Sikh Rule in the Nineteenth Century Robina Yasmin,2022-01-13 Though the history of Sikh Muslim relations is fraught with conflict this book examines how the policies of Sikh rulers attempted to avoid religious bigotry and prejudice at a time when Muslims were treated as third class citizens Focusing on the socio economic political and religious condition of Muslims under Sikh rule in the Punjab during the 19th century this book demonstrates that Maharaja Ranjit Singh and his successors took a secular approach towards their subjects Using various archival sources including the Fakir Khana Family archives and the Punjab Archives the author argues citizens had freedom to practice their religion with equal access to employment education and justice The Two of Swords: K. Geographies of Identity in Nineteenth-Century Japan David L. Howell,2005-02-07 In this pioneering study David L. Howell looks beneath the surface structures of the Japanese state to reveal the mechanism by which markers of polity status and civilization came together over the divide of the Meiji Restoration of 1868 Howell illustrates how a short roster of malleable explicitly superficial customs hairstyle clothing and personal names served to distinguish the civilized realm of the

Japanese from the barbarian realm of the Ainu in the Tokugawa era Within the core polity moreover these same customs distinguished members of different social status groups from one another such as samurai warriors from commoners and commoners from outcasts
