The Unbearable Bassington:

The Unbearable Bassington Saki, 1928 The Unbearable Bassington Saki, H. H. Munro, 2023-11-17

The Unbearable Bassington presents a curated selection of works that showcase the distinctive wit and satirical prowess of H H Munro better known by his pen name Saki. This collection encapsulates a range of literary styles from biting social commentary to the darkly comic reflecting the Edwardian society's intricacies and idiosyncrasies. Through the lens of Munro's sharp observation, this anthology highlights the absurdities of human nature and societal norms, making it a significant contribution to the canon of early 20th-century British literature. Notably, the inclusion of standout pieces illuminates Saki's mastery in short storytelling and trenchant critique. The contributing voices in this collection, primarily Saki's own across his varied literary personas, articulate a panorama of perspectives deeply embedded in the historical and cultural milieu of their time. Saki's work aligns with broader literary movements that skewer the veneer of respectability and decorum in Edwardian England, offering a rich tapestry of critique and humor that captivates and enlightens. His background as a journalist and observer of the absurd in everyday life enriches his narrative style, blending sophistication with a piercing insight into the human condition. The Unbearable Bassington is an invitation to readers to explore the multiplicity of themes that Saki unravels with incisive wit and stylistic elegance. This anthology offers an educational journey into a pivotal era of British literature, providing a broad spectrum of insights and reflections that spark dialogue among readers and scholars alike. Delving into this collection offers a unique opportunity to engage with the enduring legacy of Saki's work, promising both enlightenment and entertainment.

Francesca Bassington, mother of The Unbearable Bassington, was one of those women towards whom Fate appears to have the best intentions and never to carry them into practice. Fate had done her good service in providing her with Henry for a brother, but Francesca could well set the plagu- malice of the destiny that had given her Comus for a son. The boy was one of those untamable young lords of misrule; he was irresponsible and ungrateful, the focus of his corner of British society. And what could be done with him? Send him off to the colonies, was what.

The Unbearable Bassington H. Munro, Saki, 2017-04-04

The Unbearable Bassington was the first novel written by Saki. H H Munro and contains much of the elegant wit found in his short stories. Comus, The Unbearable Bassington, is a charming young man about town. His perversity, however, thwarts all his mother's efforts to advance his

prospects and lands him in hot water He is like many a black sheep that ends up being sent off to one of the colonies to fend for himself This novel showcases Saki s wonderful writing and that ability to be extremely comical and terribly sad at the same time

H. Munro,2013-10-03 Francesca Bassington sat in the drawing room of her house in Blue Street W regaling herself and her estimable brother Henry with China tea and small cress sandwiches The meal was of that elegant proportion which while ministering sympathetically to the desires of the moment is happily reminiscent of a satisfactory luncheon and blessedly expectant of an elaborate dinner to come In her younger days Francesca had been known as the beautiful Miss Greech at forty although much of the original beauty remained she was just dear Francesca Bassington No one would have dreamed of calling her sweet but a good many people who scarcely knew her were punctilious about putting in the dear Her enemies in their honester moments would have admitted that she was svelte and knew how to dress but they would have agreed with her friends in asserting that she had no soul When one s friends and enemies agree on any particular point they are usually wrong Francesca herself if pressed in an unguarded moment to describe her soul would probably have described her drawing room Not that she would have considered that the one had stamped the impress of its character on the other so that close scrutiny might reveal its outstanding features and even suggest its hidden places but because she might have dimly recognised that her drawing room was her soul Francesca was one of those women towards whom Fate appears to have the best intentions and never to carry them into practice With the advantages put at her disposal she might have been expected to command a more than average share of feminine happiness So many of the things that make for fretfulness disappointment and discouragement in a woman s life were removed from her path that she might well have been considered the fortunate Miss Greech or later lucky Francesca Bassington And she was not of the perverse band of those who make a rock garden of their souls by dragging into them all the stoney griefs and unclaimed troubles they can find lying around them Francesca loved the smooth ways and pleasant places of life she liked not merely to look on the bright side of things but to live there and stay there And the fact that things had at one time and another gone badly with her and cheated her of some of her early illusions made her cling the closer to such good fortune as remained to her now that she seemed to have reached a calmer period of her life To indiscriminating friends she appeared in the guise of a rather selfish woman but it was merely the selfishness of one who had seen the happy and unhappy sides of life and wished to enjoy to the utmost what was left to her of the former The vicissitudes of fortune had not soured her but they had perhaps narrowed her in the sense of making her concentrate much of her sympathies on things that immediately pleased and amused her or that

recalled and perpetuated the pleasing and successful incidents of other days And it was her drawing room in particular that enshrined the memorials or tokens of past and present happiness
