The Technique of Study Claude C. Crawford, 1928 *Trials and Triumphs of Golf's Greatest Champions* Lyle Slovic, 2016-05-19 Golf can be a vexing and cruel game and teaches us much about ourselves It has been described as a contest calling for courage skill strategy and self control It is a test of temper a trial of honor a revealer of character In the

end as with most of life success hinges on the character and spirit we possess But how would our tempers be tested if we suffered a career threatening injury from a near fatal car accident as Ben Hogan did in the prime of his life How would our honor be preserved if we faced constant derision and racism both on and off the golf course as Charlie Sifford encountered his entire career How would our character be revealed if cancer robbed us of the ability to play the game we loved as it did to Babe Didrikson Zaharias Would we give in to self pity or persevere and keep going In *Trials and Triumphs of Golf's Greatest Champions A Legacy of Hope* Lyle Slovic has pulled together the inspirational stories of six golfers and a caddy whose strength of character sustained them against the physical and emotional trials that threatened both their careers and lives In an era when many athletes have lost their luster as role models the people in this book Harry Vardon Bobby Jones Ben Hogan Babe Didrikson Zaharias Charlie Sifford Ken Venturi and Bruce Edwards offer lessons in perseverance dignity humility and faith Slovic tells each of their stories with rich detail including the childhoods that shaped their characters their rise in the world of professional golf the crises they faced in their lives their struggles to keep doing what they loved and their refusal to give up They had their flaws to be sure But when faced with a true test of will all showed a strength that inspired those around them The first book to gather the stories of these golfers into a single volume *Trials and Triumphs of Golf's Greatest Champions* offers a unique blend of characters who shared the same love for a game that gave them the courage and fortitude they needed to face whatever life threw their way This book will not only interest golfers and fans of the game it will also inspire those who have suffered their own personal setbacks and show them they are not alone in their trials

Science, Philosophy, and Jesus James Frederick Ivey M.D., 2018-01-30 It makes sense that the biblical God who is both good and goodness as such would necessarily want his human progeny to know him firsthand and he would also want to draw closer to them by walking a mile in their shoes providing for their eternal security and joy and enjoying mutual love with them So how does this good God make himself known to us and how can we draw closer to him In *Science Philosophy and Jesus* author and physician James Frederick Ivey draws on his extensive formal and continuing education and a fifty year medical practice heavy in counseling to provide a work of Christian apologetics written in conjunction with unbounded imagination but regulated by logical reasoning As the second volume in Dr Ivey's book series *The Inevitable Truth* this insightful apologetic explores the person of Christ the incarnation of the true God who left his realm of ultimate reality to enter illusory space time Dr Ivey shows that the message of Jesus supported by science and Plato can provide humanity with a new paradigm that will replace our selfishness with selfless love and giving We can know that God exists that he is unique and that he is indeed the biblical deity and by seeking him and his Son further we can draw closer to him in love and in faith all the while becoming transformed into new persons in Christ
