The Terminology of the Vedas and European Scholars Guru Datta Vidyarthi (Pandit.),1893 TERMINOLOGY OF THE VEDAS AND EUROPEAN SCHOLARS PANDIT GURU DATTA. VIDYARTHI,2018 *The Terminology of the Vedas and European Scholars* Pandit Guru Datta Vidyarthi,2015-06-12 Excerpt from *The Terminology of the Vedas and European Scholars* With us the question of the terminology of the Vedas is of the highest importance for upon its decision will depend the verdict to be passed by the future world respecting the great controversy to rage between the East and the West concerning the supremacy of the Vedic philosophy And even now the determination of this question involves issues of great value For if the Vedic philosophy be true the interpretations of the Vedas as given at present by Professor Max Müller and other European scholars must not only be regarded as imperfect defective and incomplete but as altogether false Nay in the light of true reason and sound scholarship we are forced to admit their entire ignorance of the very rudiments of Vedic language and philosophy We are not alone in the opinion we hold Says Schopenhauer I add to this the impression which the translations of Sanskrit works by European scholars with very few exceptions produce on my mind I cannot resist a certain suspicion that our Sanskrit scholars do not understand their text much better than the higher class of school boys their Greek or Latin It will be well to note here the opinion of Swami Dayanand Saraswati the most profound scholar of Sanskrit of his age on the subject He says The impression that the Germans are the best Sanskrit scholars and that no one has read so much of Sanskrit as Professor Max Müller is altogether unfounded About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *The Terminology of the Vedas and European Scholars* by Pandiy Guru Datta Vidyarthi Guru Datta Vidyarthi,2016-10-27 The terminology of the Vedas and European scholars by Pandiy Guru Datta Vidyarthi is an unchanged high quality reprint of the original edition of 1893 Hansebooks is editor of the literature on different topic areas such as research and science travel and expeditions cooking and nutrition medicine and other genres As a publisher we focus on the preservation of historical literature Many works of historical writers and scientists are available today as antiques only Hansebooks newly publishes these books and contributes to the preservation of literature which has become rare and historical knowledge for the future **The Academy**,1880

Understanding World Religions Irving Hexham,2011-03-22 Globalization and high speed communication put twenty first century people in contact with adherents to a wide variety of world religions but usually valuable knowledge of these other traditions is limited at best On the one hand religious stereotypes abound hampering a serious exploration of unfamiliar philosophies and practices On the other hand the popular idea that all religions lead to the same God or the same moral life fails to account for the distinctive origins and radically different teachings found across the world s many religions Understanding World Religions presents religion as a complex and intriguing matrix of history philosophy culture beliefs and practices Hexham believes that a certain degree of objectivity and critique is inherent in the study of religion and he guides readers in responsible ways of carrying this out Of particular importance is Hexham s decision to explore African religions which have frequently been absent from major religion texts He surveys these in addition to varieties of Hinduism Buddhism Judaism Christianity and Islam The Academy and Literature ,1880 *The Terminology of the Vedas and European*
