundred mile visibilities at the peaks of the Little Belt Mountains to the subterranean murk of the Lombard Fault in Western Montana he is once again up to his ears in trouble straying far beyond his jurisdiction as an employee of Structure the small and super secret agency that does the jobs that are too sensitive for the CIA and the FBI and proving yet again that no good deed goes unpunished With the aid of Elmer Linthacum who runs a small town Exxon station and Becky Sparling the loving daughter of a multimillionaire cattle rancher who has interests that go beyond his fourteen thousand acres O Toole manages to unravel the mystery and avoid getting sewn up or blown up in the process Hells Canyon National Recreation Area United States.
