The Typology of Scripture; Or, The Doctrine of Types Investigated in Its Principles, and Applied to the Explanation of the Earlier Revelations of God, Considered as Preparatory Exhibitions of the Leading Truths of the Gospel Patrick Fairbairn, 1845

The Typology of Scripture Patrick Fairbairn, 1870 *Typology of Scripture* Patrick Fairbairn, 1960

Foreword by Peter M Masters This classic work examines typology not only as a biblical and theological subject but also in its connection with Christian doctrines and dispensations Two volumes in one *The Typology of Scripture, Volume 2* Patrick Fairbairn, 2017 There are few topics connected with Biblical interpretation which seem to be more in need of re investigation The old opinions have gone out of vogue without being replaced by any better or indeed by any other system so that the whole subject has been long in a most unsettled state This would be no great evil if typology were merely a matter of curious speculation but embracing as it does some of the most difficult and interesting questions of interpretation its perversion or neglect cannot fail to be attended by the most pernicious consequences Under these impressions which have long been forming in this book the difficulties of the subject are distinctly recognized and fairly appreciated The author is acquainted with the history of his subject He does not come to the discussion of it with a few ex parte notions gathered from some recent writer He knows not only where the difficulty lies but what attempts have heretofore been made for its removal This is volume two out of two *The Typology of Scripture* Patrick Fairbairn, 1854
