Between Friends John M. Najemy,2019-01-15 Between Friends offers the first extended close reading of the most famous epistolary dialogue of the Renaissance the letters exchanged from 1513 to 1515 by Niccolo Machiavelli and

Francesco Vettori John Najemy reveals the literary richness and theoretical tensions of the correspondence the crucial importance of the dialogue with Vettori in Machiavelli's emergence as a writer and political theorist and the close but complex relationship between the letters and Machiavelli's major works on politics Unlike previous and mostly fragmentary treatments of the correspondence this book reads the letters as a continuously developing collaborative text in which problems of language and interpretation gradually emerge as the critical issues Najemy argues that Vettori's skeptical reaction to Machiavelli's first letters on politics and provoked Machiavelli into a defense of language's power to represent the world a notion that soon become the underlying assumption of *The Prince* Later and largely through an apparently whimsical exchange of letters on love and the foibles of eros Vettori led Machiavelli to confront the power of desire in language which opened the way for a different essentially poetic approach to writing about politics that surfaces for the first time in the pages of the *Discourses on Livy* John M Najemy is Professor of History at Cornell University He is the author of *Corporatism and Consensus in Florentine Electoral Politics 1280-1400* North Carolina Originally published in 1993 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Johnny,2024-08-01 Salvation Manual Bible Made Easy through Questions and Answers for the book of Matthew is one of several books in the Salvation Manual Bible Made Easy through Questions and Answers series Like other books in the series it adopts a questions and answers pattern in identifying and breaking down biblical truths in a way that will be easily understood and internalised In a spectacular method of using questions and answers it unravels every message event and character from all the chapters in the book of Matthew The book consists of twenty eight chapters one for each chapter of the book of Matthew The questions and answers are placed at the end of each chapter to assess the degree to which the reader understands the chapter read as well as how much of the details of the chapter they retained The book makes the reader study every chapter of the book of Matthew in two directions the forward and reverse directions The chapter of the book of Matthew at the beginning of each chapter of this book is the first point of contact for the reader which they have to read and understand what is contained in the chapter After that are questions from the chapter and answers at the end of the questions with which the reader would test their knowledge of what they had read in that chapter These questions and answers segment presents the reader with problems which points them back to the Bible for confirmation or further studies the forward and reverse directions The approach to Bible studies presented in this book is remarkable as it will take its reader a step above regular Bible reading to be fully grounded in the details of the events and messages in the scriptures The book is a tool that can challenge one s knowledge of the scripture serve as a Bible study guide and reveal vital information that might have been overlooked or missed in the course of one s study of the scriptures
